## Here's Our Second Batch of the Year!

### ADOPTED

**CHARLIE:** at 63lbs, this gorgeous 10 ½ month old Black German Shepherd Mix girl will steal your heart. Charlie is good with other dogs and cats, and would be great with kids. She is full of energy, so will need a very active family to make sure she is able to release all that energy! (PAWS of GH)

**JORDAN:** this 1-2 year old Cattle Dog Mix was found as a stray. Jordan is okay with other dogs, and during the cat test didn't really show any attention. He weighs in at 53lbs and loves to run and play. He is intelligent, learning all his commands, and very loving and outgoing once he earns your trust. (HAVA)

**WINNIE:** is a gorgeous 1 year old Lab/Husky/Golden Retriever Mix. This beautiful girl has one brown eye and one brown and blue eye which is called heterochromia. Winnie is fun loving and energetic. She is good with children, cats, and other dogs – basically anything! Winnie loves the water and will need an active person or family to keep up with her. (HAVA)

### ADOPTED

**CHARLIE BUCKET:** is a 5 month old, pure bred Cocker Spaniel who weighs in at 16lbs. His fur is soft as silk and he is the sweetest thing on four legs. *French poodles did not originate in France but in Germany ("poodle" comes from the German pudel or pudelhund, meaning "splashing dog"). Some scholars speculate the poodle's puffs of hair evolved when hunters shaved the poodle for more efficient swimming, while leaving the pom-poms around the major joints to keep them warm.*

## And Quite the Diversified Group They Are!

**JUICE:** this big boy is only 7 months old, but already 83lbs. Juice is a Great Dane/Mastiff Mix, loves children, and gets along with cats and other dogs. Juice is the classic “gentle giant” and is very laid back, but can be a little shy at times. Juice will soon become person’s new best friend. (PAWS of GH)

**NINJA:** is a little over 1 ½ years old and is very unique looking due to his Akita/Husky Mix. It give him that extra bit of handsomeness! Ninja is very vocal when he plays, has a mind of his own, and is good with other dogs once introduced. He is a busy boy, so will need an active home. (PAWS of GH)

**STANLEY:** is a 2 ½ year old Heinz 57 mix. This affectionate little guy weighs in at 27lbs and is good with cats and small dogs. He also gets along with bigger dogs, but needs a proper introduction. Stanley would do best with a person or family who has had a dog before, as he is very boisterous. Stanley is a lover, and will make a great new family member. (HAVA)

**ADOPTED**

**PEBBLES:** is a 13 month, cute as a bug, Dachsund/Terrier Mix. When you go to pet her, she loves to roll on her back for tummy scratches. Pebbles is good with cats and dogs, but can get moody around other dogs – she likes to choose her friends. This little girl is a great lap dog and will soon steal your heart. (HAVA)

**ADOPTED**

**BAMBAM:** is Pebbles brother, and is a bit more stout than his sister. Obviously still 13 months old and the same mix, but he has a little thicker body than she does. Even so, he is full of energy and quite the quick runner! He is good with cats and dogs, learning his socialization skills, and loves attention. He will make his new forever family very happy. (HAVA)

Brigadoon recently graduated their first dogs! Snickers (Chocolate Lab) and Morgan (Catahoula Hound). They are moving to Bellingham to finish their training at the Brigadoon Training Center. SCCC's program is just one step (but a very important step) in a 24 month process to train and match these dogs.

- Puppy Raiser- socializing and health monitoring (0-7 months)
- SCCC Beginning Training- Teaches them "how to learn", basic commands, some specialized training for certain dogs, assessment of temperament, health monitoring. (7-18mos)

## ADOPTED
