INTRODUCTION

As your Secretary of State, one of my duties prescribed by law is to prepare this 1970 edition of the official Voter's Pamphlet containing the official ballot titles, full explanations, and complete text of the 8 state measures to be voted upon at the November 3, 1970 state general election.

Of these 8 measures, 2 are initiative measures (initiated directly by the people), 4 are legislative referendum bills (measures passed by the legislature, but referred by it to the people for decision), and 2 proposed constitutional amendments which must first be passed by at least two-thirds approval of the members of each branch of the legislature, then referred to the voters for final decision.

The official ballot titles and explanations have been prepared by the Attorney General as required by law. The statements for and against have been prepared by committees appointed under a procedure established by law. This office has no authority to evaluate their truth or accuracy.

I sincerely hope that this pamphlet will be helpful to you as you make the important decisions facing every voter on November 3. Extra copies may be obtained at the offices of city clerks, county auditors, public libraries or directly from the Election Division, office of the Secretary of State.

CERTIFICATION

As Secretary of State of the State of Washington, I hereby certify that I have caused the text of all laws, proposed measures, ballot titles, official explanations, etc. that appear within this publication to be carefully compared with the original such instruments now on file in my office and find them to be a full and true copy of said originals.

Witness my hand and the seal of the State of Washington this 21st day of September, 1970.

A. LUDLOW KRAMER
Secretary of State

Official ballot title:*

STATE TAXATION— TO REGULATE IMPOSITION

An initiative declaring that existing taxes imposed by the state of Washington shall not be increased and that no new or additional taxes shall be imposed by the state of Washington.

*Ballot Title as issued by the Attorney General.

Statement **FOR**

Highest taxes in history are coming!

Experts say state taxes could go up 400% by 1975. #251 can stop that NOW. The alternative is unlimited taxes for unlimited spending by unlimited government paid for by YOU—the unlimited taxpayer.

UNEMPLOYMENT AND WORKMEN'S COMPENSATION ARE NOT AFFECTED. #251 limits state revenue producing tax rates and prohibits imposing new taxes.

Government must learn to live on its income, just as you and I!

The present percentage rates for state taxes are enough! State revenue grows with prosperity and population. #251 will not reduce state revenue, nor reduce existing state services. The legislature can determine priorities for needed tax spending.

Stop waste of tax dollars!

Limiting state taxes will force efficiency and economy and bring any new taxes (including real estate) back to the local level, where you can vote and directly control how your tax dollars are spent.

Limit Taxes—Vote for #251

42¢ of every dollar YOU earn goes for taxes! Everything YOU earn from January 1 to June 3 goes for taxes. YOU pay 151 hidden taxes on a loaf of bread. Only people pay

taxes! Every tax increase causes more inflation.

Limit Taxes—Vote for #251

"The power to tax is the power to destroy." History proves excessive taxation will destroy private ownership of property and YOUR right to own or keep anything.

Do not be confused!

#251 is constitutional! No taxes are "suspended." The constitution provides the real estate 40 mill tax limit, which began as an initiative. The legislature limited real estate taxes at 22 mills—1970, 21 mills—1971.

Art. II, Sec. I, Washington State Constitution says the people reserve the full right and power to propose and enact laws at the polls "independent of the legislature." "(a) the first power reserved by the people is the initiative."

USE YOUR RIGHT TO LEGISLATE! LIMIT TAXES! VOTE FOR #251. Detailed information: P.O. Box 1576, Bellevue, Wash. 98009. Tel. (206) 454-3262.

Committee appointed to compose statement **FOR** Initiative Measure No. 251:

VICK GOULD, Sponsor and Committee Chairman, Bellevue; SAM GUESS, State Senator, Spokane; JOHN M. FLUKE, President, John Fluke Manufacturing Co., Inc., Seattle.

Advisory Committee: CARLTON GLADDER, State Representative, Spokane; PALMER G. LEWIS, Board Chairman, Palmer G. Lewis Co., Inc., Seattle; S. J. AGNEW, Owner, Agnew Lumber Co., Centralia; LAURENCE MELLER-GAARD, Cattleman, Ellensburg; MRS. VESTA CUTTING, Employment Consultant, Seattle.

The Law as it now exists:

The state's power of taxation, as provided for in the state constitution, is limited only by provisions contained in the state and federal constitutions; for example, the 40 mill limit and the requirement of uniformity for property taxes, as set forth in the state constitution, and the equal protection clause of the federal constitution. Furthermore, Article VII, § 1 of the state constitution provides: "The power of taxation shall never be suspended, surrendered, or contracted away."

**Effect of Initiative Measure No. 251
if approved into Law:**

This initiative, without an amendment to the constitution, proposes to establish additional limitations on the state's taxing power. If approved by the voters, and upheld as constitutional by the court, it would prohibit the legislature from enacting any increases in the rates of present state taxes or from enacting any new state taxes. However, the legislature would remain free to authorize new local taxes and increases in existing local taxes, including the property and sales tax.

Note: Complete text of Initiative Measure No. 251 appears on page 22.

Statement **AGAINST**

Local Property Taxes Could Be Increased

The principal argument against Initiative 251 can be summarized in one sentence. *With a freeze on all forms of taxes levied by the state, the burden for any additional support of government programs would be shifted to the local property tax* **SINCE THE PROPERTY TAX IS A LOCAL TAX AND WOULD NOT BE SUBJECT TO THE RESTRICTIONS PROPOSED IN INITIATIVE 251.**

Impairs State Programs

Initiative 251 would seriously impair a large number of desirable and essential state programs. *For example:* any future Veteran's Bonus (because, in all likelihood, cigarette tax revenues which presently support this program would be diverted to the State's general fund); any additional support of mental health and mental retardation programs, including community programs presently supported by state funds; any additional support for state universities, colleges and community colleges; and any additional assistance to local governments. All of these vital functions of state government would be greatly restricted.

Non-Constructive Legislation

Initiative 251 is not a constructive approach to the limitation of state spending, nor does it prevent overall government spending—

simply because it does not place any limitation at all on local property taxes. And it means that, no matter how desperately they are needed, no new state programs of any kind can be initiated in the State of Washington. Initiative 251, unlike HJR 42—the tax reform issue—does not offer an alternative solution and does not offer constitutional limitation on local property taxes.

*Committee appointed to compose statement **AGAINST**
Initiative Measure No. 251:*

FRANCIS E. HOLMAN, State Senator, 1st Leg. Dist., Seattle; ROBERT L. CHARETTE, State Representative, 19th Leg. Dist., Aberdeen; A. J. "BUD" PARDINI, State Representative, 6th Leg. Dist., Spokane.

Dist., Washington State Labor Council, AFL-CIO, Olympia; ALFRED O. ADAMS, M.D., former State Representative, 6th Leg. Dist., Spokane; HARRY J. PRIOR, Management Consultant, Seattle.

INITIATIVE MEASURE 256

Official ballot title:*

PROHIBITING CERTAIN NONREFUNDABLE BEVERAGE RECEPTACLES

An act prohibiting the sale or distribution of beer or any other malt beverage, or of any nonalcoholic mineral water, soda water, or other carbonated or uncarbonated beverage (commonly known as soft drinks) for consumption in this state in cans, bottles, jugs, tubs, vessels or other receptacles not having a refund value of at least five cents for each such container.

*Ballot Title as issued by the Attorney General.

Statement **FOR**

The Problem and the Facts:

Americans waste over 110 million beverage containers daily. Washingtonians throw away about 2 million bottles and cans each day. Washington taxpayers spend well over \$1,000,000 annually collecting litter. Beverage containers are 80% of the permanent litter. The deposit system works when used—a Mt. Vernon bank offered two cents each and received 550,000 containers in one day (July, 1970).

The Solution:

"We are convinced that the best answer to solid waste is recycling—finding a way to use the material again. . . ."

Ellison L. Hazard, President
Continental Can Company

Committee appointed to compose statement **FOR** Initiative Measure No. 256:

ROBERT H. KELLER, JR., Sponsor, Bellingham; RICHARD G. MARQUARDT, State Senator, Seattle; NAT WASHINGTON, State Senator, Ephrata.

Advisory Committee: HOWARD E. NELSON, Secretary, Washington State Sportsmen's Council; MRS. JOE E. WOLFF, President, Washington Federation of Garden Clubs; BILL CLEMENT, Owner, Al's Savewell Food Stores; JACK ROBERTSON, President, Washington State Environmental Council; A. LARS NELSON, Master, Washington State Grange.

The Law as it now exists:

There is no law in this state requiring that the sale or distribution of beer, malt beverages or non-alcoholic beverages be in refundable containers.

Effect of Initiative Measure No. 256

if approved into Law:

The proposed act would require that beer or other malt beverages or soft drinks distributed or sold for off-premise consumption be in a container having a refund value of at least five cents. Violations of the act would constitute a misdemeanor. Use of containers in violation of the act would be a public nuisance and would be subject to abatement as such. Also, the state and local boards of health are authorized to suspend "appropriate licenses."

Note: Complete text of Initiative Measure No. 256 appears on page 22.

Statement **AGAINST**

Five Good Reasons to Vote Against Initiative 256

1. It won't work.

Deposits on beverage containers, which are only a small part of the litter problem in the first place, have never discouraged littering and there is no reason to think they will now.

2. It is unreasonable, unrealistic and leaves vital questions unanswered.

Why require deposits on paper cups with soft drinks in them but not on paper cups with coffee in them? Why on grocery cartons of soft drinks but not on the same cartons of milk? Why on fruit juice cans and not on vegetable juice cans? Where are deposits collected? Where are refunds given? Who collects all the cans that are of no value to anybody after they are used? And who pays for hauling them away to the garbage dump?

3. It unfairly penalizes people who don't litter.

Citizens who use garbage cans and litter barrels would have to save their trash and cart it someplace for refunds.

4. It threatens another devastating blow to Washington's economy.

The result would be higher prices, lower sales, reduced employment and reduced tax revenue for needed services. The people should not have to pay the consequences for a measure whose ineffectiveness is predictable.

5. It discriminates against certain products and the people who buy them.

In fact, in a paradox that is hard to understand, it is especially aimed at products that NOW are available in deposit containers by customer choice.

Statement **FOR**

Abortion Reform—Six good reasons why you should vote "for":

Freedom of Choice

The decision to bear children is a basic human right. No law or government should be able to tell you whether or not you must bear a child!

Prevention of cruelty to mothers

The present law says that except to save the life of the mother it is a *crime* for any woman to have a pregnancy terminated. Even though it may be the result of rape or incest! Even though a woman may be economically, physically or psychologically incapable of caring for her child! Even though there is a high probability of an infant with severe mental or physical deformity!

Prevention of cruelty to children

It is cruel to bring unwanted children into this world. It is cruel to use innocent babies as retribution or punishment. A still deeper tragedy—consider the numbers of unwanted children born to parents who beat and abuse them.

An end to hypocrisy

Women who have money can safely and legally leave our state and obtain abortions elsewhere. Girls and women who don't have the economic means resort to back-alley or

self-inflicted abortions. Many are permanently crippled. Contraception sometimes fails.

A humane and compassionate solution

Read Referendum 20! It *does not* represent so-called "abortion on demand". It *does* free the medical profession to deal responsibly with women in crisis.

Endorsed by doctors, lawyers and clergy

Referendum 20 is overwhelmingly endorsed by professional people who confront the problems of unwanted pregnancies in their daily work. Medical and nursing associations, attorneys, adoptive agencies, social workers, the Washington PTA and Council of Churches—these are just some of the groups who urge the passage of this referendum.

**Let's put an end to a cruel and hypocritical law—
vote for abortion reform.**

*Committee appointed to compose statement **FOR** Referendum Bill No. 20:*

JOEL PRITCHARD, State Senator; LOIS NORTH, State Representative; DAVID SPRAGUE, State Representative.

Advisory Committee: ROBERT B. HUNTER, M.D., Past President, Washington State Medical Association; Rev. EVERETT J. JENSEN, General Secretary, Washington State Council of Churches; W. O. ROBERTSON, M.D., Chairman, Catholics for Individual Responsibility Concerning Abortion; Mrs. W. O. CREIGHTON, President, Washington Congress of Parents and Teachers; BETTY B. FLETCHER, President, Children's Home Society of Washington.

*Explanatory comment issued by the
Attorney General as required by law*

The Law as it now exists:

Under present law it is a criminal offense for any person, including the prospective mother, herself, to cause intentionally the termination of any pregnancy unless it is necessary to do so in order to preserve her life or the life of the fetus.

Effect of Referendum Bill No. 20 if approved into Law:

If approved, the act will authorize, but not require, a licensed physician to terminate the pregnancy of a woman if all of several conditions exist. First, the pregnancy may be terminated only if the woman is "not quick with child," that is, if she has not felt the first movements of the fetus. In any event, the termination must take place within four lunar months after conception.

Second, the consent of the woman must be obtained. If she is married and residing with her husband, his consent must also be obtained. If the woman is unmarried and under the age of eighteen, the consent of her legal guardian is necessary.

Third, the woman requesting the termination must have resided within the state of Washington for at least ninety days prior to the date of termination.

Fourth, the termination may only be performed in an accredited hospital or approved medical facility, unless the physician determines that the termination is immediately necessary to meet a medical emergency. Any physician who violates this provision is guilty of a gross misdemeanor.

The act further provides that no hospital, physician, nurse, hospital employee, or any other person shall be required to participate in any termination of pregnancy, and that any person refusing to participate shall not be discriminated against in employment or professional privileges because of that refusal.

Statement AGAINST

The baby's heart begins to beat in the first twenty-two days. At one month he has grown ten thousand times his original size. At seven weeks he is a well-proportioned small-scale baby. From the beginning he has all his inherited characteristics from both parents. By the third month his facial features are delicately formed. He can turn his head, squint, frown and may even struggle for breath.

At four lunar months, a marvel of perfection

Referendum 20 is especially cruel because it allows the new child to be destroyed up to the pre-natal age of four months. The fourth month unborn baby is roughly the size of your fist. He is a tiny boy or girl. He is very much alive. His eyes are about to open and he will soon utter his first sound. He sucks his thumb. His skin is sensitive and he squirms to avoid pain. He has a determined instinct to survive.

A giant step backward for mankind

In abortion the child experiences a violent death. By whatever means, curretage, saline solution or suction, the result is the same; a human life is ended.

Abortion-on-demand as proposed under Referendum 20 is not enlightened social change. It is ironic that the most creative, humane and progressive nation now con-

siders abortion, a decadent backward means as a solution to its social problems.

Abortion-on-demand—a product of panic

The solution to unwanted children lies not in killing the child. Birth control, family planning and education all provide reasonable alternatives. We are making strong progress with these and other humane solutions now. Referendum 20 would halt this progress.

Make a conscientious judgment

Common sense dictates that under the provision dealing with medical emergency it will increase "back room" abortions, not prevent them. Fathers can be deprived of their rights. Read the bill carefully. Society must hold all human life sacred or no life is safe. Vote NO.

Committee appointed to compose statement AGAINST Referendum Bill No. 20:

ROBERT C. RIDDER, State Senator; MARGARET (MRS. JOSEPH) HURLEY, State Representative; A. JOHN NICHOLSON, Attorney.

OUTDOOR RECREATION BONDS—SALES; INTEREST

AN ACT amending a law approved by the voters in 1968 which authorized the sale of \$40,000,000 in bonds for the acquisition and development of outdoor recreation areas and facilities; deleting a requirement in the original act that these bonds be sold prior to January 1, 1975; removing the 6% maximum interest rate payable on said bonds and substituting therefor a provision that the state finance committee shall fix the maximum interest rate.

Vote cast by members of the 1970 Legislature on final passage:

SENATE: (49 members) Yeas, 31; Nays, 15; Absent or not voting, 3.

HOUSE: (99 members) Yeas, 90; Nays, 3; Absent or not voting, 6.

*Ballot Title as issued by the Attorney General.

Statement **FOR**

Background of Bonds for Outdoor Recreation

In November 1968, the people of the State of Washington passed Referendum 18 by a margin of 409,160 votes. This bond issue authorized \$40,000,000 for the acquisition/development of critically needed outdoor recreation areas/facilities throughout the State. Referendum 18 funds are used to match more than twice this amount of other federal, state, and local funds.

Referendum 18, contains standard provisions which limit the interest which may be paid to 6% and requires the sale of the bonds within a specified period of time.

Why Referendum 21 is needed

Interest rates have risen sharply, however. It is now necessary to pass Referendum 21 to realize the benefits sought by the voters when they approved Referendum 18 two years ago.

Acquisition and development of parks, wildlife areas, golf, camping and boating facilities, neighborhood playgrounds, and swimming beaches for which Referendum 18 funds are to be used should not be delayed. The need to meet this demand was overwhelmingly reaffirmed by the voters in 1968. These needs have only intensified with the passage of time. Many of the best sites are being sold each year for other purposes. Once lost, they are gone forever. Construction costs are also

escalating rapidly. In addition, inflation is continually shrinking the purchasing power of Referendum 18 funds.

How Referendum 21 will work

Referendum 21 will allow the interest rate to be set by competitive bidding under the supervision of the State Finance Committee. The removal of the time limit for the sale of the bonds will give the State Finance Committee the flexibility to take best advantage of changing bond market conditions.

Referendum 21 would authorize the sale of these bonds in the event they cannot be sold within the 6% limitation.

Committee appointed to compose statement FOR Referendum Bill No. 21:

GORDON SANDISON, State Senator; FRANK W. FOLEY, State Senator; ROBERT F. GOLDSWORTHY, State Representative.

Advisory Committee: THOMAS O. WIMMER, Past President, Washington State Environmental Council, Seattle; BROCK EVANS, Federation of Western Outdoor Clubs, Seattle; DR. RICHARD W. VAN DRIEL, Legislative Chairman, Washington State Sportsmen's Council, Everett; WILFRED WOODS, Publisher-Conservationist, Wenatchee; MARVIN B. DURNING, Former Chairman, Interagency Committee for Outdoor Recreation, Seattle.

The Law as it now exists:

The people at the 1968 general election approved Referendum Bill No. 18. This law authorized the sale of general obligation bonds prior to January 1, 1975, in an amount up to \$40 million, for the acquisition and development of outdoor recreation areas and facilities in this state. The proposition was submitted to the people because under our constitution, with certain exceptions not here involved, a law authorizing the state to contract debts through the issuance of general obligation bonds cannot take effect until after it has been approved by the people.

The law, having received a favorable vote, is now effective and the state finance committee is authorized thereunder to proceed with the sale of the bonds. However, the law expressly limits the maximum interest rate which may be paid on the bonds to six percent (6%) per annum.

Effect of Referendum Bill No. 21 if approved into Law:

By chapter 40, Laws of 1970, the legislature has provided that unless all the bonds authorized by Referendum Bill No. 18 are sold on or before September 2, 1970, then two sections of a 1970 law, now designated as Referendum Bill No. 21, are to be submitted to the people seeking approval of the following changes in the original law: (1) Deleting the requirement that bonds be sold prior to January 1, 1975; and (2) removing the provision fixing the maximum rate of interest at six percent and substituting therefor a provision that the state finance committee shall fix the maximum interest rate. If approved, the effect of this referendum bill will simply be to provide for these changes.

STATE BUILDINGS—BONDS—SALES; INTEREST

AN ACT amending a law approved by the voters in 1968 which authorized the sale of \$63,059,000 in bonds to finance various building projects for institutions, general administration and certain higher education facilities; deleting a requirement in the original act that these bonds be sold prior to January 1, 1972; removing the 6% maximum interest rate payable on said bonds and substituting therefor a provision that the state finance committee shall fix the maximum interest rate.

Vote cast by members of the 1970 Legislature on final passage:

HOUSE: (99 members) Yeas, 94; Nays, 2; Absent or not voting, 3.

Statement **FOR**

New facilities approved by voters in 1968

In 1968, the voters passed Referendum 19, a \$63,059,000 bond issue for new facilities at all four-year institutions of higher learning, including the new Evergreen State College, at the state schools for the retarded and handicapped, at correctional institutions, and for the state library.

Changed economic conditions require new vote

Referendum 19 contained standard technical provisions which limit the interest rate to 6% and set a deadline for the sale of the bonds. Interest rates have risen sharply, however. It is now necessary to pass Referendum 22 to realize the benefits sought by the voters when they approved Referendum 19 two years ago.

The early sale of an initial block of bonds during a more favorable bond market has financed construction to this time. As construction proceeds, plans must be made for the sale of the balance of these bonds.

Building needs have intensified

Construction of these projects must not be interrupted. Their need was evident to the Legislature in 1967 and reaffirmed by the voters in 1968. These needs have only intensified with the passage of time. In addition, the basic economic conditions which produce high interest rates also cause inflation which

is continually shrinking the purchasing power of the amounts authorized in Referendum 19.

Referendum 22 will assure economical funding

Referendum 22 has been placed on the ballot by the 1970 Legislature to assure economical permanent funding by allowing the interest rate to be set by competitive bidding under the supervision of the State Finance Committee. In addition, by removing the deadline for the sale of these bonds, the voters will give the Finance Committee the flexibility to take best advantage of changing bond market conditions.

Referendum 22 would authorize the sale of these bonds in the event they cannot be sold within the 6% limitation.

Committee appointed to compose statement FOR Referendum Bill No. 22:

GORDON SANDISON, State Senator; FRANK W. FOLEY, State Senator; ROBERT F. GOLDSWORTHY, State Representative.

Advisory Committee: Citizen's Committee for Referendum Bill No. 22—JOHN RUPP, State Chairman; MRS. GEORGE N. PRINCE, Vice Chairman; DR. C. CLEMENT FRENCH, Vice Chairman; JOHN F. BEHNKE, Member; DON C. DOWNEN, Member.

The Law as it now exists:

The people at the 1968 general election approved Referendum Bill No. 19. This law authorized the sale of general obligation bonds prior to January 1, 1972, in an amount up to \$63,059,000 to finance various building projects for the department of general administration, the department of institutions, and certain state institutions of higher education. The proposition was submitted to the people because under our constitution, with certain exceptions not here involved, a law authorizing the state to contract debts through the issuance of general obligation bonds cannot take effect until after it has been approved by the people.

The law, having received a favorable vote, is now effective and the state finance committee has sold \$15,000,000 of the authorized issue. The finance committee is authorized under the law to proceed with the sale of the remaining bonds. However, the law expressly limits the maximum interest rate which may be paid on the bonds to six percent (6%) per annum.

Effect of Referendum Bill No. 22 if approved into Law:

By chapter 66, Laws of 1970, the legislature has provided that unless all the bonds authorized by Referendum Bill No. 19 are sold on or before September 2, 1970, then three sections of the 1970 law, now designated as Referendum Bill No. 22, are to be submitted to the people seeking approval of the following changes in the original law: (1) Deleting the requirement that bonds be sold prior to January 1, 1972; and (2) removing the provision fixing the maximum rate of interest at six percent and substituting therefor a provision that the state finance committee shall fix the maximum interest rate. If approved, the effect of this referendum bill will simply be to provide for these changes.

*Note: Complete text of Referendum Bill No. 22 starts on

Statement AGAINST

Referendum 22 would remove interest ceilings on these bonds entirely and thereby eliminate the safeguard of a specified maximum interest rate to be charged to the taxpayers.

These are tax-free municipal bonds and could be sold at the 6% authorized rate. \$15,000,000 of them were sold at that rate. No attempt has been made to sell the rest.

This referendum is not needed. It is inflationary. It is dangerous. It should be defeated.

NOTE: State law provides that in the instance of a referendum bill, the committee appointed to write a statement, either for or against the proposal, should consist of at least one state senator and one state representative. Official ballot title:*

POLLUTION CONTROL BONDS—SALES; INTEREST

AN ACT amending the law approved by the voters in 1968 which authorized the sale of \$25,000,000 in bonds for aid in the construction and improvement of water pollution control facilities; deleting the requirement in the original act that these bonds be sold prior to January 1, 1971; removing the 6% maximum interest rate payable on said bonds and substituting therefor a provision that the state finance committee shall fix the maximum interest rate.

Vote cast by members of the 1970 Legislature on final passage:

SENATE: (49 members) Yeas, 46; Nays, 1; Absent or not voting, 2.

HOUSE: (99 members) Yeas, 90; Nays, 3; Absent or not voting, 6.

*Ballot Title as issued by the Attorney General.

Statement **FOR**

In 1968, the voters approved bonds for water pollution control

The people of Washington State, in 1968, passed Referendum 17 by the largest margin of any initiative or referendum on the ballot. With a 75% approval (845,372—Yes/276,161—No), voters authorized a \$25,000,000 bond sale to assist local government in the construction of water pollution control facilities.

Referendum 17 contained a provision limiting to 6% the interest rate on bonds sold. Additionally, it provided that all bonds must be sold by January 1, 1971. Because of rising interest rates the State has been unable to sell those bonds.

These bonds are needed to help local government keep our water clean

It is critical to the success of efforts to enhance water quality and reduce pollution that the bonds be saleable. Moneys will then be available for required municipal projects.

The State of Washington, through its Department of Ecology, has undertaken a program of water quality improvement. Included is the requirement that local governmental units construct—during 1968-1973—municipal water pollution control facilities (estimated \$108,000,000 cost). Proceeds of the bonds authorized under Referendum 17 are to be used as an important state contribution to assist in financing these vital local government activities.

How Referendum 23 will help

A "Yes" vote for Referendum 23 will insure the availability of these moneys. It does this in two ways: (1) it removes the 6% interest limitation; (2) it deletes the requirement that bonds must be sold by January 1, 1971.

Referendum 23 does not authorize any new bonds

Referendum 23 does *not* authorize the sale of any new bonds. It does make saleable the bonds so overwhelmingly approved by the people in 1968.

Municipal water pollution control facility construction is needed to insure public health and continue the effort to keep our waters clean. Referendum 23 is an outstanding investment in a better natural environment for all.

Committee appointed to compose statement FOR Referendum Bill No. 23:

GORDON SANDISON, State Senator; FRANK W. FOLEY, State Senator; ROBERT F. GOLDSWORTHY, State Representative.

Advisory Committee: WHEELER GREY, Past President, Seattle Chamber of Commerce; MRS. RICHARD MARCHISIO, President, League of Women Voters; HOWARD NELSON, Secretary, Washington State Sportsmen's Council; FRANK RANDALL, President, Washington State Association of Counties; MRS. MORTIMER THOMAS, Washington State Environmental Council.

**Effect of Referendum Bill No. 23
if approved into Law:**

The Law as it now exists:

The people at the 1968 general election approved Referendum Bill No. 17. This law authorized the sale of general obligation bonds prior to January 1, 1971, in an amount up to \$25 million dollars to finance grants by the Pollution Control Commission to public bodies, in conjunction with federal grants authorized pursuant to the federal water pollution control act, for the purpose of aiding in the construction of water pollution control facilities. The proposition was submitted to the voters because under our constitution, with certain exceptions not here involved, a law authorizing the state to contract debts through the issuance of general obligation bonds cannot take effect until after it has been approved by the people.

The law, having received a favorable vote, is now effective and the state finance committee is authorized thereunder to proceed with the sale of the bonds. However, the law expressly limits the maximum interest rate which may be paid on the bonds to six percent (6%) per annum.

By chapter 67, Laws of 1970, the legislature has provided that unless all the bonds authorized by Referendum Bill No. 17 are sold on or before September 2, 1970, then one section of the 1970 law, now designated as Referendum Bill No. 23, is to be submitted to the people seeking approval of the following changes in the original law: (1) Deleting the requirement that bonds be sold prior to January 1, 1971; and (2) removing the provision fixing the maximum rate of interest at six percent and substituting therefor a provision that the state finance committee shall fix the maximum interest rate. If approved, the effect of this referendum bill will simply be to provide for these changes.

Statement **AGAINST**

No member of the 1970 Legislature could be enlisted by the Speaker, House of Representatives, or by the President, State Senate, to write a statement against Referendum Bill No. 23 for publication in this pamphlet.

A WORD ABOUT THE CANDIDATES' PAMPHLET . . .

The Secretary of State of the State of Washington is required by law to publish a Candidates' Pamphlet preceding each state general election.

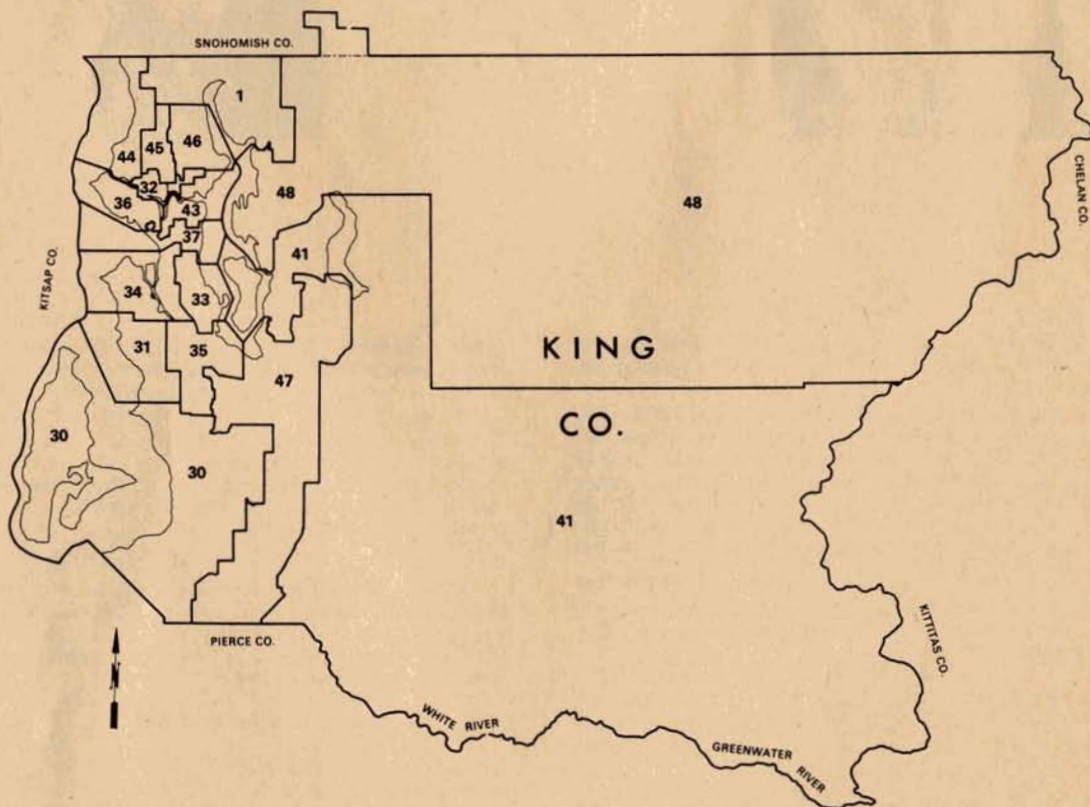

Your copy of the 1970 Candidates' Pamphlet is enclosed. In preparation of this pamphlet the Secretary of State's office has given the opportunity to every nominee for a contested state or Federal office to provide a photograph and statement of qualifications.

This pamphlet has been published in four editions to minimize overlapping. It contains the material submitted by candidates for whom you will be voting on November 3, 1970 so that each voter will have the opportunity to evaluate what the candidates have to say on qualifications and issues. The Secretary of State has no authority to comment on the accuracy of any statements made in the Candidates' Pamphlet.

United States Senator

State of Washington

**Henry M.
JACKSON**

Democrat
U. S. Senate

What others say about Senator Jackson is a testimonial to his great service to our state and country. For example:

"Jackson may make his biggest contribution to the nation in the area of natural resources. As chairman of the Senate Interior Committee, he has done much to strengthen our national parks, protect and develop our waterways, establish rational policies on water, promote development of hydroelectric power, foster development of lands, help the Indians, etc."

Vancouver Columbian, 10/17/69

"... he is a first class senator, an extremely sensitive politician. ... Jackson is among the very best in Congress."

Shelby Scates, Seattle P-I, 7/9/70

"He has distinguished himself in studies through committees on improving the complex administrative structure of government, including the Pentagon."

Seattle Times, 12/5/67

"You will have to search high and low in the Senate before you find a man with a better, and more consistent voting record than Senator Jackson's."

Enumclaw Courier Herald, 6/17/69

"Men who consistently prefer big ideas to political trivia, and who promote intelligence over self-

display, deserve the notice of their countrymen—to whom Henry Jackson is hereby commended."

Columnist Holmes Alexander,
Everett Herald, 7/6/66

"Jackson has gained a long measure of influence in Washington: Chairman of the Interior Committee and an influential member of the Armed Services and the Atomic Energy Committee, he shows no sign of slowing up personally."

Wilfred R. Woods,
Wenatchee World, 1/10/62

"... it was Senator Jackson, as chairman of the Interior Committee, who got through Congress a 10-year moratorium against the Department of Interior even studying plans for diverting water from the Columbia to the Colorado."

Tri-City Herald, 12/11/68

"He has been meticulously honest ..."

Argus, 7/10/70

"Jackson has the credentials to speak about the environment as a nationally recognized conservationist. He was busy in the field before some of today's sidewalk orators on the subject knew how to spell ecology."

Tom Ochiltree,
Daily Olympian, 7/12/70

"A Statesman of uncommon quality."

**Charles W.
ELICKER**

Republican
U. S. Senate

Like the man he so closely resembles, Theodore Roosevelt, State Senator Charles Elicker is a champion of individual responsibility and a non-nonsense approach to the foreign and domestic affairs of the nation.

He is appalled by the tendency in the United States to drift into "interlocking military-industrial" relationships which dictate the lives and futures of millions of Americans. He is deeply concerned by the widening chasm between the young, the silent middle and the elderly; between the affluent and the poor; between the majority and the increasingly militant minorities.

Charles Elicker wants this nation to achieve peace abroad and to turn to the major task of making peace at home. "We should never have been in Viet Nam in the first place. We were warned against involvement by people like General Douglas MacArthur, just as we were warned about the military-industrial complex by President Dwight D. Eisenhower. It's time for the people of this nation to rise up with courage, to accept the wisdom of the past and begin—all over again—to create a future worth living for."

United States Senator

**William (Bill)
MASSEY**

Socialist Workers
U. S. Senate

The Socialist Workers party opposes the Democratic and Republican parties. They do not represent the interests of the majority of the American people. They represent the small minority perpetuating racism at home and wars abroad.

Our program is:

Bring all the troops home from Southeast Asia now! support the mass antiwar movement; abolish the draft; free speech for GIs. Black control of the Black community—Chicano control of the Chicano community—this means the right to control their political, cultural, economic, and educational institutions. Full indemnification for native American Indians. End police repression of minorities—support community control of police. We defend the right of Blacks and Chicanos to arm for self-defense. We support the formation of an all black mass independent political party, and the Chicano political party, La Raza Unida.

Full equality for women—free abortion on demand. We support the Abortion Referendum despite its imperfections. Free child care centers for all. Equal pay for equal work. Write women back into history.

Support Labor's fight against unemployment and inflation—shorter work week at no cut in pay to provide jobs for all. Unemployment compensation at union scale for the full period of unemployment.

Immediate cost of living increases for all working people. Cut corporate profit, not workers jobs. Build a labor party based on the unions.

Stop corporate pollution—capitalist industry is responsible for pollution; a 100% tax should be applied to all pollutant industries. For a democratic Socialist America—nationalize all corporations and banks under democratically elected workers' committees. A planned economy by the majority not for the profit of the few. Bill Massey is a former sergeant in the U. S. Marine Corps. He was active in the civil rights movement and was jailed in Albany, Georgia. He has been active in the mass antiwar movement.

**Edison S. (Pinky)
FISK**

Buffalo Party
U. S. Senate

The buffalo for centuries meant survival to the natives of this continent. Whether the buffaloes would survive wasn't even considered, except by Indians, until after they were nearly exterminated. The expansion and exploitations of man caused the buffaloes' slaughter in very much the same way we are now destroying the world and its basic systems that have meant our survival for so long. Just once, let's do something constructive before it's too late to make any difference.

My platform speaks of: Rational population control. A real guaranteed income (mini-grants). World law and peace. Garbage, pollution controls. Legal controls on technology. A non-interfering foreign policy. Minority access to the media. An emphasis on mass education. Fail-safe civil liberties.

Platform: P. O. Box 41, Bremerton, Wn. 98310.

United States Representative

First Congressional District

**David A.
HUGHES**

Democrat
1st Cong. Dist.

The torch must be passed to a new generation of responsible, energetic Americans. In our District, David Hughes is that American.

Graduated from Bothell Hi and U. of W., Hughes was one of President Kennedy's first foreign service appointees in 1961 served with distinction in South America and Asia, earning high-level commendations.

But Hughes is concerned with more than international affairs. He is concerned about jobs and the inflation-recession of Nixonomics. He is worried about the too-little, too-late approach of some Congressmen toward pollution. He is concerned about the rising cost of medical care and the need for national health insurance.

Hughes will fight against anti-labor legislation (former union member, wood products industry). Dave Hughes is concerned about ending the Vietnam war and about money spent for arms, rather than for cities and education. Appalled by unresponsiveness in Congress, Hughes will hold four public meetings a year in the District. He's worried, too, about the unceasing rise in crime.

He is a man of energy, ability, and integrity—a hard worker. He'll represent us all.

**Tom
PELLEY**

Republican
1st Cong. Dist.

Experience, dedication, integrity and a dynamic energy have been the principal qualities of the representation the First District has received for the past 18 years from Tom Pelly. The result is that the First District has a Representative in Congress who has the knowledge to achieve, the friends to accomplish, and the ability to acquire.

Tom Pelly has risen to high positions in the House on committees vital to the economy of Washington. He is the ranking member of the Advanced Research and Technology Subcommittee of the Science and Astronautics Committee, and he is the only Member of Congress from the Pacific Northwest on this committee which is so important to the aerospace industry.

He also maintains the highest rank in his party on the Fish and Wildlife Conservation Subcommittee of the House Merchant Marine and Fisheries Committee; another assignment essential to Puget Sound. It was through this committee that Tom Pelly guided the new merchant marine shipbuilding program which he had a hand in creating.

He also is a vigorous supporter of conservation, Tom Pelly was the first Congressman to introduce the President's entire package of environmental legislation.

Tom Pelly must be kept on the job. Sponsored by the Pelly for Congress Committee, Alan Hoeltling, Chairman, 2627 Eastlake Avenue East, Seattle, Washington 98102.

The unemployment rate in Seattle is now as great as the national average during the Great Depression. Thousands of people are unemployed through no fault of their own, while Boeing's profit rates climb. We should penalize the corporations, not the people. We need to institute full compensation for the duration of unemployment, extend unemployment benefits to those now entering the job market, and provide for full employment through a shorter work week with no cut in pay.

The unemployment situation, the war in Vietnam, sex discrimination, racism and poverty are bipartisan. The Democratic and Republican parties have been playing a shell game every four years while they continue to put the demands of big business ahead of the people's needs. We need a party that will fight for an end to unemployment, full equality for women, self determination for Chicanos, Blacks, and Indians, free education, and an immediate end to the war in Vietnam. These steps are in the interests of the people but not in the interests of the corporations. We need a party that comes down squarely on the side of the people—for a change. Vote Socialist Workers party.

**Stan
IVERSON**

Buffalo Party

I stand for the traditional values of America . . . from apple pie through peace in Vietnam to free and legalized abortion.

I advocate the emptying of army camps. I urge that the war now being waged against the "youth culture" be stopped, that all harassment of the young, the migratory, the Black, the Red, the indigent and the undeserving poor be brought to an abrupt halt. We cannot educate the masses and then ignore their views.

I urge that our society direct its energies toward the real criminals, those corruptors, thieves, and murderers who continue to drain the resources of America while using their church, country club, or public office as a sanctuary against punishment.

In short, I advocate the transformation of this society through a system of voluntary collectivization. Let an era of brotherly relations begin through the dismemberment of the coercive and war-oriented state.

United States Representative

Lloyd MEEDS

Democrat
2nd Cong. Dist.

Congressman Lloyd Meeds listens to people.

He comes home often, sees many people, and stays in touch by mail. Write to him and you get a fast reply—with the facts—because he's accessible and determined to help.

And Congress listens to Meeds.

Too many youngsters are experimenting with dangerous drugs. The House passed Meeds' drug education act to help young people before they're hooked. Too many students leave school without the skills to handle today's complex jobs. Congress passed Meeds' vocational education bill to fill the gap.

He's worked to close unfair tax loopholes, while passing a cut in taxes for individual wage-earners. He's sought wage-price restraints and ceilings on interest rates to fight inflation and unemployment. And he's pushed for reforms to make Congress more responsive.

Meeds-sponsored bills created North Cascades National Park and the Youth Conservation Corps. Pollution controls, day-care centers for working mothers, and tax relief for older Americans have all received his strong support. His amendments have helped Indians and migrant workers. And, during six years in Congress, his personal involvement has aided hundreds of others.

Lloyd Meeds listens, works hard, and gets results—doing what he does best. Helping people.

Edward A. McBRIDE

Republican
2nd Cong. Dist.

Edward A. McBride was born and raised in Snohomish County. He is a Republican running as a native son candidate from Everett.

He has traveled extensively and received the B.S. degree from U.C.L.A. and the M.S. degree from the Univ. of Washington. A veteran of World War 2 and the Korean War, Mr. McBride has been a challenging teacher and successful prep coach in Eastern Wash., Idaho, and most recently in Lynden, Wash. Ed is married, has 2 children, and has been active in the Presbyterian Church, fraternal, civic, and educational organizations.

Mr. McBride believes that the Democrats have been in too long, that they have gone too far in the direction of social welfare, and that their leadership has lost direction. He feels we are in danger of becoming a "drone" society.

The war in Viet Nam has been badly conducted by the Democrats and the tremendous monetary drain is primarily responsible for the tightening of the times. It is dividing the country and undermining the morale of America.

Mr. McBride is being supported by a 175 man citizens' committee from Snohomish County. He is truly a people's candidate.

**Floyd V.

Democrat
6th Cong. Dist.

In six years as Congressman, Floyd Hicks has established himself as a respected member of an outstanding Washington State Congressional delegation.

He has accomplished this by applying experience and intelligence to a very difficult job—and by just plain hard work.

One of the busier Congressmen, he serves on two vital committees—Armed Services and Government Operations—and nine subcommittees.

This unusual workload is a tribute to the confidence his colleagues have in his ability, his independence, and his record.

Floyd Hicks has worked tirelessly for legislation to solve our national problems: wage-price controls, crime prevention, tax reform, pollution control, Social Security increases, welfare reform, sharing Federal revenues to hold down local property taxes.

Never too busy for the people of the Sixth Congressional District, he goes to extraordinary lengths to keep in touch with them and to learn their views on issues. He will drop everything to go to bat for a constituent with a problem.

As Senator Jackson puts it, "Floyd has built a tremendous reputation among his colleagues and among the people he represents. That reputation is well deserved."

John Jarstad, 50, a resident of Tacoma the past 11 years and a native of Bremerton, believes he can bring new vision and enthusiasm to development of oceanography, fisheries, tourism, shipbuilding, foreign trade, other industries vital to the District.

Jarstad attended schools in Port Orchard, received college degrees in journalism from WSU and radio-TV from Syracuse. A member of labor unions 30 years, Jarstad has worked as construction laborer, commercial fisherman, photo-lab technician, photographer, reporter, announcer and manager at Bremerton, Boise, Anchorage, Syracuse, Seattle and Tacoma.

For the past seven years, Jarstad has operated Ski Hut Honda, sporting goods, Tacoma. He is a member of Tacoma's City Council and Planning Commission.

He has appeared consistently on KOMO-TV, KIRO-TV, KTNT-TV and KTVW-TV over the past 16 years.

Jarstad believes we can and must re-establish greatly-enlarged salmon runs for food, jobs and recreation, build merchant ships at Bremerton, develop Tacoma's deep-water harbor potential for super-cargo ships, enlarge McChord Field for civilian freight, establish Tacoma as an oceanography training center.

Jarstad is married and father of four. Mrs. Jarstad's grandfather, Thomas Anderson Wright, arrived in Sumner in 1880 and served that city as councilman and mayor.

The Socialist Workers Party calls for immediate withdrawal from Indochina and lays the blame for that war on the Democratic and Republican parties who are using GIs' lives to protect business investments around the world. In the Mideast Nixon threatens to create another Vietnam. We oppose the use of U. S. troops to bolster reactionary governments and attack the Palestinian liberation movement. The right to self-determination of the Palestinians is no less than that of the Vietnamese or Black Americans. We support the right of GIs to protest the war in Vietnam. GIs at Ft. Lewis and McChord have the constitutional right to free speech, and circulation of literature. We condemn the courtmartial of black antiwar GI Willie Williams at Ft. Lewis. We support the demands of the native American Indians. The cause of dangerous pollution is the greed of big corporations. We propose a 100% tax on corporate polluters. They should pay the bill to clean up, not the workers and taxpayers. We support full equality for women, Referendum 20, Black and Chicano self-determination and an end to unemployment.

Richard Congress is active in the student and antiwar movements. He is a member of the Young Socialist Alliance.

**Brock

"Brock Adams is regarded on the Hill and in the city as a key man—one of his friends on the Committee calls him 'one of the most brilliant and energetic men in Congress, with an absolute zest for work and a natural ability for digging out information, organizing it and following through'." The Washington Star, Washington, D. C. November 16, 1969.

Congressman Adams is a member of the very powerful Interstate and Foreign Commerce Committee. Working on legislation during the past six years on transportation, economics, education, the SST, crime and many other issues, he has proven himself a highly effective Representative for the 7th District and Washington.

A resident of Seattle for most of his life, Brock graduated from Broadway High School and the U of W where he majored in Economics; is a Navy veteran; graduated from the Harvard School of Law; practices law in Seattle; was appointed U. S. District Attorney for Western Washington by President Kennedy in 1961; was an instructor in the American Banking Institute and author of articles on Federal Tax Law.

He is also a member of the District of Columbia Committee, believing that our nation's Capital should be a model for solving urban problems.

Brock and his wife, Betty, have four children.

Brian Lewis will listen to the people of the 7th District, and will represent the thinking of the concerned majority. When it comes time to vote in Congress, his vote will not be based on one man's opinion.

When the people tell him they are concerned about unemployment, taxes, inflation, war, campus violence and riots, his time will be spent solving these problems in the best interests of the voters in the 7th District. Brian Lewis wants to return responsive and responsible representation to the people. He believes a "listening Congressman" will give back to the citizens of the 7th District a "voice" in Washington D.C.

His civic, professional and political achievements are numerous. Professional engineer (B.S. in Civil Engineering; M.S. in Traffic and Transportation Engineering). Thirteen years of active leadership in Bellevue and Seattle civic and professional organizations. State Representative 1967 to 1969; currently State Senator (elected in 1968 with highest vote and largest plurality in state). Currently serving on Washington State Oceanographic Commission.

His legislative committee assignments have included highways, local government, natural resources, insurance and financial institutions, transportation, motor vehicles, public institutions, commerce and regulatory agencies, water resources.

The candidates of the Socialist Workers party run on the same platform that they organize around on a day to day basis. Unlike the Democratic party "peace" candidates who voted for all the war appropriations and said nothing until they saw a mass antiwar movement grow up, the Socialist Workers candidates have been active workers in the antiwar movement. The war in Indochina is not a mistake, it is part of a pattern of using young Americans' lives to protect business interest around the world. Both traditional parties have carried out these policies. By breaking with the Democratic and Republican parties, and building mass independent demonstrations against the war such as the Oct. 31 march in Seattle, the government can be forced to end the war. We support the right of Black Americans to control their own community. Police, housing, schools should be community controlled. We demand an end to police attacks upon the black community such as the shooting of Larry Warde.

Russell Block is a graduate student at the U. of W., was a leader in the May student strike, is a member of the Young Socialist Alliance. Our platform: Bring all the troops home from Indochina now; Black control of the black community; full equality for women—vote for Referendum 20; end unemployment.

program beneficial to the state as a whole or to his district. He is one of several persons directly responsible for the gerrymandered redistricting of South King County which disenfranchised a substantial segment of the voters of this area of the county. This adverse districting effort must be changed to the benefit of the people of the area rather than the incumbent.

We need to make significant strides in restoring the economic climate of our area and changing the priorities on monies, not only to restore the jobless to useful productive efforts, but also to prevent the defilement of the natural resources placed in our trust by God and supposedly available to all people. High interest rates preventing people from accomplishing their desires must be restored to a reasonable level. A person in the position of representing the people, whether he is in city, state or national service, must take every step possible to accomplish these ends, and I will do that.

When the voters of the 31st District first elected me their Representative, I pledged myself to work for a state government which hears and answers to the needs of all the people. That pledge has guided my actions as a State Legislator for two terms.

I have seen too much vitally needed social legislation pass by the boards without being enacted because of a severe lack of leadership and foresight in the State Senate. We must act on the major issues—protecting and preserving the quality of our environment; meeting the financial needs of our cities, counties and schools; providing the means for mass public transportation without curtailing needed highway and arterial construction; meeting the challenge of dissent on our campuses and crime in our streets; providing jobs and job security for our citizens; providing income protection for our senior citizens—before these problems swallow our society.

As Senator for the people of the 31st District, I will apply the management skills and public awareness I have developed in my years as businessman, civic leader and public servant to a strong, positive program of social legislation.

Satisfied?—With the way the parties in office have taken steps to restrict your rights to private property, continued to take your money and dole it out to

undeserving people, allowed institutes of learning to become havens of hippies and revolutionaries, placed emphasis on a few bad apples in the police while rotten acts of criminals continue to rise, removed responsibility from you (and more control to them), created more agencies, increased spending and raised taxes (with unemployment up and you tightening your belt), and on and on . . .

Solution!—Begin now putting in office responsible men with the right beliefs. I am a family man, church elder, analyst, college graduate, precinct committeeman, and believe ours is an inspired nation. We should support the freedoms and laws that the constitution intended and by so doing keep an environment where self-initiative, responsibility, work, and charity reap their earned rewards. My efforts to this end are expressed in this quote, "I am just one man but I am one man. I cannot do everything but I can do something. What I can do I should do and by the grace of God I will do!" ulty member, Univ. of Wash. law school. Now senior member of Francis & Ackerman, law firm.

Experience: Elected to House of Representatives 1968, and served in 1969 as House member. Appointed to Senate 1969, served in Senate in 1970 special session. Worked hard to control crime, lower property taxes, improve education, better the economy, increase freedom and limit needless governmental interference in our private lives. Also sought reform of government processes, to increase efficiency and citizen participation. Fought for improved physical environment—ecology, transportation, recreation. Showed concern beyond boundaries of his district—e.g., institutions, rivers.

Concerns: The economy is our greatest immediate problem. Senator Francis will work to improve it, and will support any program likely to be of real benefit. Lack of communication is tearing us apart. Four years ago we were operating in a rising economy. Our problem was to adjust to more people and higher budgets arising from the need for increased and more sophisticated services. Today

we are in an economic blight with declining revenue and loss of population, but still faced with greater service needs in the areas of welfare, education, and crime prevention. People are unable to critically evaluate creative new solutions, yet they know the old didn't work. We must come to grips with regional mass transit, how to get new diversified industry, more jobs, just and reasonable welfare services, a broader and more equitable tax program, and an educational system that is equalized and complete yet fundable. Bluntly—how to do more for less people with less money.

Currently Vice-Principal of Showalter Junior High in the South Central School District, I have been a teacher and administrator there for the past 17 years. I have been active in Church, Sunday School, Boy Scouts, Boy's Club, civic and political groups and in my profession. I dedicate my candidacy to limiting taxes and curtailing state expenditures. Legislative per diem should not be more than \$25.00 per day and must include vouchered expenses. Property taxes must be reduced and areas currently tax-exempt should be required to pay their fair share. We need a

relative-responsibility act, spending reform, consolidation of numerous departments, and the absolute curtailment of all extravagances such as World Fair exhibits, luxury travel and the elimination of waste.

Budgets must be balanced out of existing funds. Increased services should be provided through growth alone. It's high time we listen to the demands of an "overtaxed" society.

Further, I would propose citizen studies be made for saving money in our schools. Examples: Extended school term; year-around use of schools; standard school construction; centralized purchasing; consolidation of school districts. I feel a great need is to find a new source of revenue to finance any needed excess school levies.

All demands for increased spending must be weighed on a "can we afford it?" basis.

Ken Eikenberry, 38, is a lawyer with the firm of Clinton, Moats, Andersen & Fleck. He is a former FBI Agent and Deputy Prosecuting Attorney for King County. He and his wife Beverly reside on Queen Anne Hill in the 36th District. He believes that if the tax reform plan is accepted by the voters, then he must do his utmost to see that the new tax is not abused. If, on the other hand, the tax plan is defeated, he will then work for real equalization of the tax burden as hard as he can.

George Fleming believes that this State must reestablish its priorities. Public funds must be spent for the most important programs in the state first. Fleming further believes that the welfare system must be changed so that it addresses itself to the income needs of families; aid to education must be of top priority; property taxes that penalize a person for improving his property must be eliminated.

George Fleming will work to eliminate discrimination in the area of performance bonds so Black and other minority contractors can receive large public contracts.

George Fleming has served 2 years in the Legislature. He sponsored the following bills; establishing a new garnishment law; redistricting the Seattle School District guaranteeing representation from the Black community on the Seattle School Board; eliminating discrimination in employment on public contracts; eliminating discrimination in apprenticeship programs; changing the Coroner inquest system.

During the 1969 session Fleming was called the Freshman Legislator of the year. He has served on important legislative committees: Education, Appropriations, Local Government and the Interim Public Pension Commission. He also serves on the Urban, Racial and Disadvantaged Education Advisory Council, Washington State Committee on Law and Justice and the Council on Electoral Reform.

I will respect the intelligence of the voters of the 37th District by minimizing rhetoric that fails to deal with problems and issues of our mutual concern. The apparent disregard for the 37th District

and its inept programs have created conditions that are intolerable. We of the 37th District will seek out the voice and leadership that will bring a just response from the facilities of government that will produce positive results for the people of the 37th District.

I have concern for equal distribution of land and usage. Such interest precludes unjust land control by corporate interest based on ethnic propriety.

As the Senator of the 37th District my continued voice and dedication will be to carry out the following:

1. To establish a District contact center.
2. To deal with welfare, its causes, and their solutions.
3. To initiate laws governing mis-conduct of law enforcement personnel and public officials.

My active experience and constant involvement with the issues confronting the people of the 37th District will be continued with positive results.

Tax reform is high on the list of priorities. Inequalities of our present tax system must be eliminated; relief given to low income and retired people. Multiple special taxing districts should be reduced. We must stabilize the dollar. With a more fairly distributed tax base, we can go ahead with dormant programs, such as vocational education in public schools and Community Colleges (the original concept for Community Colleges); more community centers; adequately maintained recreational areas. How Registered Voters Obtain an Absentee Ballot

Any registered voter who will be away from home on the day of the election—or is so physically handicapped that he (or she) cannot vote in person should apply **now** for an absentee ballot. Any **signed** request containing the necessary information will be honored. For your convenience, a model application is reproduced below.

Our absentee voting procedure has been greatly simplified in that it is no longer necessary to mark your ballot in the presence of a notary public. All that is required is for the absentee voter to sign the affidavit which is printed upon the envelope used to mail back the marked ballot.

In order to be certain that the voter's application is authentic, our laws require that the signature upon the application be verified by comparison with the signature on the voter's permanent registration record. For this reason, a voter who resides within a city precinct must send his application to his city clerk even though the request is for a state general election absentee ballot. The city clerk, after approving the application, will then forward it to the appropriate county auditor who, as the election officer, issues and receives absentee ballots for all elections.

Apply Now for an Absentee Ballot If You Cannot Vote in Person.

----- CLIP OUT FORM ALONG THIS LINE -----

Send this application to your city clerk if your voting precinct is within city limits or to your county auditor if your voting precinct is outside the city limits.

Proposed Constitutional Amendment

Official ballot title:*

ESTABLISHING VOTING AGE AT 19

Shall Article VI, Section 1 of the state Constitution be amended to reduce from 21 years to 19 years the age at which an otherwise qualified person shall be entitled to vote and to remove currently inoperative language pertaining to the voting qualifications of certain citizens?

Vote cast by members of the 1970 Legislature on final passage:

HOUSE: (99 members) Yeas, 73; Nays, 24; Absent or not voting, 2.
SENATE: (49 members) Yeas, 41; Nays, 8; Absent or not voting, 0.

*Ballot Title as issued by the Attorney General.

Statement **FOR**

US Congress lowers voting age to 18

How did 21 come to be declared the age of adulthood? In the Dark Ages, 21 was the age when a man could become a knight because 21 was 3 times the magic number 7.

The US Congress recently recognized that the age of adulthood should be decided not by a tradition based on magic numbers, but on more logical and compelling factors. The measure to lower the voting age to 18 was overwhelmingly passed by members of both parties.

19 year-olds are treated as adults before the law

Why should 19 and 20 year-olds have the right to vote?

1. 19 year-olds hold jobs and pay taxes.
2. 19 year-olds can marry and enter into other binding legal contracts, make wills, and receive medical aid without parental consent.
3. 19 year-olds are tried in court as adults.
4. 19 year-olds can sue and be sued.
5. 19 year-olds fight and die for our country.

19 and 20 year-olds should be encouraged to participate legitimately in the democratic process

Fifty years ago the same arguments used today against 19 and 20 year-olds were used against giving the vote to women. Many said women were too emotional, irrational, and financially irresponsible. This was not the

case. Today women are a vital part of our electorate. It is time we extend this same opportunity to participate to the 19 year-olds.

HJR 6 will further impress the responsibility of citizenship

We should take advantage of this opportunity to impress further the responsibility of citizenship on 19 and 20 year-olds, by granting them to right to participate in a government of all the people.

Giving 19 and 20 year-olds the right to vote will give them a legitimate channel to express their views, to work peacefully and lawfully within our democratic system.

Vote YES—HJR 6

Committee appointed to compose statement **FOR** House Joint Resolution No. 6:

RICHARD KING, State Representative; ROBERT C. BAILEY, State Senator; WES WILBURN, Past President, Washington State Young Democrats.

The Law as it now exists:

Under the present state constitution, with one exception, any person who is twenty-one years old or older and is otherwise qualified, is entitled to vote at all elections. That single exception prohibits nontaxed Indians from voting.

The provision in the 1889 constitution regarding nontaxed Indians is now totally inoperative. Indians have paid both state and federal taxes of some type for many years and have long been citizens under federal law.

Effect of House Joint Resolution No. 6 if approved into Law:

The proposed amendment would permit any person who is nineteen years old or older and is otherwise qualified, to vote in all elections. It would also eliminate the obsolete provision regarding nontaxed Indians.

Statement AGAINST

Voters should oppose HJR 6, the 19 year old voting proposal. A minimum voting age, which would certainly soon grant full emancipation at 19 years of age (the total release of youth from parental control and full responsibility of adulthood with all legal rights and responsibilities, including the admittance to liquor stores and cocktail bars), is highly undesirable. A 19 year old voting group unaccustomed to total self-support and reliance would in all likelihood further increase government complexity. This bracket of youth will actually benefit neither political party (vote-wise), as in the majority of cases they follow parental lines or school influence. Interviews with numerous youths of this age, along with many letters received, indicate that a great many are reluctant to assume voting franchise responsibilities.

The "old enough to fight—old enough to vote" argument is invalidated by the fact that 19 year old women, who are over half of this class of citizen, have no military obligation.

Youths of 19 are usually not self-sufficient, are not familiar with the rigors of steady employment or supporting a family. There is an old adage which we believe fits this issue: "When you earn you learn." When young men and women begin to make their own way in life they will better understand the seriousness inherent in the voting fran-

chise. They are inexperienced in the comprehension of holding and meeting financial obligations, paying high property taxes and insurances. They know little of the problems that beset business, farmers, manufacturers, employers and employees.

We feel that the answer to the real issue (should 19 years of age be considered the age of majority), should be NO!

Proposed Constitutional Amendment

Vote cast by members of the 1969 Legislature on final passage:

SENATE: (49 members) Yeas, 34; Nays, 15; Absent or not voting, 0.

Official ballot title:*

REVISING REVENUE LIMITATIONS

Shall the state constitution be amended to reduce the maximum allowable rate of taxation against property to 1 percent of true and fair value in the absence of authorized excess levies, and to permit the legislature to tax income at a single rate without regard to this limitation or, after 1975, at a graduated rate if the voters in that year or thereafter approve the removal of the single rate limitation?

*Ballot Title as issued by the Attorney General.

The Law as it now exists:

The state constitution currently provides that regular real and personal property taxes shall not exceed 40 mills on the dollar of assessed valuation, and that assessed valuation shall be 50% of the actual value of the property. This means that the property tax, excluding excess levies approved by the voters, cannot exceed 2% of the actual value of the property taxed. For example, a piece of property valued at \$10,000 may not presently be taxed more than \$200 a year, excluding voter approved excess levies.

In addition, the state constitution as currently interpreted prohibits the imposition of a state net income tax.

Statement **FOR**

The Sensible Method of Changing Our Tax System

The present Washington state tax system does not meet any of the essentials necessary for a good tax structure. It is unfair because it places the heaviest tax burden on low-income families and senior citizens living on fixed incomes. It is unfair because much income-producing property—stocks, bonds and savings accounts—is exempt from taxation. Further, it places increasing pressure on the property tax to finance basic education.

Need Broader Tax Base

There are three basic types of taxes which can be used to provide services to the public: property, sales and income. The Washington state tax structure is based primarily on sales and property taxes and does not adequately reflect the state's economic growth. The Constitution prevents the use of the net income tax, *however this restriction has not kept governmental costs from rising*. It has forced the taxpayer to meet them with unfair and increasingly burdensome taxes.

Sales and Property Tax Relief

The only realistic hope of relief from sales and property taxes and excess levy money is to balance our structure with an income tax and constitutionally limit property tax to 1% of true and fair value.

An income tax is the fairest and most equitable means of obtaining revenue. *It reflects a person's ability to pay.* The adoption of a state income tax provides flexibility necessary for a fair tax system. And, it provides the state with a source of revenue which increases in proportion to the state's personal income.

Constitutional Amendment

In order to include net income as a tax base and achieve a more fair and flexible tax system, the State Constitution must be changed.

The financial soundness of our state government rests, essentially, in its taxing powers, which in a growing economy must be permitted to meet changing requirements of its population.

HJR 42 is one way of meeting these requirements.

Committee appointed to compose statement **FOR** House Joint Resolution No. 42:

ROBERT C. RIDDER, State Senator; JONATHAN WHETZEL, State Representative; WALTER B. WILLIAMS, State Senator.

Effect of House Joint Resolution No. 42 if approved into Law:

This proposed constitutional amendment would fix the maximum rate of taxation upon real and personal property at 1% of its actual value, exclusive of excess levies approved by the voters. Thus, under this amendment the maximum tax which could be imposed each year upon a piece of property valued at \$10,000 would be \$100, exclusive of voter approved excess levies, rather than \$200 under the constitution as it now exists.

The proposed amendment would also authorize the imposition of a state income tax at a single rate upon all individual taxpayers and at a single rate upon all corporations. The two rates could differ. Certain credits, exclusions and exceptions could be allowed in determining the amount of income subject to tax.

In November of 1975, an election would be held on the question of whether to remove the single rate restriction from the constitution so as, thereafter, to allow graduated rates for the net income tax. In any year after 1975, a similar proposition to remove the single rate restriction could be placed on the ballot by an affirmative vote of 60% of the members of both houses of the legislature.

Approval of this proposed constitutional amendment, in addition to reducing the maximum rate of property taxation, will validate the provisions of chapter 262, Laws of 1969, Ex. Sess. Among the major provisions of this act (which, if validated, will remain in effect until altered by law) are:

- (1) A 3.5% tax on the adjusted gross income of individuals, minus exemptions of \$1,000 per person;
- (2) A 3.5% tax on the taxable income of corporations, estates and trusts;
- (3) A credit against the income tax of \$15.00 per person for state sales tax paid on food;
- (4) An exemption of prescription drugs from the state and local sales tax;
- (5) A reduction of the state sales tax from 4.5% to 3.5%;
- (6) A general reduction of the business and occupation tax by 50% or more;
- (7) The allowance of a credit of 10% of the property tax on inventories against business and occupation tax liabilities; and
- (8) A reduction of the amount of property taxes paid, either directly or through rent by senior citizens with limited incomes.

Statement **AGAINST**

Reform means to improve, to change for the better. A reformed criminal commits less crime, not more crime. This proposal is not tax reform, it is purely and simply a tax increase. The proponents vary their story depending on which group they talk to. When they talk to the employees, they tell them it will bring in more money and give them salary raises. When they talk to home owners and farmers, they say it will reduce their real estate tax, which it does not. When they talk to businessmen, they say "we will reduce your B & O tax." When they talk to school groups, they say it will eliminate special levies. And then when they talk to taxpayers generally, they say it will not be a tax increase.

This measure opens up a brand new field of taxation with no limit. Efforts to place a ceiling on it in the Senate were voted down. Already the proponents are admitting that the proposed rate of tax is not enough and must be made higher even before this is enacted. Likewise the sales tax has to go back up. This measure is unnecessary except to provide monies for a wasteful program making us the third highest welfare state in the nation in the ADC category, a program which supports trips and stipends.

The time has come not to open up any avenues to tax with no guarantee of any reduction. The time has come to make some

changes in spending habits and cease being so generous with the taxpayers' money. Remember, once this avenue of taxation is opened, there is no limit as to what rates succeeding Legislatures may impose. The present discussed rates are merely openers and to lure the uninformed.

This is taxation unlimited. Be sure and vote no.

PROHIBITING CERTAIN NONREFUNDABLE BEVERAGE RECEPTACLES

An act prohibiting the sale or distribution of beer or any other malt beverage, or of any

nonalcoholic mineral water, soda water, or other carbonated or uncarbonated beverage (commonly known as soft drinks) for consumption in this state in cans, bottles, jugs, tubs, vessels or other receptacles not having a refund value of at least five cents for each such container.

*Be it enacted by the people
of the State of Washington:*

Section 1. The accumulation of broken bottles and discarded cans poses a threat to our health and to our State's scenic landscape and beaches. Such litter is a symptom of a much larger problem: that of the shortsighted allocation of limited natural resources.

This measure is enacted in the exercise of the police power of this State for the purpose of protecting and preserving the health, safety and future of its citizens through the intelligent use of resources.

Section 2. For the purposes of this act "container" shall mean any can, bottle, jug, tub, vessel, or other receptacle, however denominated, of alcoholic or nonalcoholic beverages.

Section 3. No person shall distribute, sell, or offer for sale, beer or any other malt beverage for consumption in this state in a container which does not have a refund value of at least five cents for each such container.

Section 4. (1) No person shall distribute, sell, or offer for sale any nonalcoholic beverage for consumption in this state in a container which does not have a refund value of at least five cents for each such container.

(2) As used in this section "nonalcoholic beverage" means any mineral waters, soda waters, or any other carbonated or uncarbonated beverage not containing alcohol that is commonly known as a soft drink.

Section 5. After the effective date of this Act, every beverage container described in Sections 3 and 4 of this Act shall bear a stamp or label clearly indicating the refund value of the container.

Section 6. (1) The local or State Boards of Health under the powers of RCW 43.20.050, RCW 43.20.190, RCW 43.20.010, and RCW 70.05.060, may revoke or suspend the appropriate licenses of any person who violates the provisions of this Act.

(2) In addition to revocation of licenses, any violation of this Act shall be a misdemeanor.

(3) Use of containers in violation of this Act is a public nuisance and may be abated as such.

Section 7. This Act shall be known and may be cited as the "Keep America Beautiful Act."

Section 8. If any provision of this Act or its application to any person or circumstance is held invalid, the remainder of the Act, or the application of the provision to other persons or circumstances is not affected.

Section 9. (1) Nothing in this Act applies to containers distributed, sold, or offered for sale before the effective date.

(2) This Act applies only to beer or any other malt beverage and to nonalcoholic beverages sold for off premise consumption.

(3) This Act shall take effect April 1, 1971.

Initiative Measure No. 256 filed in the office of the Secretary of State as of April 23, 1970.

Sponsors filed 188,102 supporting signatures as of July 2, 1970.

OUTDOOR RECREATIONAL AREAS AND FACILITIES—ACQUISITION—BOND ISSUE

AN ACT relating to state government and the support thereof; amending section 2, chapter 126, Laws of 1967 ex. sess. and RCW 43.99A.020; amending section 3, chapter 126, Laws of 1967 ex. sess. and RCW 43.99A.030; and providing for submission of this act to a vote of the people.

*Be it enacted by the Legislature
of the State of Washington:*

Section 1. Section 2, chapter 126, Laws of 1967 ex. sess. and RCW 43.99A.020 are each amended to read as follows:

For the purpose of providing funds for the acquisition and development of outdoor recreational areas and facilities in this state, the state finance committee is authorized to issue ~~[[, at any time prior to January 1, 1975,]]~~ general obligation bonds of the state of Washington in the sum of forty million dollars or so much thereof as may be required to finance the projects described in RCW 43.99A.070 and 43.99A.080. These bonds shall be paid and discharged within twenty years of the date of issuance.

Sec. 2. Section 3, chapter 126, Laws of 1967 ex. sess. and RCW 43.99A.030 are each amended to read as follows:

The state finance committee is authorized to prescribe the form of the bonds, the maximum rate of interest the same shall bear, the time of sale of all or any portion of them, and the conditions of their sale and issuance. None of the bonds herein authorized shall be sold for less than their par value ~~[[, nor shall they bear interest at a rate in excess of six percent per annum]]~~.

NEW SECTION. Sec. 3. In the event all of the bonds authorized by RCW 43.99A.010 through 43.99A.110 have not been issued on or before September 2, 1970, then this act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1970, in accordance with the provisions of section 3, Article VIII of the state Constitution; and in accordance with the provisions of section 1, Article II of the state Constitution as amended, and the laws adopted to facilitate the operation thereof.

NEW SECTION. Sec. 4. Sections 1 and 2 of this 1970 amendatory act shall not become effective unless this act is adopted and ratified at the referendum election provided for in section 3 of this 1970 amendatory act.

(CHAPTER 66, LAWS OF 1970)

Ballot Title as issued by the Attorney General:

STATE BUILDINGS—BONDS—SALES; INTEREST

AN ACT amending a law approved by the voters in 1968 which authorized the sale of \$63,059,000 in bonds to finance various building projects for institutions, general administration and certain higher education facilities; deleting a requirement in the original act that these bonds be sold prior to January 1, 1972; removing the 6% maximum interest rate payable on said bonds and substituting therefor a provision that the state finance committee shall fix the maximum interest rate.

LEGISLATIVE TITLE
(Senate Bill No. 317)

GOVERNMENT OBLIGATIONS AND ASSESSMENTS—INTEREST RATES—VALIDATION

AN ACT relating to state government and the support thereof; amending section 1, chapter 148, Laws of 1967 ex. sess., and RCW 43.83.090; amending section 3, chapter 192, Laws of 1951 as amended by section 3, chapter 84, Laws of 1963 and RCW 36.88.030; amending section 36.88.140, chapter 4, Laws of 1963 and RCW 36.88.140; and providing for the submission of certain sections of this act to a vote of the people.

*Be it enacted by the Legislature
of the State of Washington:*

Section 1. Section 1, chapter 148, Laws of 1967 ex. sess., and RCW 43.83.090 are each amended to read as follows:

For the purpose of providing needed capital improvements for the department of general administration, the institutions of higher education and the department of institutions, the state finance committee is authorized to issue ~~[[, at any time prior to January 1, 1972,]]~~ general obligation bonds of the state of Washington in the sum of sixty-three million fifty-nine thousand dollars or so much thereof as shall be required to finance the capital projects set forth in RCW 43.83.100, to be paid and discharged within twenty years of the date of issuance.

The state finance committee is authorized to prescribe the form of such bonds, the maximum rate of interest the same shall bear, and the time of sale of all or any portion or portions of such bonds, and the conditions of sale and issuance thereof: *Provided*, That none of the bonds herein authorized shall be sold for less than the par value thereof

~~[[, nor shall they bear interest at a rate in excess of six percent per annum]].~~

The bonds shall pledge the full faith and credit of the state of Washington and contain an unconditional promise to pay the principal and interest when due. The committee may provide that the bonds, or any of them, may be called prior to the due date thereof under such terms and conditions as it may determine. The state finance committee may authorize the use of facsimile signatures in the issuance of the bonds.

Sec. 2. Section 3, chapter 192, Laws of 1951 as amended by section 3, chapter 84, Laws of 1963 and RCW 36.88.030 are each amended to read as follows:

In case the board of county commissioners shall desire to initiate the formation of a county road improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed road improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, ~~[[stating the average number of units as defined and allowed in RCW 36.88.010 per one thousand feet of property fronting upon the portion of road to be improved,]]~~ notifying the owners of property therein to appear at a meeting of the board at the time specified in such resolution, and directing the county road engineer to submit to the board at or prior to the date fixed for such hearing a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby and the estimated amount of the cost and expense of such improvement to be borne by each lot, tract or parcel of land or other property, and also designating thereon all property which is being purchased under contract from the county. The resolution of intention shall be published in at least two consecutive issues of a newspaper of general circulation in such county, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of county commissioners.

Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract or parcel of land or other property within the proposed improvement district by mailing said notice to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon at least fifteen days before the date fixed for the public hearing. The notice shall refer to the resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date and place of the hearing before the board of county commissioners, and shall contain the directions hereinafter provided for voting upon the formation of the proposed improvement district.

The clerk of the board shall prepare and mail, together with the notice above referred to, a ballot for each owner or reputed owner of any lot, tract or parcel of land within the proposed improvement district. This ballot shall contain the following proposition:

"Shall county road improvement district No. be formed?

Yes ☐
No ☐

and, in addition, shall contain appropriate spaces for the signatures of the property owners, and a description of their property, and shall have printed thereon the direction that all ballots must be signed to be valid and must be returned to the clerk of the board of county commissioners not later than

five o'clock p.m. of a day which shall be one week after the date of the public hearing.

The notice of adoption of the resolution of intention shall also contain the above directions, and, in addition thereto, shall state the rules by which the election shall be governed.

Sec. 3. Section 36.88.140, chapter 4, Laws of 1963 and RCW 36.88.140 are each amended to read as follows:

The board shall prescribe by resolution within what time such assessment or installments thereof shall be paid, and shall provide for the payment and collection of interest at a rate not to exceed ~~[[six]]~~ eight percent per annum on that portion of any assessment which remains unpaid over thirty days after such date. Assessments or installments thereof which are delinquent, shall bear, in addition to such interest, such penalty not less than five percent as shall be prescribed by resolution. Interest and penalty shall be included in and shall be a part of the assessment lien. All liens acquired by the county hereunder shall be foreclosed by the appropriate county officers in the same manner and subject to the same rights of redemption provided by law for the foreclosure of liens held by cities or towns against property in local improvement districts.

NEW SECTION. Sec. 4. In the event all of the bonds authorized by RCW 43.83.090 through RCW 43.83.100, have not been issued on or before September 2, 1970, then sections 1, 4 and 5 of this amendatory act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1970, in accordance with the provisions of section 3, Article VIII of the state Constitution; and in accordance with the provisions of section 1, Article II of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof.

NEW SECTION. Sec. 5. Amendatory section 1 of this 1970 amendatory act shall not become effective unless sections 1, 4 and 5 of this act are adopted and ratified at the referendum election provided for in section 4 of this act.

NEW SECTION. Sec. 6. All revenue bonds, the issuance of which was authorized or ratified at a general or special election held within the issuing jurisdiction prior to the effective date of this amendatory act or the proposition for the issuance of which will be submitted at such an election pursuant to action of the legislative authority of the issuer taken prior to the effective date of this amendatory act, may be sold and issued with an interest rate or rates greater than any interest rate restriction contained in the ballot proposition or ordinance or resolution relating to such authorization or ratification.

NEW SECTION. Sec. 7. All debts, contracts and obligations heretofore made or incurred by or in favor of the state, state agencies, state colleges and universities, and the political subdivisions, municipal corporations and quasi municipal corporations of this state, are hereby declared to be legal and valid and of full force and effect from the date thereof, regardless of the interest rate borne by any such debts, contracts and obligations.

Passed the Senate February 12, 1970.

Passed the House February 6, 1970.

Approved by the Governor February 20, 1970.

Ballot Title as issued by the Attorney General:

ESTABLISHING VOTING AGE AT 19

Shall Article VI, Section 1 of the state Constitution be amended to reduce from 21 years to 19 years the age at which an otherwise qualified person shall be entitled to vote and to remove currently inoperative language pertaining to the voting qualifications of certain citizens?

BE IT RESOLVED, *By the Senate and House of Representatives of the State of Washington, in Legislative Session Assembled:*

THAT, At the next general election to be held in this state, there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, a proposal to amend Article VI, of the Constitution of the state of Washington by amending section 1, as last amended by Amendment 5, to read as follows:

Article VI, section 1. All persons of the age of ~~[[twenty-one]]~~ nineteen years or over, possessing the following qualifications, shall be entitled to vote at all elections: They shall be citizens of the United States; they shall have lived in the state one year, and in the county ninety days, and in the city, town, ward or precinct thirty days immediately preceding the election at which they offer to vote; they shall be able to read and speak the English language: *Provided*, ~~[[That Indians not taxed shall never be allowed the elective franchise: And further provided,]]~~ That this amendment shall not affect the rights of franchise of any person who is now a qualified elector of this state. The legislative authority shall enact laws defining the manner of ascertaining the qualifications of voters as to their ability to read and speak the English language, and providing for punishment of persons voting or registering in violation of the provision of this section.

There shall be no denial of the elective franchise at any election on account of sex.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

Proposed Constitutional Amendment

HOUSE JOINT RESOLUTION

42

Ballot Title as issued by the Attorney General:

REVISING REVENUE LIMITATIONS

Shall the State Constitution be amended to reduce the maximum allowable rate of taxation against property to 1 percent of true and fair value in the absence of authorized excess levies, and to permit the legislature to tax income at a single rate without regard to this limitation or, after 1975, at a graduated rate if the voters in that year or thereafter approve the removal of the single rate limitation?

BE IT RESOLVED, By the Senate and House of Representatives of the State of Washington, in Legislative Session Assembled:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, a proposal to amend Article VII of the Constitution of the state of Washington by amending section 2, as amended by Amendment 17, to read as follows:

Article VII, section 2. (1) Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created shall not in any year exceed [~~forty mills on the dollar of assessed valuation, which assessed valuation shall be fifty~~] one per centum of the true and fair value of such property in money: *Provided, however, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district.*

The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-

fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: *Provided, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein, And provided further, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6 of this Constitution;*

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.

(2) Notwithstanding any other provision of this Constitution, the legislature shall have the power,

(a) To impose a tax upon income from whatever source derived, at a rate or rates in excess of that permitted by subsection (1) of this section: *Provided, That the tax may be imposed only (i) at a single rate upon the income of all taxpayers, or (ii) at a single rate upon the income of corporations which may be different from the single rate imposed upon other income;*

(b) To provide for allowance of credits, exclusions, exemptions, and deductions to be used in determining the amount of income subject to tax or in computing such tax; and to provide further for direct payments to an individual or corporation to the extent that (i) insufficient income tax liability exists for full application of an otherwise applicable credit, and (ii) such credit is granted for the purpose of providing direct or indirect relief from other state or local taxes;

(c) To coordinate the administration and collection of state income taxes with the income tax laws and procedures of the United States, and to delegate to such state administrators as it may designate the authority to prescribe the means of coordination of state and United States tax laws and methods for the allocation of income for taxing purposes. The legislature may adopt by reference any federal statutes relating to the determination of taxable income, as existing at time of adoption and as amended from time to time.

A proposition to remove the limitations contained in clause (a) of this subsection (2) upon the types of income tax which may be imposed shall be submitted to the qualified voters of this state at the general election to be held in this state in November, 1975.

At a general election to be held in this state in November of any year after 1975, there may be submitted to the qualified voters of this state a proposition to remove the limitations contained in clause (a) of this subsection (2) upon the types of income tax which may be imposed, if a resolution providing for submission of such proposition is adopted, at the legislative session immediately preceding such election, by a majority of at least sixty percent of the members elected to each of the two houses of the legislature.

Whenever such a proposition is submitted to the qualified voters of this state, the secretary of state shall cause the proposition to be prepared and placed upon the ballot at the November general election as follows:

"Shall Article VII, section 2(2) of the state Constitution be changed to authorize a state graduated net income tax? Yes ☐

No ☐"

If a majority of the qualified voters voting upon the proposition vote for removing such limitations, the limitations shall be removed, and thereafter the tax may be imposed upon income at such rate or rates, single or graduated, as may be prescribed by law. If a majority of the qualified voters voting upon the proposition vote against removing such limitations, the limitations shall be continued, unless changed by subsequent amendment to this Constitution or as provided in this subsection (2).

BE IT FURTHER RESOLVED, That the foregoing amendment shall be construed as a single amendment within the meaning of Article XXIII, section 1 (Amendment 37) of this Constitution.

The legislature finds that the changes contained in the foregoing amendment constitute a single integrated plan for a balanced revision of the tax structure for state and local government. It is the intention of the legislature that in the event the foregoing amendment is held to be separate amendments, this house joint resolution shall be void in its entirety and shall be of no further force and effect.

AND BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

Passed the House May 8, 1969.
