INTRODUCTION TO THE 1987 VOTERS' PAMPHLET

Fellow Washingtonians:

It is my pleasure to take part in introducing you to the King County edition of the 1987 Voters' Pamphlet which for the first time contains information on both state and local issues and races.

Washington has always been at the forefront of efforts to better inform the electorate about issues and candidates. In 1914, the state became one of the first in the nation to publish a voters' pamphlet for its citizens. In recent years, this information service has been expanded to include tape cassette, Braille, and Spanish-language versions of the pamphlet.

Another recent development has been the passage of legislation authorizing cities and counties to produce voters' pamphlets on local issues and candidates. With the publication of this edition, King County and Seattle are among the first local municipalities to take advantage of these new opportunities for increased voter information.

I want to thank and congratulate King County and the City of Seattle for their participation in this combined pamphlet. There are more local jurisdictions in King County than almost any other county in the nation, making the production of this pamphlet a monumental undertaking. The people who developed this publication deserve our thanks for a job well done.

This pamphlet will assist you in making decisions on the critical issues and important races which face us this year. I urge you to make full use of its contents, and to exercise your constitutional right by voting on November 3.

Ralph Munro
Secretary of State

Dear King County Resident:

This Voters' Pamphlet commemorates the 200th anniversary of our United States Constitution. In those 200 years, our nation has strived to be a government "of the people, by the people and for the people." Every citizen 18 years and older now has the opportunity to elect our leaders, vote on issues, and shape our future.

This inaugural issue of the King County Local Voters' Pamphlet brings to all King County residents for the first time the opportunity to study local candidate statements and issues on their ballot. Voter registration information, a sample ballot, absentee ballot requests and other election information are included for your benefit. Special editions in Spanish, Chinese, Braille, and tape cassettes are available so that more of our citizens can make informed decisions.

The voters' pamphlet represents regional cooperation at its finest—public agencies sponsoring a forum in which candidates for public office can share their platforms and backgrounds with the voters who elect them. I extend special thanks to all who joined King County in this first edition.

I urge you to read this pamphlet and study the issues. Then join with me on Tuesday, November 3, to vote and continue our heritage of "We the people . . ."

Tim Hill
King County Executive

REFERENDUM BILL 41

Chapter 246, Laws of 1987

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Referendum Bill 41 begins on page 16.

Vote cast by the 1987 Legislature on final passage:
HOUSE: Yeas, 77; Nays, 17; Absent or not voting, 4.
SENATE: Yeas, 36; Nays, 9; Absent or not voting, 4.

Official Ballot Title:

Shall the State challenge in the United States Supreme Court the constitutionality of authority delegated to the federal reserve system?

The law as it now exists:

The Federal Reserve System, created by Congress in 1913, authorizes the Federal Reserve Board to exercise some controls over Federal Reserve banks and the nation's monetary policy. The following are some of the Board's powers: general supervisory powers over federal reserve banks, controlling discount rates, providing exceptions from bank

reserve requirements, requiring write offs of worthless bank assets, and controlling the issuance of Federal Reserve notes. Some of the purposes of the Federal Reserve System are: providing a nearly uniform discount rate, control of the money supply, requiring reserves for protection of banks, permitting elasticity in the creation of currency, supervision of the banking business and creation of a market for commercial paper.

The effect of Referendum Bill 41, if approved into law:

The State Legislature is to seek, through an attorney it selects, to have the United States Supreme Court accept a lawsuit commenced by the state. The lawsuit would challenge (1) the constitutionality of the delegation to the Federal Reserve System of the power to create money and exercise control over economic activity, and (2) the delegation of authority under which banks have made unrestricted foreign loans.

Statement against

SAVE MONEY - VOTE "NO" ON REFERENDUM BILL 41

The lawsuit proposed by this referendum would be frivolous and costly. In 1982 the Attorney General of the state of Washington declined to file a lawsuit challenging the constitutionality of the Federal Reserve System because there was "no real possibility that the United States Supreme Court would strike down that law (if challenged) as an unconstitutional delegation of the power of Congress." In fact, the claim is so weak that the United States Supreme Court would probably not even consider it.

LAWSUITS ARE EXPENSIVE

Your tax dollars and the human resources that would be spent conducting such a lawsuit would be wasted. These resources should be put to better use meeting the needs of the people.

FEDERAL RESERVE SYSTEM IS CONSTITUTIONAL

Congress created the Federal Reserve System in 1913 to meet the country's need for a safer and more stable monetary system. It has properly fulfilled that role for almost 75 years. Congress oversees the operations of the Federal Reserve System through regular hearings and its review of semiannual reports. Also, the expenses of the Federal Reserve System are audited each year by the General Accounting Office, the auditing arm of Congress.

The United States Constitution gives Congress the power to regulate money and banking. The delegation by Congress to the Federal Reserve System of that power has been consistently upheld by the courts. A court challenge of

that delegation cannot win. It is wasteful to raise the issue again. Lawsuits are expensive. Save your tax dollars.

VOTE "NO" ON REFERENDUM BILL 41

Rebuttal of Statement for

Don't be misled by false claims and don't waste the taxpayers' money!

- The "Fed" is not "a private interest" group. Board members are appointed by the President and confirmed by the Senate.

- It is simple-minded to blame all our complex economic problems on this public agency.

- The Federal Reserve System's constitutionality has been consistently upheld by the courts.

Do not vote for a costly and frivolous lawsuit: Vote **NO** on 41.

Statement for

In the 1890's, large special interests gained immense power. By 1913, what Lincoln had called "the money power" pushed the Federal Reserve Act through Congress, allowing the Fed control of the money system.

Money supply is the most important factor affecting our economy. The U.S. Constitution delegates monetary power to Congress. Congress gave this authority to the Fed, a private interest: a group of bankers overseeing a network of banks. The Fed behaves as an independent agency, essentially free from checks and balances restraining the power of other government branches.

The Fed is not only unconstitutional, it isn't working. Bank failures, business bankruptcies, farm foreclosures, unstable rates of inflation, interest and employment, trade deficits and national deficits are classic symptoms of a failing money system. Congress established the Fed to prevent such problems.

The Washington Legislature, long noted as a trendsetter, again leads the nation. Referendum 41 passed by 80% in both the House and Senate. They could have gone directly into Supreme Court, by-passing the voters. But because the people have never been heard regarding their money system, a statewide vote on constitutionality makes this a truly historic measure.

Washington is not alone in its concern. 21 state legislatures have taken action criticizing the Fed. Many states will join us in Supreme Court when Referendum 41 passes.

Referendum 41 is not a complete solution, but a necessary first step toward a solution. Your vote for Referendum 41 will convince Washington D.C. that we are serious about protecting our future.

Rebuttal of Statement against

Referendum 41 will save you money. Cost will be about 5¢ per person, but could save \$7.00 per person the Fed now collects each year in interest on paper money they issue.

Suit is based on delegation and separation of powers doctrine, never before brought against Fed. Supreme Court will hear case brought by statewide ballot vote, especially with other states joining Washington.

No case directly challenging Fed's constitutionality has ever before reached Supreme Court.

INITIATIVE MEASURE 92

TO THE LEGISLATURE

NOTE: The ballot title and explanatory statement were written by the Attorney General as required by state law. The complete text of Initiative Measure 92 begins on page 16.

Official Ballot Title:

Shall it be a consumer protection violation for doctors treating Medicare eligible patients to charge more than Medicare's reasonable charges?

The law as it now exists:

Medicare is a federal health insurance program under the Medicare law (Title XVIII of the Social Security Act). The administration of the Medicare program establishes what are entitled "allowable charges" (labeled by law as "reasonable charges") to determine the base for computing the payment by Medicare for medical services to

Medicare patients. At the present time, Medicare most frequently pays 80 percent of Medicare's established charges.

No state law limits the charges that can be made by physicians and other health care providers to Medicare patients. Physicians and other health care providers can charge Medicare patients more than the federally designated "allowable/reasonable charge." However, physicians who choose to contract as a "participating physician" in the federal Medicare assignment repayment program cannot charge any Medicare eligible patient more than the Medicare established charge. Physicians who do not contract but do directly submit billings to Medicare for individual patients cannot charge those individual patients more than the Medicare established charge.

Physicians are not required to enroll as providers in the Medicare program, nor to participate in the Medicare assignment repayment program. If the physician does not so participate, the patient, or the entity paying for the service, directly seeks partial reimbursement from Medicare for the medical services.

The effect of Initiative Measure 92, if approved into law:

The State Consumer Protection Act would be amended to declare it to be an "unfair and deceptive practice" for a physician which includes medical doctors, osteopaths, chiropractors, podiatrists, dentists or optometrists to charge or try to collect for medical services to a Medicare eligible patient more than Medicare's established "allowable/reasonable charge". It would also be an "unfair and deceptive practice" for a physician to treat Medicare eligible patients other than solely in an emergency situation without enrolling as a "participating physician" in Medicare and being subject to the maximum charges established by Medicare.

Physicians would be required to post a summary of the initiative in their offices and failure to comply with its requirements could result in civil penalties, money damages or court injunctions. The State Attorney General or a Medicare patient could file a civil suit to enforce the law seeking treble damages not exceeding \$10,000, the costs of suit and attorneys fees. Additional penalties of up to \$25,000 can be imposed for violation of a court ordered injunction.

Statement for

In 1965 Congress created Medicare because health care for America's elder citizens was in critical condition. Bad as things were then, the crisis is even worse today.

Seniors now spend more of their incomes on health care than they did before Medicare existed. The elderly spent 12 percent of their income on health care in 1980. By 1990 they will pay 19 percent, unless we do something quickly.

Initiative 92 cannot cure all of Medicare's ills, but it will take much of the uncertainty out of health care. It will make it illegal for a doctor to charge more than Medicare determines to be a "reasonable and customary charge." Seniors will know that Medicare will always pay 80 percent of their doctor's bills and that they are responsible for 20 percent. Doctors won't get away with overcharging their patients.

And once Initiative 92 passes, the complicated Medicare forms that intimidate so many elderly patients will become the responsibility of the doctor's office.

Initiative 92 will help families. Seniors on limited incomes cannot afford ever-increasing medical bills. By making medical care more affordable, Initiative 92 will make it less likely that the elderly will become a financial burden to their families.

Under the current Medicare reimbursement system, our state's sick and elderly people are forced to either subsidize their doctor's healthy incomes or go without medical care, causing minor illnesses to become major emergencies. That's bad medicine.

Vote YES on Initiative 92.

Rebuttal of Statement against

Too bad organized medicine uses threats and misinformation.

Doctors claim Initiative 92 could limit access to health care. . .

Fact: Overcharges already keep many seniors away.

Doctors say Medicare doesn't pay them enough. . .

Fact: According to the AMA, the average doctor's take home pay is \$110,000. The average senior citizen receives a monthly Social Security payment of \$488.

Fact: I-92 will cost taxpayers nothing and stop doctors from overcharging.

Protect our health and dignity. Vote yes.

CLAUDE PEPPER, U.S. Representative, Florida; KEN ANDERSON, President, Washington State Council of Senior Citizens; THOMAS HELLER, M.D., Seattle; SISTER VIRGINIA PAUL, Sisters of Providence, Walla Walla.

Statement against

I-92 IS MISLEADING AND UNFAIR

If I-92 passes, all seniors, regardless of income, retired or working, will be charged less than others for medical care. These discounts will be "shifted" to non-senior patients; costs will increase for families and employers.

Don't believe that Medicare's "reasonable fees" are reasonable. The rates, frozen by Congress in 1984, have little to do with the actual cost of providing service.

SOME SENIORS WILL HAVE TO FIND NEW DOCTORS

If I-92 passes, some doctors will be forced to drop seniors and will be *prohibited by law from treating anyone over 65*. To quote the Washington Chapter of the American Association of Retired Persons: ". . . of Washington's 39 counties, 25 have areas that do not have enough primary care physicians. Nineteen of these counties have severe shortages. . . (I-92) . . . could cause some physicians to drop out of Medicare, thus limiting the availability of physician services to the elderly. Thus, AARP must oppose I-92." Our state's Senior Lobby does not support Initiative 92.

I-92 DENIES HEALTH CARE TO THE TRULY NEEDY

Despite Medicare's unreasonable rates, 27% of all doctors always accept them, over 90% accept Medicare's rates on a case-by-case basis. Many do not require *needy* seniors to pay anything. Under I-92, doctors *must* charge all seniors, regardless of income, the same unreasonable rates or be in violation of the law; true charity care will suffer.

I-92 WILL COST WASHINGTON TAXPAYERS MILLIONS

Washington taxpayers should not be charged to bail out, enforce, or endlessly litigate the federal Medicare pro-

gram. Real Medicare reform is needed in Congress. Join the thousands of seniors, employers, union members, health care professionals, and others in *VOTING NO ON I-92*.

Rebuttal of Statement for

After investigating claims made by I-92 proponents, this committee, appointed by the Legislature to explain the arguments against I-92, has determined that:

- Congress has set Medicare's payment to doctors at approximately half the cost of actually providing medical services.
- Doctors charging Medicare patients the same rate as other patients are not "overcharging;" Medicare is "underpaying."
- Current law provides adequate protections against true "overcharging."
- "Limited income" families will suffer if "unlimited income" seniors receive discounted care.

SENATE JOINT RESOLUTION 8207

PROPOSED CONSTITUTIONAL AMENDMENT

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Senate Joint Resolution 8207 begins on page 16.

Vote cast by the 1987 Legislature on final passage:
HOUSE: Yeas, 92; Nays, 3; Absent or not voting, 3.
SENATE: Yeas, 45; Nays, 2; Absent or not voting, 2.

Official Ballot Title:

Shall the constitution empower superior court judges, after retirement, to complete pending cases in which they had made discretionary rulings?

The law as it now exists:

When a superior court judge leaves office for retirement or any other reason, the former judge is no longer authorized or empowered to function as a superior court judge. If the parties to a case agree, and the court approves, such a former

judge or any member of the bar can preside as a judge pro tem for the case.

By statute a party to litigation has one opportunity, as a matter of right, prior to a discretionary ruling being made by a superior court judge to have that judge removed from handling a specific case.

The effect of SJR 8207, if approved into law:

The constitution would be amended to specifically empower previously elected superior court judges upon retirement to continue to handle those pending cases in which the judge had made discretionary rulings prior to retirement. No agreement would be required by the parties for a retired judge to so function.

Statement for

This change would be of great benefit to the entire judiciary and most particularly those judicial districts with few judges serving the district. There is often a great problem of transition between an outgoing judge and an incoming judge on pending cases. This particularly applies in instances where there are complicated and complex matters. This resolution would allow judges to clear up the caseload of those complicated cases which the judge had been hearing prior to retirement. Many of these cases have been before the court for many years. This would help the incoming judge to assume the regular caseload without pending cases to consume the limited time available.

Superior Court Judges often retire leaving unfinished cases. SJR 8207 would allow such a judge to complete a pending case without written agreement of the litigants. This is an efficient and economical means of continuing a case when a judge retires. A judge's ability after retirement to continue to sit on that case without obtaining consent of the litigants would result in considerable savings to the county, the state and to the parties.

These retiring judges were elected by the people and the parties have already agreed to this judge. In long and complex cases, it would be very difficult and time consuming for the succeeding judge to catch up with the case. The parties would experience delay, and the parties may try to change prior rulings.

Rebuttal of Statement against

SJR 8207 would authorize assigning a retiring elected judge to continue hearing an unfinished complicated case which would be difficult and costly for a new judge to assume. Although this would seldom be done, when needed, it would save time and money for the county and litigants.

Article V, Sec. 2 of our Constitution, prohibits an impeached judge from continuing on any case. Active and retired judges continue to be subject to the supervision of the courts and impeachment laws.

Voters' Pamphlet Statement Prepared by:

IRV NEWHOUSE, State Senator; DENNIS DELLWO, State Representative.

Advisory Committee: PHIL TALMADGE, State Senator; RON MEYERS, State Representative; JACK DEAN, President, Washington State Bar Association; WALTER A. STAUFFACHER, Superior Court Judge, Superior Court Judges Association.

Statement against

SJR 8207 DESTROYS THE ELECTED JUDICIARY

Every citizen who appears in court should be entitled to have his or her case heard by an elected judge—one subject to voter approval every four years. This constitutional amendment destroys that principle.

SJR 8207 CREATES A SPECIAL JUDICIAL "ELITE"

If approved by the voters, this measure would create a special category of "elite" unelected judges on the Superior Court bench in any county. Judges under this constitutional amendment could retire from the bench and still sit on cases of their own choosing. There would be no recourse by voters to examine their performance or express their objections through the election process.

SJR 8207 WOULD PROTECT IMPEACHED JUDGES

No definition of a retired judge is included in this special amendment for privileged judges. A "retired" judge could have reached such status by impeachment for malfeasance or misfeasance in office, but this measure makes no distinction and would not bar an impeached jurist from continuing to serve on the bench.

SJR 8207 BREAKS JUDICIAL AGE PROVISION

Superior Court judges now reach retirement age at 75 and must step down from active duty on the bench, a provision designed to keep our courts from becoming a haven for older jurists. If this constitutional amendment is adopted, a judge could keep serving on a case for life.

SJR 8207 would raise judicial costs. Keeping a Superior Court judge on the bench costs each county and the state up to \$250,000 a year. This additional cost for an "elite" class of judges, who are retired and non-elected, would have to be borne by all of the taxpayers.

Rebuttal of Statement for

As established in our legal history, judges are required to rule on the "law," not on their own personal opinion. A judge who succeeds to another's case has this same duty.

A matter of "convenience" shouldn't override a bench where judge's decisions are subject to voter review at the ballot box. Nor should we breach the judicial retirement age of 75, or create additional costs to maintain an "elite" corps of jurists at taxpayer expense.

Shall state constitutional restrictions, which prevent investment of some permanent public land funds in stocks and private lending, be removed?

The law as it now exists:

The Washington State Constitution and state and federal law have created permanent funds which receive revenue from certain public lands. Those funds include as beneficiaries common schools, universities, normal schools, agricultural, and scientific purposes. Each fund makes investments to generate

income, however, these permanent funds have been constitutionally restricted from investing in stock or making any investments which could be construed as a lending of credit to a private party. In 1966 the voters approved the forty-fourth amendment to the state constitution removing that restriction for the permanent common school fund and permitting those funds to be invested as authorized by law. The other permanent funds, however, continue to have the original constitutional restrictions upon investments.

ject those funds to the same limitation as the permanent common school fund i.e., the Legislature would be authorized to determine what will be a proper investment of those funds.

The effect of SJR 8212, if approved into law:

Statement for

HELPS HIGHER EDUCATION

Our public universities, like the common schools, historically have benefited from trust funds created by the state constitution. These funds help support capital construction for all public education, kindergarten through graduate school.

When the funds were created, their investment was limited to specified, fixed security instruments, such as federal, state, county, municipal or school district bonds. To increase investment flexibility and potentially to improve returns on these funds, Washington voters have amended the Constitution three times: to enhance the Permanent Common School (K-12) Fund, state pension funds, and state industrial insurance funds.

REDUCES TAXPAYER LIABILITY

SJR 8212 provides this same kind of investment flexibility for our public higher education trust funds which benefit the University of Washington, Washington State University, Central Washington University, Eastern Washington University and Western Washington University. It simply permits the state to invest balances in these funds "in any manner allowed by law," including investing in equity instruments, such as common stocks. This could both *improve the rate of return on these funds* and *reduce the need for more taxes or increased bonded indebtedness*.

PROTECTS PUBLIC TRUST

SJR 8212 *does not require* investing higher education trust funds in stocks. It merely provides the opportunity to

do so, but within carefully prescribed laws established to safeguard all investments of public funds. This resolution authorizes wiser money management and permits expansion of our investment flexibility.

VOTE YES ON SJR 8212; IT'S THE PRUDENT VOTE TO CAST

Rebuttal of Statement against

Don't be misled by alarmist rhetoric. Since 1981, the State Investment Board has earned more than a 17 percent return on state pension and accident insurance funds by exercising -- within statutory safeguards -- investment flexibility identical to that which SJR 8212 allows for higher education trust funds.

SJR 8212 has overwhelming support from both political parties -- 97% of the Legislature voted for it.

Support higher education; reduce the drain on taxpayers.

Vote YES on 8212!

Statement against

VOTE NO - The state should be prudent and sensible with public trust fund money.

ENOUGH IS ENOUGH

Currently, other state trust fund money is invested in leveraged buyouts, venture capital, the stock market and real estate. This is gambling with our state money. Do not expose more public funds to these sophisticated and high risk investments. This is happening now - stop it by voting No.

RISKY BUSINESS

Recently some of our state trust fund money was used to buy a Bellevue office park. The state of Washington should not be involved in commercial real estate. This is not what might happen if constitution limitations are removed, this is what is happening now with other trust fund money.

FOUNDERS WERE RIGHT

State founders put restrictions on the use of the state's money and use of the state's credit. This change removes these prudent limitations. The opportunity for conflict of interest, corruption, middlemen, and losing great sums of money increase tenfold when restrictions are removed.

STOP IT NOW

Right now the state invests trust fund money in leveraged buyouts, venture capital, and real estate. Close this "Pandora's Box" approach to investing - **VOTE NO**.

Rebuttal of Statement for

Increasing the flexibility of trust fund investments will not benefit the taxpayer. In fact it will hurt the taxpayer if the investments turn into losses. This would create pressure to raise taxes to make up for the losses.

Leveraged buyouts and venture capital investments are investing in corporations and are potentially the lending of state credit. Protect school trust funds -- **VOTE NO**.

HOUSE JOINT RESOLUTION 4212

PROPOSED CONSTITUTIONAL AMENDMENT

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of House Joint Resolution 4212 begins on page 17.

Vote cast by the 1987 Legislature on final passage:
HOUSE: Yeas, 78; Nays, 20; Absent or not voting, 0.
SENATE: Yeas, 33; Nays, 16; Absent or not voting, 0.

Official Ballot Title:

Shall the State Constitution be amended so legislative representatives will be elected for four years and senators for six years?

The law as it now exists:

All the members of the House of Representatives of the Washington State Legislature are now elected for two-year terms in elections occurring in even numbered years. The members of the Senate of the Washington State Legislature

are elected for four-year terms with approximately one-half of the senatorial seats up for election at each even year election.

The effect of HJR 4212, if approved into law:

The members of the House of Representatives of the State Legislature would be elected for four-year terms. Approximately one-half of the membership of the House would be elected in each even year election. There are two representatives in each legislative district, so as a transitional measure in the 1988 election, the representative receiving the largest vote in the district would be elected for a four-year term and the other representative would have a two-year term. The legislative position with the initial two-year term would in the 1990 election become a four-year term.

The members of the Washington State Senate of the Legislature would be elected for six-year terms with approximately one-third elected at each election. The 1988 and 1990 elections would result in some senators being elected for four years and others for six years to establish a pattern which by 1992 would result in all senators being elected to six-year terms.

Statement for

ARE LEGISLATORS DOING THE WORK THEY ARE ELECTED TO DO?

Immediately after each election state legislators begin fund-raising and planning for their next election. The current two-year terms for members of the House and four-year terms for state Senators give strong momentum to short-term popular positions which push real problems and their solutions to the future.

NEED FOR A CHANGE

Our state Constitution is a dynamic document that, with its many changes, reflects the changing views and needs of our state. One hundred years ago it made good sense to the drafters of our Constitution to set two- and four-year terms for our legislators. After all, they met once every two years for sixty days, probably approved about fifty new laws and then went home by horseback, steamboat and railroad for two years before they met again. Communication was slow and the demands created by public necessity were minimal.

Today, the Legislature meets every year, 105 days in odd years, 60 days in even years, and in numerous overtime sessions. Over 4,000 proposals for new laws are introduced every two years, and 400 to 500 new laws enacted. Our world has grown more complex and longer terms for legislators is the logical result of the more complex issues that must be addressed. This constitutional amendment would prohibit a member of the House of Representatives from running for the state Senate without first giving up their House seat, but would allow a representative to run for other offices without first giving up the House seat.

Rebuttal of Statement against

Longer terms *will* actually make your legislator more effective. Your legislator can better consider the many problems faced; give them careful scrutiny and not be ramrodded into a hasty decision because of momentary political or lobbyist pressure.

A six-year term for your senator will match that of your U.S. Senator. A four-year term for your representative means more attention to your problems, less to fund-raising and campaigning.

Your vote *FOR* HJR 4212 will give you a more responsible and responsive legislator.

Voters' Pamphlet Statement Prepared by:

LARRY L. VOGNILD, State Senator; SIMEON R. "SIM" WILSON; State Representative; RUTH FISHER, State Representative.

Advisory Committee: ALAN BLUECHEL, State Senator; GEORGE L. SELLAR, State Senator; PAT SCOTT, State Representative; GEORGE W. WALK, State Representative.

Statement against

The changes proposed in HJR 4212 are unnecessary and unwise. Lengthening the term of office for our legislators only would make state government more unyielding and less responsive to the will and needs of the people.

The length of our legislators' terms -- closely patterned on the length of congressional terms in office -- has been in effect for 100 years, and there is no valid reason to change it. Extending the duration of office by two years simply would make our elected representatives less accountable to the people of Washington State.

Why? Our citizen Legislature must maintain close ties with the electorate. The current system -- with two-year terms for the House of Representatives and four-year terms for the Senate -- requires constant communication between legislators and the public. The election process gives each voter the opportunity to hear regularly from his lawmakers and grade their performances. Limiting voters' opportunity to cast judgment on their lawmakers flies in the face of a democratic government.

Lengthening the span between elections would measurably weaken the voters' voice in government. It's true that election campaigns often are long, expensive and tiring -- but campaigns also are often the only chance many people have to see and visit with their legislators. Reducing the frequency of elections would curtail the communications that are so vital to a democratic, representative form of government.

Your vote against HJR 4212 will prevent a dilution of your voice in our state government.

Rebuttal of Statement for

Long-term solutions to problems result from hard work by quality lawmakers -- not longer terms of office.

Yes, our world is growing more complex, but our ability to understand and deal with problems is growing too. The media help keep us well informed on governmental issues and actions. Extending lawmakers' terms won't make the legislative process more effective or easier.

If legislators are spending too much time electioneering, the solution is campaign reform, not longer terms.

HOUSE JOINT RESOLUTION 4220

PROPOSED CONSTITUTIONAL AMENDMENT

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of House Joint Resolution 4220 begins on page 17.

Vote cast by the 1987 Legislature on final passage:
HOUSE: Yeas, 86; Nays, 11; Absent or not voting, 1.
SENATE: Yeas, 33; Nays, 16; Absent or not voting, 0.

Statement for

HJR 4220 is needed to assure adequate schools for our state. Public school construction is funded by a combination of local and state monies. On the average, the state supports about one-half of the cost of each construction project. The local school district voters provide the balance through property taxes or bond issues.

SCHOOL CONSTRUCTION FUNDS ARE INADEQUATE

For the past twenty years state support for school construction has been met through the sale of timber from trust lands. Three major factors make this level of construction support inadequate:

1. Statewide enrollment growth necessitates new classrooms.
2. The value of trust timber has declined 50 percent in the past four years.
3. Our existing school buildings are wearing out.

SCHOOL PROJECTS AWAIT STATE FUNDING

Projects representing \$300 million have secured the local share and are awaiting state funds. Some of these projects have been waiting since 1984 and without the passage of HJR 4220 they may still be waiting through the 1990's.

HJR 4220 WILL PROVIDE FOR OUR CHILDREN'S FUTURE

This constitutional amendment allows for a state property tax levy that will not exceed 35 cents per \$1000 of assessed value and will not be collected for longer than 15 years. The money would be used solely for school construction purposes. Projected revenue from the proposition

Official Ballot Title:

Shall the constitution be amended to permit a 15 year state-wide special property tax levy exclusively for school construction purposes?

The law as it now exists:

The state constitution limits tax levies upon real and personal property by the state and all taxing districts, except port districts and utility districts, in any one year to in the aggregate not more than one percent of true and fair value of such property. This constitutional limit on property taxation

would fund approved projects on the waiting list within seven years. In addition, monies deposited into a permanent endowment will provide an ongoing source of funding for future school construction needs.

There are currently over 750,000 children in kindergarten through grade twelve. By 1999, enrollment will grow to over 900,000 students.

Our children deserve safe, healthful, and uncrowded schools.

Rebuttal of Statement against

YES, HJR 4220! The opposition's argument is misleading. In politics, it is called "smoke and mirrors."

- HJR 4220 does not tamper with the Constitution.
 - HJR 4220 will be directed by the voters to exist for 15 years. Period.
 - Nobody likes increases in property taxes. But the longer it takes to fix schools, the more it will cost -- pure and simple.
 - HJR 4220 does not interfere with local levies. The opposition mixes apples and oranges. *Vote YES!*

can be exceeded by taxing districts only by securing voter approval as delineated in the state constitution.

The effect of HJR 4220, if approved into law:

The state would be authorized to impose a property tax in excess of to the current constitutional limit, at a rate not to exceed 35 cents per thousand dollars of assessed valuation adjusted to the state equalized value for a period of 15 years. The proceeds of that tax are to be used exclusively for school construction purposes.

Related provisions of the constitution would be altered to harmonize with the added language concerning a state property tax levy for school construction purposes, including

the repeal of authorization to retire bonds from the interest on the permanent common school fund. This also eliminates certain language in the constitution which expired by its own terms at some past period and is now obsolete.

Statement Against

GOOD INTENTIONS, BUT A BAD IDEA

Yes, we have a problem in funding school construction projects. *But while the problem is clear, the solution is not.*

Increasing property taxes is the wrong way to solve this problem.

Should we tamper with the Constitution? No. Amending the state Constitution for 15 years is inappropriate. The Constitution should be a permanent document protecting Washington citizens. Short-term changes are unwise.

Do you really believe this tax will be "temporary"? No. Proponents of this property tax plan say it will last 15 years. . . they claim it will be "temporary." But just think about all the times supposedly "temporary" taxes ended up being made permanent.

Should we again use property taxes as the easy way to get more money for government? No. Already this year the Legislature raised the levy lid for school districts, allowing higher property tax rates. The Legislature also allowed libraries to seek local levies that would increase taxes further. Another significant increase in our property tax burden is the last thing we need.

Should the state pre-empt local use of property taxes? No. Property taxes are intended to fund local government activities . . . such as road maintenance, law enforcement, fire protection, emergency medical assistance, and so on. For the state to increase our property tax burden will make it harder for local governments to win approval of the levies they must have to operate effectively.

We should reject this proposal and keep property taxes as a local option and preserve local control.

Rebuttal of Statement for

The problem of school construction funding is not new; it has been on the horizon for several years. *And a temporary constitutional amendment is not the answer.*

This property tax increase would require property taxpayers to pay for school construction projects throughout the state. . . in addition to projects they are already paying for in their own district.

We need a better way to pay for necessary school construction. . . not just higher property tax rates.

COMPLETE TEXT OF Referendum Bill 41

AN ACT Relating to the federal reserve system; creating new sections; and providing for submission of this act to a vote of the people.
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec.1. (1) A sound money system is absolutely vital to a free people. Symptoms of an unsound money system abound: Budget deficits, recurring recession cycles, farm foreclosures, business bankruptcies, bank, savings and loan, and insurance company failures, trade deficits, and dramatic fluctuations in interest rates, inflation levels, and unemployment statistics. These represent a clear and present danger to the people and to the government of the state of Washington and the United States of America.

(2) The Federal Reserve Act of 1913, and other acts of Congress, purport to delegate the nation's monetary authority to the Federal Reserve System, with no oversight or control by any elected body or official. The Federal Reserve Board is assumed to have the power to create money and thus exercise absolute control over the economic activity of this nation, whereas the United States Constitution nowhere authorizes Congress to delegate such power.

(3) The Federal Reserve Act of 1913, and other acts of Congress, purport to delegate authority, without oversight or control, under which large, private United States multinational banks have made unrestricted loans all over the world which, now in danger of default, threaten the United States of America with a collapse of its whole banking structure.

NEW SECTION. Sec 2. It is hereby the declared intent of the state of Washington, and the counsel appointed by the legislature is hereby directed, to cause to be filed in the original jurisdiction of the supreme court of the United States: (1) An action challenging the constitutionality of the delegation to the federal reserve system of the power to create money, and thus the power to exercise absolute control over the economic activity of this nation, and (2) An action challenging the delegation of authority without oversight, under which large, private multinational banks have made unrestricted foreign loans which, if they default, threaten the United States of America with a collapse of its whole banking structure.

NEW SECTION. Sec. 3. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof.

COMPLETE TEXT OF Initiative Measure 92

AN ACT Relating to the consumer protection act; and adding a new section to chapter 19.86 RCW.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. A new section is added to chapter 19.86 RCW to read as follows:

(1) It shall be an unfair or deceptive act or practice or unfair method of competition in the conduct of trade or commerce under RCW 19.86.020 for any physician to:

(a) Charge, collect, or attempt to collect for medical services provided to any patient eligible for medical insurance benefits for the aged and disabled under the federal medicare program, part B of Title XVIII of the federal social security act, any amount in excess of the reasonable charge for such services as determined under part B of Title XVIII of the federal social security act;

(b) Fail to enroll at the earliest possible time, or fail to continue, as a participating physician under the supplementary medical insurance benefits for the aged and disabled part of the federal medicare program, part B of Title XVIII of the federal social security act; and

(c) Fail to post in a conspicuous place in his or her place of business a summary of the provisions of this section in accordance with such rules adopted by the attorney general to assure that patients are given reasonable notice of their rights under this section.

(2) This section does not apply to a physician who certifies in writing to the attorney general of the state of Washington that he or she does not and will not provide medical services covered under the supplementary medical insurance benefits for the aged and disabled part B of the federal medicare program to persons eligible for such benefits except in emergency situations or when such treatment would otherwise be required by the standards of the profession.

(3) For the purposes of this section the terms used in this section shall be defined consistently with the definitions for such terms contained in Title XVIII of the federal social security act.

NEW SECTION. Sec.2. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

COMPLETE TEXT OF Senate Joint Resolution 8207

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IV, section 7 of the Constitution of the state of Washington to read as follows:

Article IV, section 7. The judge of any superior court may hold a superior court in any county at the request of the judge of the superior court thereof, and upon the request of the governor it shall be his duty to do so. A case in the superior court may be tried by a judge, pro tempore, who must be a member of the bar, agreed upon in writing by the parties litigant, or their attorneys of record, approved by the court and sworn to try the case. However, if a previously elected judge of the superior court retires leaving a pending case in which the judge has made discretionary rulings, the judge is entitled to hear the pending case as a judge pro tempore without any written agreement.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

COMPLETE TEXT OF House Joint Resolution 4212

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article II of the Constitution of the state of Washington by repealing section 4 thereof and amending Article II, section 5 and Article II, section 6 of the state Constitution to read as follows:

Article II, section 4. Section 4, Article II of the Constitution of the state of Washington is repealed.

Article II, section 5. ~~((The next election of the members of the house of representatives after the adoption of this Constitution shall be on the first Tuesday after the first Monday of November, eighteen hundred and ninety, and thereafter, members of the house of representatives shall be elected biennially and their term of office shall be two years; and each election shall be on the first Tuesday after the first Monday in November, unless otherwise changed by law:))~~ Members of the house of representatives shall be elected for terms of four years with as near to one-half of their number as is mathematically possible retiring every two years. At the general election to be held on the first Tuesday next succeeding the first Monday in November 1988, the candidate in each representative district who receives the greatest number of votes shall be elected for a term of four years and thereafter for a term of four years, and at the same election the winning candidate in each representative district who receives the second highest number of votes shall be elected for a term of two years and thereafter for a term of four years.

Elections of the members of the house of representatives shall be on the first Tuesday after the first Monday of November in each even-numbered year unless otherwise changed by law. Persons elected to the house of representatives shall serve four-year terms unless they resign or seek other legislative office.

Article II, section 6. ~~((After the first election))~~ The senators shall be elected by single districts of convenient and contiguous territory, ~~((at the same time and))~~ in the same manner as members of the house of representatives are required to be elected; and no representative district ~~((shall))~~ may be divided in the formation of a senatorial district. They shall be elected for ~~((the))~~ terms of ~~((four))~~ six years, ~~((one-half))~~ with as near to one-third of their number retiring every two years. The senatorial districts shall be numbered consecutively, and ~~((the senators chosen at the first election had by virtue of this Constitution, in odd numbered districts, shall go out of office at the end of the first year; and the senators, elected in the even numbered districts, shall go out of office at the end of the third year))~~ shall be divided into three groups: The first group to consist of every first district, the second to consist of every second district, and the third to consist of every third district. For those districts in which senators are to be elected in 1988 the term of office shall be four years for each district in the first and second groups and six years for each district in the third group; and thereafter in each district the term of office shall be six years. For those districts in which senators are to be elected in 1990, the term of office shall be four years for each district in the first group and six years for each district in the second and third groups; and thereafter in each district the term of office shall be six years.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

COMPLETE TEXT OF House Joint Resolution 4220

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IX, section 3 and an amendment to Article VII, section 2 of the Constitution of the state of Washington to read as follows:

Article IX, section 3. (1) The principal of the permanent common school fund as the same existed on June 30, 1965, and including any revenue dedicated to the fund from a state property tax shall remain permanent and irreducible.

(2) The ~~((said))~~ permanent common school fund shall consist of the principal amount ~~((thereof existing on June 30, 1965))~~ under subsection (1) of this section, and such additions thereto as may be derived after June 30, 1965, from the following named sources, to wit: Appropriations and donations by the state to this fund; donations and bequests by individuals to the state or public for common schools; the proceeds of lands and other property which revert to the state by escheat and forfeiture; the proceeds of all property granted to the state when the purpose of the grant is not specified, or is uncertain; funds accumulated in the treasury of the state for the disbursement of which provision has not been made by law; the proceeds of the sale of stone, minerals, or property other than timber

and other crops from school and state lands, other than those granted for specific purposes; all moneys received from persons appropriating stone, minerals or property other than timber and other crops from school and state lands other than those granted for specific purposes, and all moneys other than rental recovered from persons trespassing on said lands; five per centum of the proceeds of the sale of public lands lying within the state, which shall be sold by the United States subsequent to the admission of the state into the Union as approved by section 13 of the act of congress enabling the admission of the state into the Union; the principal of all funds arising from the sale of lands and other property which have been, and hereafter may be granted to the state for the support of common schools. The legislature may make further provisions for enlarging said fund.

(3) There is hereby established the common school construction fund to be used exclusively for the purpose of financing the construction of facilities for the common schools. The sources of said fund shall be: ~~((1))~~ (a) Those proceeds derived from the sale or appropriation of timber and other crops from school and state lands subsequent to June 30, 1965, other than those granted for specific purposes; ~~((2))~~ (b) the interest accruing on said permanent common school fund from and after July 1, 1967, together with all rentals and other revenues derived therefrom and from lands and other property devoted to the permanent common school fund from and after July 1, 1967; and ~~((3))~~ (c) such other sources as the legislature may direct. That portion of the common school construction fund derived from interest on the permanent common school fund may be used to retire ~~((such))~~ bonds ~~((as may be))~~ authorized by law prior to January 1, 1987, for the purpose of financing the construction of facilities for the common schools.

~~((The interest accruing on the permanent common school fund together with all rentals and other revenues accruing thereto pursuant to subsection (2) of this section during the period after the effective date of this amendment and prior to July 1, 1967, shall be exclusively applied to the current use of the common schools.))~~

(4) To the extent that the moneys in the common school construction fund are in excess of the amount necessary to allow fulfillment of the purpose of said fund, the excess shall be available for deposit to the credit of the permanent common school fund or available for the current use of the common schools, as the legislature may direct.

Article VII, section 2. Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed one per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either

at a special election or at the regular election of such taxing district, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty per centum of the total votes cast in such taxing district at the last preceding general election when the number of electors voting on the proposition does not exceed forty per centum of the total votes cast in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the electors thereof voting on the proposition to levy when the number of electors voting on the proposition exceeds forty per centum of the total votes cast in such taxing district in the last preceding general election: PROVIDED, That notwithstanding any other provision of this Constitution, any proposition pursuant to this subsection to levy additional tax for the support of the common schools may provide such support for a two year period and any proposition to levy an additional tax to support the construction, modernization, or remodelling of school facilities may provide such support for a period not exceeding six years;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein, AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort;

(d) By the state for a property tax at a rate not to exceed thirty-five cents per thousand dollars assessed valuation adjusted to the state equalized value, levied for a maximum of fifteen years and used exclusively for school construction purposes.

BE IT FURTHER RESOLVED, That the foregoing amendment shall be construed as a single amendment within the meaning of Article XXIII, section 1 of this Constitution.

The legislature finds that the changes contained in the foregoing amendment constitute a single integrated plan for funding common school capital projects. If the foregoing amendment is held to be separate amendments, this joint resolution shall be void in its entirety and shall be of no further force and effect; and

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

BALLOT TITLE

PROPOSITION NO. 1 REGIONAL HEALTH CARE CAPITAL IMPROVEMENTS BONDS-\$99,800,000

Shall King County, to finance Harborview Medical Center's trauma center and certain capital improvements at Harborview and Pacific Medical Centers, and the Health Department's Columbia, East, South, Southwest and Renton Clinics, as provided in King County Ordinance 8196, issue up to \$99,800,000 of unlimited tax general obligation bonds with a maximum term of 20 years, on which principal and interest shall be payable from annual property tax levies in excess of regular property tax levies?

Explanatory Statement:

If approved by the voters, Proposition No. 1 would authorize King County to issue up to \$99,800,000 of unlimited tax general obligation bonds, maturing within 20 years, to finance all or part of the following regional health care capital improvement projects within King County:

(1) At Harborview Medical Center, expansion and consolidation of the emergency trauma center and other key diagnostic departments; expansion, improvement and relocation of patient and visitor services; and modernization, expansion and consolidation of in-patient and out-patient facilities.

(2) At Pacific Medical Center, structural repairs and/or additions to bring its Beacon Hill "Tower Building" into compliance with Seattle's seismic and other building codes.

(3) Construction of three new public health centers in Seattle, east King County and south King County, and expansion, remodeling and repairs to existing public health centers in Renton and southwest King County.

The maximum amounts of bond principal proceeds to be available to these projects shall be: Harborview - \$75,465,000; Pacific Medical Center - \$9,315,000; and public health centers - \$15,020,000.

Unless paid from other sources, both principal of and interest on the bonds would be paid from annual excess property tax levies upon all taxable property within King County, without limitation as to rate or amount.

To be approved, this proposition must receive "yes" votes from at least 60% of those voting on it, and the total number of persons voting on this proposition must equal at least 40% of those in King County who voted at the last general state election.

Statement for

SAVING LIVES: Life-threatening injuries can strike anyone at anytime. For the more than 3,000 accident victims treated at Harborview each year, the difference between full recovery and a lifetime of impairment or death can be a matter of seconds. Harborview's trauma team, while nationally recognized, is forced to lose precious seconds because essential facilities — the emergency room, surgery, radiology, laboratories and the air ambulance heliport — are spread throughout the hospital. Blood test labs, for example, are a block and a half and two floors from the emergency room.

Proposition 1 would provide a modern, efficient Trauma Center at Harborview. Essential emergency services would be consolidated and readily available—making the difference for many accident victims whose lives hang in the balance.

MEETING HEALTH CARE NEEDS IN OUR COMMUNITY: Demands on our Health Department clinics to provide basic and preventative care cannot be met without Proposition 1. These clinics, located in communities with rapid population growth, are already straining to provide services to those most in need—especially children and seniors.

When low-income patients around the county need specialty medical care, they are referred by the community clinics to Pacific Medical Center. PMC must make structural improvements to keep these vital services available.

A SMALL PRICE TO PAY: Proposition 1 asks voters to commit only 11 cents per \$1,000 of assessed property value a year to these public health care facilities over the next 20 years.

Vote yes on 1 — a small price to pay when it's about saving lives.

Rebuttal of statement against

Harborview is THE treatment facility for people from all over King County with the most serious, life-threatening injuries. **It must be modernized.**

Harborview is one of the few county hospitals that requires no operating subsidies. These improvements will keep Harborview self supporting. The Seattle Area Hospital Council endorses Proposition 1 because **it's cost effective.**

SOS is also wrong about Pacific Medical Center. If the funds aren't committed to PMC, the bonds won't be issued.

STATEMENT PREPARED BY: WARREN G. MAGNUSON, JOEL PRITCHARD, JAMES WICKWIRE

Statement against

"...the United States often has worse health than Britain despite spending three times as much per head on health care." (*London Economist* 8/22/87, page 47)

The Shareholders of Seattle (SOS) urge you to vote NO on Proposition 1, the Regional Health Care Capital Improvements Project.

The crisis of medical care here is a crisis of costs.

Why? Because we in the United States are spending progressively more for medical **buildings** than we are for medical **services**. That is precisely the situation here. We're being asked to allocate \$100 million for capital projects financed by a bond issue, with not a single penny going for operating or maintaining the subsequent improvements. With interest, this bond issue will cost the taxpayer a minimum of \$200 million. **The effect is higher medical costs for all whether one pays the bill directly or through insurance.**

Problems that SOS is asking you to consider are:

1. The Harborview Long Range Capital Improvement Plan gives no non-capital alternatives. There is no documented data to show that the proposed capital expenditures will attain the efficiencies claimed.

2. The Pacific Medical Center (PMC) is managed by a Public Development Authority. As such, the funding for PMC is conditional (see Ordinance Sec. 4). Passage of this measure does not necessarily mean that PMC will get the funds. If it doesn't, the ordinance does not say what will happen to the money. **Once again, we're being asked to sign a blank check.**

Rebuttal of statement for

Vote NO on Proposition 1.

Harborview: Alleged "inefficiency" is a management problem certainly not requiring a bond issue.

Pacific Medical Center: PMC has been cutting back on health care. Why??

Medical costs have increased because facilities have expanded beyond the ability to staff, equip and maintain them. Developmental costs will be passed on to patients. How can more lives be saved and health care provided if people can't afford the services?

Vote NO on 1.

King County Assessor

**Jeanette
BERLEEN
Republican**

Jeanette Berleen has been a real estate appraiser for three and one half years, an accountant and lead budget analyst, and has served laudably in our Washington State House of Representatives. She has been a member of the Burien, White Center, and West Seattle Chambers of Commerce, Highline United Methodist Church, and Citizens to Save Puget Sound.

Jeanette Berleen was born on November 2, 1952. She attended Highline Community College and the University of Washington, where she received a Bachelors degree in Business Administration in 1976. Jeanette Berleen has experience in management, budgeting, appraisal, and working with people.

I plan to make the Assessor's Office more accessible, informative, and efficient. The office can be made more efficient by making property tax appeals' decisions good for more than just one year. Also, by assigning appraisal crews to specific areas, they will become more familiar with the neighborhoods they appraise.

The office can be more informative by letting people know about exemptions they are eligible for in a timely fashion. Then, people will not be taken advantage of by paying more than their fair share of property taxes. For example, taxpayers can get an exemption for added value of remodeling on single family residences, up to a limit, by filing a form with the Assessor's office. I will work with the building department of King County and all city building departments to have the proper forms automatically issued with all residential remodeling building permits.

Renters, you have a stake in property taxes. Your rent will probably increase by as much as any new taxes paid by the owner. The Assessor's office can be more informative by letting people know how much bonds and levies are going to increase property taxes, before they vote on them. Then the decision on whether or not to pass these issues is up to an even more informed electorate, both owners and renters.

The office of Assessor can be made more accessible by opening a public information counter at the existing Eastside Assessor's Office, and by working with libraries to have property tax information stations located in them.

You have a right to know about tax exemptions and why your property is appraised the way it is. As Assessor, I will make sure property is appraised fairly, and I will accommodate the needs of all citizens.

Thank you for your interest, concern, and your vote.

**Ruthe
RIDDER
Democrat**

Ruthe Ridder is seeking reelection as King County Assessor. In 1983 she defeated three-term incumbent Harley Hoppe. Ruthe has received high marks during her first term. Headlines such as, *HERE'S AN ASSESSOR WHO HELPS THE TAXPAYER* (Seattle P.I. 2/23/86) have been typical.

Ruthe was born June 13, 1929; Bachelor's, Psychology, University of Washington; served 9 years State Senate, Chair Labor Committee, member Ways/Means, Rules and Legislative Budget Committees; Vice President Washington State Association of County Assessors, member Rainier Chamber of Commerce and League of Women Voters.

Ruthe has won each election she's campaigned in.

King County Assessor Ruthe Ridder keeps her word.

Four years ago, she promised to run an open, professional and non-political Department of Assessments. Ruthe Ridder has kept these promises and more.

Ruthe has quietly and efficiently brought fairness to the assessment process. Under Ruthe Ridder, the valuation process is handled by a professional staff without politics getting in the way. There are no more scandals. No private detectives following Department employees. Every property is treated equally.

In keeping her word to open the office, Ruthe has: *Initiated taxpayer assistance meetings throughout King County which have been very well attended. Over 3,000 taxpayers have received personal help in understanding their property tax system.*

Distributed over 10,000 copies of "Tax Facts", a free booklet on Department programs, including information on how to obtain property tax exemptions and appeal property values.

Made it easy for the public to get information from the Assessor's Office on any property.

Made comparable sales data available on computer terminals.

Ruthe has accomplished all of this while holding to a no growth budget. She looks to the next 4 years to sustain the role of your independent Assessor to protect and enhance property tax fairness.

Ruthe has reached out to property owners who need assistance and are eligible for property tax relief.

She initiated a program of immediately informing taxpayers whose property has been damaged of their right to property tax relief.

She successfully sought legislation to increase interest paid to taxpayers who receive refunds.

She developed an aggressive outreach program to inform seniors, the disabled and home remodelers of tax-exemption programs.

Ruthe's honesty and integrity have earned her enormous respect. On November 3rd, your continued support of Ruthe Ridder will keep the office open, accessible and fair.

Chief Zoning and Subdivision Examiner for King County, 1970-79. Served on Active Duty with the U.S. Navy as a Naval Flight Officer. Retired from Naval Reserve with Rank of Captain. Married to Brigid (Flood) Laing. Three children: Jim, Colleen and Greg.

Serving second term, King County Councilman.

For the past eight years I have had the honor of serving as your King County Councilman. I have worked hard for you and have found the job both challenging and satisfying. I'd like your vote for my re-election to the County Council.

During these past eight years I have also served on the Metro Council and on the Executive Board of the Puget Sound Council of Governments. My fellow elected officials have honored me by electing me to the following chairmanships: Chairman King County Council; Chairman King Subregional Council; Chairman Metro Water Quality Committee; Chairman Joint Metro/PSCOG Multi-Corridor Steering Committee.

I have sponsored many County ordinances and motions which benefit our area, including: Purchase of 1750 acres as part of the Cougar Mountain Regional Wildlands Park; Purchase of the Beaver Lake Natural Resource Park; Placement of the Issaquah Skyport bond issue on the ballot; Mitigation of impacts from the Cedar Hills Landfill; Development of the Maplewood Heights Park and school walkway system; Development of Petrovitsky Park; Widening of Petrovitsky Road, Coal Creek Parkway, and East Lake Sammamish Parkway.

I have also sponsored legislation on significant County-wide issues, including: Publication of a King County Voters Pamphlet (which you are now reading); Preparation of siting plans for garbage disposal facilities, including energy resource recovery plants; Establishment of a Surface Water Management Utility.

There are many challenging issues facing the County which I would like to address in the next four years, such as: The adoption of a County Human Services Plan; Modernization of the County Zoning and Subdivision Codes; Capping of toxicant hot spots in Lake Washington and Puget Sound; Increasing transit service between suburban centers; Planning for a light-rail system.

I appreciate your past support. Now I ask your support for the future.

**Greg
NICKELS**
Democrat

Born in Chicago, Illinois on August 7, 1955, Greg Nickels has served for the last eight years as a Legislative Assistant for the Seattle City Council. In that position, Mr. Nickels has extensive background in local government finance, budget, public safety and complex utility issues. Greg attended Holy Rosary and Our Lady of Guadalupe grade schools. He graduated in 1973 from Seattle Prep (where he was a National Merit Scholar) and attended the University of Washington. Greg and Sharon Nickels have been married since 1978. They have two children—Jacob (6) and Carey (4).

"I am running for King County Council because it is time for a change in King County. During this campaign I have talked with thousands of people in the Eighth District about their concerns. First and foremost they are worried about the future of our King County region. They see our terrible traffic mess and wonder what is being done to fix the problem, they see their garbage bills skyrocketing and wonder if we have the leadership to deal with the solid waste crisis, they see their sewer bills going up and up and up and wonder where it is going to stop.

In the Eighth District we share these problems. Kent has the highest traffic death rate in Washington State, the congested First Avenue South Bridge has claimed 15 lives over the last eleven years. The Kent-Highlands landfill is in the Eighth District. Fortunately the Midway landfill is not in the Eighth District. But the gas from Midway migrates under I-5 and bubbles to the surface—in the Eighth District!

The Challenges facing King County and the Eighth District—creating a true regional transportation system, solving the solid waste crisis, cleaning up Puget Sound while working to keep sewer rates affordable are challenges which require new ideas, new energy and new leadership."

Greg Nickels has the experience, skill and vision to be an outstanding King County Councilmember. He is part of the change we need—today!

Port Of Seattle Commissioner District No. 3

**Paige
MILLER**

Paige Miller practiced business law in Seattle for several years before joining the Seattle City Council staff as a legislative assistant and policy analyst. As President of the Queen Anne Community Council, Paige led in negotiating a cooperative agreement between the Port and nearby neighborhoods which permitted moderate expansion of Terminal 91 while protecting the neighborhoods from harmful impacts. Paige also served on the committee which developed the Port's long-range harbor plan.

Born January 5, 1949, Paige is a graduate of Brown University and Yale Law School. She and her husband Bruce Johnson, have two children, Marta and Winslow.

The Port of Seattle brings 80,000 jobs to King County. That is the Port's mission. Some of those jobs are on the waterfront, some are at SeaTac. Many more are related to Port activity. If the Port fails, we all suffer.

The Port needs effective new leadership. It needs someone who can listen, someone who can work with people, and someone who can get the job done. I began working on Port issues six years ago as a community leader, helping the Port and my neighborhood to resolve a bitter dispute over a proposed development project at Terminal 91. Later, I served on the committee that developed the Port's long-range strategy for the harbor's cargo-handling facilities. Through those experiences I learned the Port's business and worked with the people, inside and outside the Port, who are involved in its daily activities.

I want to use my knowledge of the Port and my experience in working with people in the community to help the Port work on some important problems.

The Port needs to be more open and accountable to the public. It needs to improve its customer service and customer relations or we will lose important customers to our competitors. The Port must be open and fair in hiring and contracting. And it must move forward with three important economic development projects - a cruiseship terminal, an international trade center and expanded moorage for the fishing fleet.

Also, the Port must take steps immediately to reduce the level of airplane noise in our neighborhoods. Noise can be reduced through enforcement of existing regulations, and through new incentives and regulations which push for the use of quieter, new-generation airplanes at SeaTac. The Port needs working, caring leadership. I ask for your vote on November 3rd.

George Kargianis, a successful businessperson and attorney (practicing 34 years), is a senior partner in his downtown Seattle law firm, and resides with his family in Bellevue where he served as Bellevue School Board President. Kargianis, former Washington Utilities and Transportation Commission Chief Examiner, is an expert on maritime, transportation, and international trade issues, an appointed mediator, and experienced negotiator.

A native Washingtonian and University of Washington Law School graduate, Kargianis is a former Washington State Bar Association Governor, a fellow of the prestigious American College of Trial Lawyers, and sits on numerous arts and community boards and commissions.

I bring to the Port experience, knowledge and commitment to public service. Shortly, the Port will make a number of critical policy decisions which will affect our economy, neighborhoods, and quality of life for decades to come.

FIRST and foremost, the Port Commission must be a body capable of projecting a positive image. As a mediator, negotiator and consensus builder, I have the background to be the catalyst for harmony and consensus between the commission and staff.

SECOND, the Port must be a better neighbor, that means it has to be a better listener. **THIRD**, many of our neighborhoods, and rightfully so, are concerned about the noise from air traffic and Port facilities. The Port needs to ensure noise abatement policies are developed and utilized.

FOURTH, Fisherman's terminal is the home Port for our two billion dollar per year fishing industry. We must meet the needs of this industry with facilities, goods, and services. **FIFTH**, Northwest ports need to develop more interport cooperation on a regional basis to compete successfully against out of state ports.

SIXTH, we need to better market the Port. **SEVENTH**, the Port must continue to play a key role in the economic development of King County.

I am running because I believe I offer what the Port and our citizens need from a Commissioner: an experienced steady hand, a proven mediator and negotiator, an authority on issues of major concern to the Port, a successful business-person and a respected community leader. I have worked with and represented both business and labor.

If I can answer any questions please contact me at 4700 Columbia Center, Seattle 98104 or 624-5370. As your new Port Commissioner, I will work hard to accomplish the goals I've set out above. I would appreciate your vote. Thank you.

I am an attorney practicing in Auburn. I received my Bachelor Degree from the University of Washington and my Juris Doctor from the University of Puget Sound School of Law. My wife, Mary Jo, is a dentist, also practicing in Auburn. We have two children, Kate and Jack. We attend the Holy Family Catholic Church. I am a member of the 31st Legislative District Democratic Party, the Auburn Chamber of Commerce and the Auburn Eagles.

As a member of the Auburn City Council I am pleased about what has been accomplished over the last four years. Two new fire stations have been built while City fire and emergency services have been expanded. More personnel have been added to our police department and a unit specifically designed to crack down on drugs has been created. While much remains to be done to improve traffic problems in our City, significant strides have been made.

As chairperson of the Council's Planning and Community Development Committee, I've been heavily involved in the creation of a new Comprehensive Plan and Zoning Code which is designed to protect the family character of our community while encouraging quality businesses to locate in Auburn. At the same time, we've streamlined the City's administrative procedures to cut needless red-tape. Recently we broke ground on the development of the Game Farm Park.

I am seeking re-election because of the improvements yet to be accomplished in the areas of traffic, our library, the downtown area and senior citizen services.

Born August 13, 1951 on a military base in Georgia. After losing my father, at age twelve, through an airplane accident; the family settled in Oklahoma until moving to Auburn in 1967. Graduating from Auburn High in 1969, then attended W.S.U. receiving a degree in natural sciences and education. Married Auburn home town girl and we have three wonderful boys. I have worked in the construction field for twelve years and am a specialty contractor.

Being a resident of Auburn twenty years, I have observed a variety of needs. I would like to see a positive growth towards a interacting community where the retired and young are inspired to reach their full potentials. Steps in establishing this can be achieved by the building of a civic center, the expansion of the senior citizens center and library. Also the slowing of the growth of low income housing until we are able to be a positive help to the many we currently have.

I would like to see some of the adjacent communities annexed into the city. This would give them added benefits and larger tax base for the city.

I believe I will be a positive influence on the council and a needed voice of the public. It is time for the "good buddy" system to be stopped. In closing, quoting a friend: "I am not ashamed of the gospel of Christ, for it is the power of God unto salvation to everyone that believes; to the Jew and Gentile."

Pete and his wife, Lucille, married 30 years, have seven children and nine grandchildren.

As I near the completion of my first four year term I feel confident I have fairly represented the views of Auburn's citizens. I believe in and encourage active citizen participation at every level of the policy making process including Council hearings, city commissions and advisory boards. I take time to hear, understand and act on your concerns.

If re-elected, I will continue to work for responsive City government. Specifically, I will pay attention to neighborhood concerns weighing the costs of growth and development against the need for residential integrity. Issues such as improved streets, traffic flow, quality of life, basic public services, and critical social and human services will dominate my agenda in the next four years. As a small businessman, I am mindful of fiscal responsibility and restraint. We face growing challenges as an expanding suburban community with a limited budget. I will urge an open public forum to discuss these issues.

DOWELL**

Steve Dowell and his wife, Jeannine have lived 30 years in Kent where they raised three children: Theresa, Chris, and Todd. Born May 31, 1930, Steve Dowell attended Whitman College. He then entered the Marines and served in Korea. He has given much to his community: Cub Scout leader; baseball coach; charter member, Kent Rotary; Past President, Chamber of Commerce; and small business owner.

Steve Dowell . . . family man, business leader, dedicated volunteer.

Dear Kent Neighbors:

Our city has grown greatly over the past 30 years and I have been proud to call it home. This growth is not just measured by the number of people or homes, but by the quality of life that we enjoy.

Kent is at a key point in its development. The opportunities and problems we will face are both large and small, yet all are important. Traffic congestion, garbage disposal, or a pothole in front of your home, . . . all these issues are important and all must be resolved.

As your councilman, I have felt it a privilege to serve you. When you go to the polls in November I ask for your vote so I may continue to be your councilman and to make our future as bright as our past.

Steve Dowell, City Councilman.

Born October 9, 1935, Centralia, Washington. A counselor with the dislocated worker project. Thirteen (13) years with the Employment Security Department. Fifteen (15) years experience in business. B.A. Public Administration, University of Puget Sound, U.S. Marine Corps, Korean War, Mayor's Task Force on Transportation, Valley Medical Center Consumers' Advisory Board. Previously served on Metro Citizens' Transit and Water Quality Advisory Committees and as a Director of the South King County Multi-Service Center.

The major issues in Kent are Transportation and Traffic. I have worked as a member of the Mayor's Task Force to recommend the South 272nd East-West highway to be the number one priority. Additional East-West routes should be undertaken.

I favor the METRO hard-rail demonstration project between South King County and Seattle.

I favor improved Fire and Police services. While Kent's population is about 31,000, we have a day time population over 100,000. This impacts service levels and response times.

Major efforts have been made to keep Downtown Kent as a viable business community. The efforts should be expanded to encourage new business development in this area.

The voluntary recycling project has been successful on the West Hill and should be expanded to provide city wide recycling. Above everything else, I will be a councilman that listens, and a councilman that works with the other council members to make Kent the most liveable city in the area.

Born in November, 1935, raised in Brooklyn, N.Y. Paul has worked as a warehouseman for Associated Grocers for the past eight years. His rich and varied experiences include twenty-one years pastoral ministry, Police chaplain, and several years as public school teacher. Paul's educational background includes a B.S. in education, a Master's Program in Theology and training in nursing home and small business administration. He has served as an elected Town Meeting Moderator, PTA President and currently serves on several City of Kent commissions and community boards.

Solid waste disposal, adequate fire and police protection, traffic congestion and responsible land development are among key issues Paul Mann will tackle as a Kent City Councilman. Mann is a pragmatic futurist who has devoted his life to helping others make their futures brighter and he wants to see the same for the citizens of Kent. Actively concerned about his community, Mann is a member of the Kent 2000 Committee, the Kent Traffic Congestion Task Force, the Landfill Information for Education group, the Valley Medical Center Consumers Advisory Council and the Kent Area Activities Council.

Paul and his wife, Shirley, have been married 27 years, have four children and two grandchildren. Paul is a former PTA President, Emergency Services Coordinator, Salvation Army Advisory Board Member and Korean War Veteran. Paul's background in teaching public schools, pastoral leadership, budget and financial management and community activism make him an outstanding choice for a Kent City Councilman.

He is married since 1970 to Randie and has three children, Jason, Devon and Ashley.

This is an exciting time for education in Enumclaw. Our district is moving toward the 21st Century with excellent administrative guidance and an outstanding, caring staff. For the last four years, our Board of Directors has been working toward improving all aspects of our educational program. Our goals for the 87-88 school year focus on a continuation of our basic philosophy of doing what's best for our kids. Realizing their responsibility of maintaining a safe and comfortable environment for our children and staff, the Board of Directors will submit a 7 million dollar bond issue to the voters in February 1988 for their consideration. Upon successful passage of this measure, the Enumclaw School District will undertake renovation and upgrading of its facilities. Enumclaw is noted for its strong academic program and leadership. I am looking forward to continuing my association with the Enumclaw School District Board of Directors for a 2nd term.

I hold three beliefs which compel me to remain involved with our educational system: that we each owe a debt to our community, that people are our primary national resource, and that low self-esteem can be found at the root of most juvenile delinquency problems.

I seek reelection as an opportunity to return in part the benefits my family has derived from membership in the Enumclaw community. I know of no better way to help cultivate our primary national resource than to lend my efforts to the continuation and improvement of an already excellent school district.

Although running unopposed, I take this opportunity to publicly pledge that I will continue to perform my duties in a manner which fosters an educational environment providing not only academic excellence but also offering all students ample opportunity for the day-to-day successes which lead to heightened self-esteem.

I am seeking election to a position on the Enumclaw School Board on the belief that as a parent of students in the district, it is my responsibility and obligation to provide my input on school issues.

My involvement in community affairs, along with my wife's involvement with her private preschool provides a very qualified background to make decisions on various school matters.

The Enumclaw School District is known as being one of the best in the state. Parent and family involvement in our schools is a way of continuing that high standard. I feel I have the opportunity to have a direct effect on the decision making process.

At various times parents may have questions about some school program or school decision. It is not my intent to disagree with the program or decision because of the questions, but to follow up on those questions.

Being a school board member gives me the opportunity to obtain answers to various questions and also provide my thoughts on various issues.

I believe that a Board member should be responsive to the needs of the school district. He should listen to citizens, students & employees of the district and make decisions based on all the resources at his disposal. Since the schools are tax-supported the funds should be used in a prudent manner to benefit the maximum number of students.

A Board member is part of a team & has to work with many factions & be able to compromise when necessary.

I strongly support the goals of the Enumclaw School District & will work hard for their implementation.

I will continue to make myself available to the people of the district.

Joy is active in Renton Schools as a tutor, classroom aide and volunteer. She served Renton as President PTA Council, President Talbot Hill PTA, board Vice President Renton PTA Council. Joy has received PTA's Outstanding Service and Golden Acorn Awards.

Joy has been active in Renton Schools serving on the Special Education Advisory Committee, District General Instruction Committee and the 1986 Levy Committee. The issues that face our schools need an involved, informed, and active School Board. Joy's priorities are dedication to positive and progressive programs, reduction of class size, increasing the level of educational excellence, while maintaining financial prudence.

Joy's commitment: "We must recognize that improving communication between the school district and the community is necessary to maintain a quality education for all children in the Renton School District. As a concerned citizen, PTA member and classroom volunteer, I have worked toward this goal. As a member of the School Board, I will continue my commitment to improving and maintaining the quality education our future generation needs and deserves."

Donald T. Hammond, born October 16, 1946. Pastor of United Christian Church, Renton, since 1980. Currently President of Fairwood West Homeowner's Association, member of city of Renton Board of Ethics and Puget Sound Disciples Housing Board of Directors. Past member of Board of Directors of Northwest Regional Christian Church and the Renton Citizens Advisory Committee on Family Life Curriculum. Education: BA, University of Idaho; Master of Divinity, Christian Theological Seminary.

Children are our most valuable resource. Public education must make opportunities available for every child to prepare for tomorrow.

Issues of concern to me are classroom size, impending teacher shortages and minority concerns, like Southeast Asians with special language needs. Teachers' salaries and benefits should represent the value of teachers' contributions to society. Maintaining the high quality of our district's education will be my primary consideration concerning school closures. I firmly believe religious education is the responsibility of organized religious bodies, not the public school system. I support programs for the gifted, special education, drug and alcohol education, and vocational training.

Children may be our hope for the future, but for now, we are the hope of our children. My commitment as a Board member will be to the quality education of the children of the Renton school district.

**Ken
HOBEN**

Born April 30, 1933 and married for 31 years, I have lived in Renton for 14 years. Our two children obtained most of their K-12 education here. I have been active in Scouts, church, PTA, Renton Chemical People, and was Renton Elks' 1986 Citizen of the Year. I have been an internal auditor for 3 years; earlier I was a computer programmer-analyst. I have Bachelor of Business Administration and Master of Arts (in Economics) degrees.

I consider educating our children as the most important undertaking that we do as a community. Without a community's interest in and support for its schools, both the schools and the community suffer. Broader participation in setting goals, selecting appropriate activities, planning, and evaluating should be a top priority.

I want to promote and achieve excellent education in our schools, within the bounds of our willingness and ability to fund. We should identify and prioritize our district's strengths and weaknesses, so we may maintain or improve what we do well, and remedy our problem areas.

Our students should want to learn. This requires that they be healthy, free from disruptive personal problems, and sense encouragement to strive and excel.

We must have competent, motivated, and effective teachers. We should attract and retain good people, maintaining and upgrading their skills. In turn, good pay and a good teaching environment are essential.

We must increase community support for the job our schools are doing. I want to see Renton excited, in a positive way, about its schools.

He has been a teaching intern in the Seattle School District and an affirmative action officer for the State's Department of Social and Health Services. He is now a heavy equipment mechanic for METRO. The candidate has been involved in Asian/Pacific community affairs, Northwest labor issues and the American Friends Service Committee.

Renton's schools reflect a school district and a community in transition. The district has had a good educational record but the population is changing and parents and teachers are seeking accountability and input to face the present and future needs of children in our schools.

The Renton community wants to restore its confidence in the school board as a caretaker of the balanced educational enterprise which represents parents, teachers, staff and the business community. I plan to take steps to restore openness in the district and to renew trust in public education.

We must deal effectively with issues such as school closures and quality of gifted and special education programs if Renton is to avoid falling into the trap of big city schools.

Through my experience in community organizations, in PTA's and a District-wide advisory committee, I have gathered information and pledge to gain maximum input in forming policy decisions.

I have four children in Renton schools and care deeply about the Renton community. Public education and our schools must be a number one priority.

Accomplishments: 1980 U.S. Presidential Convention, Delegate; 1984 U.S. Presidential Convention, Delegate; 1974 Washington State Legislative Intern, Education Committee.

A resident for 10 years, I have two daughters attending Renton Schools. My experience in public administration, auditing, budgeting, development education, and work for WSU Education Network and the State Legislature are strong qualifications.

I am concerned that open participation of parents has been stymied by lack of open communication between the Renton School District and parents. Parents need to be involved in important decisions on issues such as drug abuse, suicide, the drop out problem and discipline.

I am also concerned about our fair share of state mandated funds on an annual basis. A budget philosophy that is too conservative can have a negative impact on programs, facilities and teacher salaries. A budget balance that continues to grow from year to year can mean our share of annual funds from the state is shrinking.

Well maintained schools, healthy curriculums for children and vocational training programs for adults will mean a healthy education. A healthy, educated community is a vibrant economic community.

Let's keep our community strong. Vote for STOWERS.

The process of educating one's child is one of the most important jobs that a society performs. Because of this, the public education process in each community must always be under careful review to make sure the local community is receiving the best quality education for the dollars spent. This is accomplished by having a strong team concept among the teachers, other district employees, administrators, the school board, and the community. The state government, although not a part of this team, continues to affect these relationships by reducing the authority of the local board while continuing to require the board to tax its citizens heavier through its legislative changes. I feel that if the local citizens must pay a bigger portion of the cost, then we must also have more control. It is my belief and understanding that the Auburn community wants its students to be well motivated, with a positive attitude toward themselves and with the ability to resolve problems through a logical thinking process.

David, a past vice-president of GRCC United Faculty, has served as a chief negotiator.

As Adam Smith recently wrote, American industry is receiving job applicants who have little skill in reading and writing. The common goals of social success and athletic prominence in school must be balanced with disciplined academic work and study if we as a nation wish to compete successfully in the world. Stock must be taken of the impact of demographic changes in our community and appropriate action determined. As an Auburn School Director, I will work to bring about necessary changes to serve this community. Our teachers must be rewarded with adequate pay, and class size must be controlled if we are to maintain a teaching faculty able to prepare our children to reach excellence in a new century. The school district benefits from having more informed directors. I, as a librarian and an active member of my community, am in touch with information valuable to the school board decision-making process. We must continue to search for ways our school system can better serve community needs and the needs of its parents and students.

By fostering our children's education, we are fostering our future. The educational system of today is being asked to respond to many areas of community interest and concern during this time of societal change and population growth of our school district. It is important to thoughtfully respond to these changes in a way that is fiscally responsible. The Auburn school district is blessed with good schools and personnel. Many dedicated staff, parents and community members have devoted years to building the district's strengths. In addition, many new families and businesses are joining the Auburn area community. Their new ideas and enthusiasm enhance diversity and make the district stronger. I want to be a part of the ongoing developments and to contribute to the work of the school board. I will strive to enhance and recognize that which is good, while paying attention to ways we can improve our children's education.

**Kathy
FISTONICH**

Wishing to stay home with my three children, I started my home-based design and sewing business in April, 1984. Since then, I have become (typically) increasingly involved in my kids' 'doings' -- particularly with regard to their educational process. With an AA degree, I believe I've only begun my educational quest, but at 33, (born 1/7/54), I have plenty of time to achieve my *personal* goals. For now, *the kids come first*.

What an exciting time to be living in the Tahoma School District area! The steady growth that we have been experiencing during the past few years is providing all of us with a rare opportunity to *actively* participate in the development of our community--its policies, its dynamics, its special effect on our personal standards of living. As one who has lived in the Maple Valley area for only four years, I realize that there may be certain elements of our community's historical and political past of which I am unaware. But, I think that perhaps this very naivete could actually prove to be an asset in that I would not be distracted by what "was" or what "has been"--rather, I am *challenged* by what "is" and what "could be"! As a School Board Director I would strive, always, to maintain an *objective* approach to School Board issues, as well as an open and responsive attitude toward community input, and, *always*, keeping our *childrens'* interests *first* and *foremost* in my heart and mind.

Dynamic, innovative leadership is needed to educate our children to *survive* in this highly competitive world. Other industrialized nations are putting us to a real test; the competency of our nation, as well as the quality of life for our children, is at stake. I have devoted my five years on the Tahoma School Board to providing opportunity and motivation for *all* students to reach their full potential.

Schools are facing challenges never before experienced. Larger numbers of children are dependent on our schools for, not only their formal education, but job training, guidance in dealing with alcohol and drug abuse, and coping with problems associated with broken homes. How we respond to this growing need will determine the quality of our future. How much more effective to teach a child than try to fix an adult (it's cheaper, too)! We could begin slowing down the ever increasing costs of the criminal justice system, more and more jails, welfare, and unemployment. I am dedicated to making the education of our children our number one goal!

Keith Harding holds a Bachelor of Science in Technical Arts from California State Polytechnic, and is in his sixteenth year as an Industrial Arts Instructor for Seattle Public Schools. Harding worked six years for Boeing in tooling before focusing on education. Harding has been a School Director eleven of the nineteen years he, wife Bonnie, and their three daughters have lived in Maple Valley. Harding is currently serving his third term as Tahoma Board President.

The education of the children of Maple Valley is the foundation of my responsibility as a school director. My guide in decision making is to always remember that we must provide a safe, healthy learning environment and challenging, supportive programs for all students.

I have served the Maple Valley Community for eleven years. During this time, District funding has stabilized through legislative lobbying and voter approval of bonds and levies indicating patron confidence in District programs and leadership.

With careful planning, needed facility improvements such as the addition to the High School, renovation of the Junior High, and the newly completed remodel of the Lake Wilderness Elementary complex have been accomplished.

At the same time, academic and extra-curricular opportunities have expanded to meet the diverse needs of our children. I have supported gifted programs as well as District funded remedial programs.

I have worked effectively with many directors and viewpoints over the years, as well as with the citizens of Maple Valley. I look forward to another four years of service.

I am a 1966 graduate of Renton High School. After graduating, I attended Seattle University. Currently, I work for a commercial real estate appraisal firm as the administrative manager. My duties in running an active office include: personnel management, accounting, purchasing, training, and extensive work in public relations. I also have a background in motivational and communication skills.

Married, living in the Tahoma School District 14 years with three school-age children, I've been very active in the schools. Most recent responsibilities include: Parent Group President - Junior High (2 years), High School (2 years), and serve on numerous committees. I've demonstrated interest and dedication to our district by the countless hours I've volunteered supporting our schools.

I care that our schools create programs and maintain a climate in which every student has opportunities for success. I support efforts to attract and retain the most qualified, best trained staff possible. I will encourage a continuing dialogue with the entire community to communicate needs as well as achievements. By working together, we can make positive contributions to make our good school system even better. I'm interested in doing everything I can to promote education and to nurture a positive working atmosphere between student, patrons and schools.

We're a growing district - on the move. I would appreciate your support as we look together, toward the future of our children and schools.

GOALS:

1. Be a vehicle for bringing board and patron concerns to administrators and hold administrators accountable in addressing these concerns.

2. Promote academic excellence and encourage the recognition of students who show increased effort and academic improvement.

3. Advocate for a greater understanding and acceptance of special education as a contributing member of the larger regular education program

4. To really LISTEN. And to foster open communication on all levels.

5. Never forget that we deal with whole people. Foster their growth; encourage them in their dreams.

LOCAL FOCUS: Kent is the fifth largest school district in Washington with 18,271 students. In an area of rapid growth, Kent SD opened three new elementaries this year for a total of 29 schools. A winner of many national awards, it is governed by a five-person board who hires a superintendent.

The Kent School District has a large and diverse population. Unfortunately, the makeup of its board of directors does not adequately reflect that diversity. I come from a different age group and a different socio-economic group than the other members of the board. I also have a more traditionalist philosophy than the others. I believe these characteristics give the board a more balanced perspective than it might otherwise have. I also believe that my experience as a teacher and administrator in both military and public schools gives me a better understanding of the problems involved.

Ken, 46, was born in North Dakota and moved to the Northwest in 1963 to join The Boeing Company. He holds a Bachelor of Science Degree from North Dakota State University, and earned a Masters Degree in Business Administration from Seattle University in 1975. Ken is a regional director in the marketing department of the Boeing Commercial Airplane Company, responsible for developing marketing strategies related to the sale of airplane products.

Having lived in the Kent School District for almost 20 years, Ken has experienced first hand the district's growth to over 18,000 students, fifth largest in the state. He and his wife, Lisa, have two children attending Meeker Junior High and Kentridge Senior High School.

Ken is serving his fifth year on the Board of Directors, having been President, Vice-President, and Legislative Representative. He has been instrumental in establishing policies that are responsive to the community's educational needs and goals. During this period the board has reviewed and increased the district's graduation requirements, tightened the homework and discipline policies, expanded the staff training programs, strengthened the management team form of administration, successfully opened three new schools and numerous facility additions and improvements, refined the district's goal setting process, changed to a collaborative bargaining process with the teachers' association, and began implementing computer technology into classrooms and offices.

Ken will provide the experience and continuity necessary to maintain the educational excellence of the Kent School District. **RE-ELECT KEN GEISEN!**

The Kent School District is one of the finest districts in the state of Washington. This is one of the major reasons I have chosen to work and live in Kent. My children are receiving a quality education in the Kent School District.

The reasons I became involved in the district board are primarily five-fold.

1. I wanted to insure that we continued to develop and improve the quality staff in the district.
2. To provide a meaningful, challenging, curriculum to the students of the district.
3. To help address the drug-alcohol problems of students.
4. To continue to develop partnerships with businesses in the Kent Valley so that our students are exposed to the resources in our business community.
5. Maintain our district's buildings and other physical assets in good condition so that we provide a positive environment for our students and staff.

With 2 (soon to be 3) children in Kent Schools, I have a strong personal interest in the success of the district.

Resident of King County for 75 years (DOB 2/2/1912). Currently serving as Commissioner and Chairman of Board for K.C.F.P.D.#37. Held Commission position for eight years during time of significant growth and demand for emergency services. Attended high school in Seattle. Fourteen years as Seattle Firefighter. Twenty-eight years inspecting buildings (residential and commercial), served as King County Fire Marshal, Building Official - City of Mercer Island, presently Building Inspector-City of Normandy Park.

I have dedicated my life to the protection of life and property. My family has its roots and future in this community. My years of experience and involvement place me in an ideal position to continue to work for excellence in Fire/Medical protection for our community. I submit the following background as proof of my qualifications and commit myself to continued work on providing excellence in Fire/Medical protection for our community.

FIRE SERVICE RELATED EXPERIENCE: 14 years - Seattle Fire Department; 3 years - King County Fire Department; 13 years - Inspector, King County Building Department; 5 years - King County Fire Marshal; 10 years - Building Official, Mercer Island. Currently Building Inspector for Normandy Park - 7 years.

Served in key role on the Kent Fire Department Master Plan and Public Safety Bond Issue Citizens' Committee. Currently serving as an advisor/commission representative on construction of new Covington fire station. Served 8 years as Fire Commissioner during times of extensive and rapid growth in Fire District #37. Successfully met the challenges to provide adequate services within our fire district.

I am a Fire Protection Engineer employed by King County and a former Fire Commissioner of Fire District 37. Born on 4-29-32, I am married with four children.

My professional background includes serving as Kent Fire Marshal, Fire Chief of a Fire District, and Fire Protection Engineer. My high school education has been augmented by hundreds of hours of specialized training through North Seattle Community College, fire service training classes, seminars and conferences.

Just as you expect and deserve highly trained professionals to come to your aid in a fire or medical emergency so should you expect and deserve highly trained professionals to operate your fire district. My background makes me **AN OUTSTANDING CANDIDATE** to represent you and address the fire and life safety needs of this district.

As your elected representative I pledge to: 1) seek construction of a fire station in the **COVINGTON AREA**; 2) replace the old outdated fire station in the **PANTHER LAKE AREA**; 3) relocate district business meetings from downtown Kent back to the fire district and change meeting times to evening hours to allow you a voice in district business.

The tax dollars you pay for fire protection should be returned to you in service. Only through wise expenditures of funds for personnel, equipment and facilities can such service be given to you. I have the knowledge, background and experience to see that your tax dollars are spent wisely.

I have always tried to participate in some capacity in my community. As our area continues to grow, so will our needs for fire protection and emergency medical services. This will require thoughtful long-range planning and sound financial management of District funds by the Commissioners.

Having been involved with the Fire Department since 1978, I feel I'm qualified to represent the citizens of the Fire District as Commissioner.

I was the first Fire Commissioner to attend Department Association Meetings, Fire Drills with the Firefighters, and respond on Fire/Emergency calls. By doing this, I was better able to serve the citizens and the department, resulting in obtaining more firefighters, new and better equipment, and fire stations, for our fast growing district.

I also was successful in seeing that the district monies were invested earning interest until needed, thus enabling the saving of taxpayers' dollars.

I served on the Provider Group for Medic-One, campaigned to keep the Medic Services and for the Emergency Phone System 911. I feel the Commissioners must be held accountable in the spending of the citizens' tax dollars and when acting on their concerns of the district. Thank you citizens for supporting your Fire Department & Emergency Services.

I was born in Maple Valley, 3-29-47. I graduated from Tahoma H.S. and attended Western Washington University to study music. I then joined the U.S. Army, Military Police Corps, which started my law enforcement career. I now work for the King County Police, Precinct three, in Maple Valley. I attended Green River C.C. and completed a course of study in law enforcement. I live happily with my wife, Frankie, and daughters, Sharon and Janet.

Having also been a volunteer firefighter and lieutenant with K.C.F.P.D. No. 43 for fifteen years, I'm familiar with the fire service, and public service as well, and understand the needs and desires of the public, which are no different than my own. F.D. 43 is a healthy, efficient organization, and I intend to keep it that way. The budget is the greatest concern and it must be carefully monitored, but a balance must be struck to ensure that the community has the best equipment for its needs, and proficient crews, trained and ready. Fire protection is not cheap, but need not be unreasonably costly or extravagant. Maple Valley has grown and the fire department has kept up with that growth. I intend to continue that effort. I have no ax to grind nor radical changes to introduce. As a department member I am at the station daily and can keep abreast of department activities. I have lived my life here and wish to put something back into our community.

If elected, I will ensure that the residents and taxpayers of the district will receive the maximum fire protection available within the monies provided by the budget. I want the manpower and equipment of this district effectively and efficiently utilized. I will not tolerate waste or misuse. The decisions affecting the district should be made in public with the maximum of public input and public discussion. The residents of the district should be informed as to what is going on.

The decisions made and policies instituted by the commissioners should be from full information developed in advance without undue influence or conflict of interest. I was born October 12, 1930 in Whittier California. We moved into the area 20 years ago, where we raised our family. I have been employed by Chevron U.S.A. for 25 years as a truck mechanic, maintaining a fleet of trucks and as a flammable liquids school instructor, which are both beneficial to me in the fire service. I have attended numerous schools and seminars in my position of Commissioner.

I have served the Fire District for seventeen years, as a firefighter, Lieutenant, Captain, Assistant Chief and presently as Commissioner. During my 7 1/2 years as Commissioner, and with the support of the voters in the fire district, many of our long-range plans have become a reality. A very important one was the hiring of full time firefighters for our day time response when our volunteer manpower resources are low. The construction of a fire station gives equal coverage to all the citizens in this fast growing community.

With my background and training in the fire service I have an overall view of the changing needs of the District and I support an active program in fire prevention and fire suppression, Aid car and Medic 1 coverage. A progressive educational program for the firefighters and citizens in the community is a top priority.

Your Fire Department provides one of the most important services in the Community. With the support of the voters I will continue to stay informed to meet the demands of this changing community.

COMPLETE TEXT OF King County Proposition No. 1

AN ORDINANCE providing for the submission to the qualified electors of King County, at a special election to be held in conjunction with the general election on November 3, 1987, of a proposition seeking approval of the issuance by King County of not more than \$99,800,000 of unlimited tax general obligation bonds, the principal of and interest on which shall be payable from annual property tax levies in excess of regular property tax levies, maturing within a maximum term of 20 years, to finance certain capital improvement projects at Harborview and Pacific Medical Centers, and the Seattle-King County Health Department's Columbia, East, South, Southwest and Renton Clinics.

PREAMBLE: Harborview Medical Center ("Harborview") includes the only trauma center in a four-state region providing level one emergency patient care. It serves as the major regional facility for referrals of critical injuries including burn cases and spinal cord and head injuries. Annual emergency room patient visits have increased from 31,000 in 1982 to over 40,000 in the 12 months ended June 1987. Harborview plans an expansion and remodeling of its emergency trauma center to accommodate the increasing patient volume and to more efficiently locate emergency and other support services.

Currently nursing units with 92 beds for patients requiring acute nursing care are housed in a portion of the Harborview facility built in 1931. Harborview plans to relocate the nursing units to a modern facility to meet state regulations and to provide an efficient physical configuration for patient care.

All of Harborview's medical and surgical out-patient facilities are housed in aging facilities which lack adequate heating, ventilation and air conditioning and which contain inadequate clinic space which is inefficiently designed. Harborview intends to renovate its out-patient facilities to promote efficiency, increase capacity and meet contemporary standards.

Pacific Medical Center ("PMC") is public development authority which operates clinics in Seattle, Totem Lake, Renton and soon in Bellevue. Pursuant

to written agreements, PMC is the provider of specialty and diagnostic medical services for low-income and uninsured patients referred from King County and Seattle community health clinics. It is also the Regional Uniformed Services Treatment Facility for active duty and retired military personnel in King County under contract with the Department of Defense. Structural improvements to the PMC's Beacon Hill facility are necessary to meet the Seattle seismic and other building codes to allow the institution to continue fulfilling its major role in the King County public health care delivery system. The continuation of PMC's ability to contribute to the public health care system is important to King County's purposes to provide for the health and welfare of its citizens.

The non-profit community clinic known as the "Community Clinic System" has become the family doctor for more than 70,000 low income residents of King County. The Health Department plays a major role in planning, development and support of the community clinic system, as well as operating a network of health service centers throughout the county providing specific public health services focused on children, seniors and pregnant women. In order to meet the needs of the growing population, new facilities are needed immediately in the East side, South King County and in Southeast Seattle health department service areas. Furthermore, co-locating non-profit community clinics with these health department clinics provides the public both cost efficiencies and better access to comprehensive family services. The Renton and Southwest health department service centers require improvements to correct building deficiencies to promote their efficient operation.

It is the intent of King County to issue unlimited tax general obligation bonds to finance the capital improvements and to submit this proposal for approval by the electorate.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. "Regional Health Care Capital Improvements Project," as used herein, shall mean:

A. Capital improvements to Harborview for the

purposes of expanding and consolidating its emergency trauma center and other key diagnostic and treatment departments, expanding, improving and relocating patient and visitor services, and modernizing, expanding and consolidating in-patient and out-patient facilities; and

B. Capital improvements to PMC for the purpose of making structural repairs and or additions which will bring its "Tower Building" on Beacon Hill into compliance with the City of Seattle's seismic and other building codes (the "PMC Project"); and

C. The following capital improvements to facilities operated or to be operated in whole or in part (as more specifically noted below) by the Health Department (collectively, the "Health Department Clinic Project"):

1. A new Southeast Seattle Community Health Center in Columbia City area intended to house the services of the Health Department's existing Columbia Health Center and which may also house (but shall not be required to do so) a co-located nonprofit community health clinic; and

2. A new East District Public Health Center in east King County intended to house the services of the Health Department's existing East District Public Health Center and which may also house (but shall not be required to do so) a co-located nonprofit community health clinic; and

3. A new health center in south King County intended to house the services of either the Health Department's existing Auburn Health Center or an additional Health Department health center, and, in either case, which may also house (but shall not be required to do so) a co-located nonprofit community health clinic; and

4. Expansion and remodeling of the Health Department's existing Renton Health Center; and

5. Roof repairs at the Health Department's existing Southwest Public Health Center.

SECTION 2. Subject to the approval of the qualified electors of King County, the county council hereby authorizes the issuance of unlimited tax general obligation bonds (the "Bonds") in an aggregate principal amount not to exceed \$99,800,000 for the purpose of providing all or part of the

money necessary to pay the capital costs of the Regional Health Care Capital Improvements Project. The term "capital costs," as used in the foregoing sentence, shall be construed consistently with the term "capital purposes" in Article VII, Section 2(b) of the Washington Constitution and R.C.W. 84.52.056, but, subject thereto, may include the costs of (i) property acquisition, site preparation and demolition; (ii) development, design, engineering, architecture, planning, financial, legal, relocation and other services lawfully incurred incident to the development of the components of the Regional Health Care Capital Improvements Project and their financing; and (iii) construction, renovation, remodeling, equipping and furnishing of the components of the Regional Health Care Capital Improvements Project and their financing, including its incidental costs and costs related to the sale and issuance of the Bonds; however, the term "capital costs" shall not include maintenance, operations or costs for replacement of equipment.

The maximum amount of principal proceeds of the Bonds to be made available to each component shall be as follows:

A. \$75,465,000 for the Harborview Project;

B. \$9,315,000 for the PMC Project; and

C. \$15,020,000 in the aggregate for the Health Department Clinic Projects.

The Bonds shall bear such date or dates; shall mature at such time or times not to exceed 20 years from the date of issuance thereof; shall be issued in such denominations; shall bear such terms, conditions and covenants; shall be in such form; shall bear interest at such fixed or variable rate or rates; shall bear such redemption and registration privileges; and shall be sold in such manner, at such time or times, in such amounts and at such price or prices as the county council shall hereafter determine by ordinance. The Bonds may be issued in one or more series, either separately or in combination with other authorized general obligation bonds of King County.

The Bonds shall be general obligations of King County and, unless paid from other sources, both the principal thereof and the interest thereon shall be payable from annual property tax levies, if authorized by the qualified electors as provided in section 5 of this ordinance, upon all taxable property within King County in excess of the regular prop-

erty tax levies without limitation as to rate or amount.

SECTION 3. Subject to the approval by the qualified electors of King County of the issuance of the Bonds for the purposes described in section 2 of this ordinance, the county council may, by ordinance, provide for the issuance of short-term obligations in anticipation of the issuance of the Bonds in accordance with the provisions of R.C.W. 39.50. The aggregate principal amount of all such short-term obligations and Bonds outstanding at any time shall not exceed \$99,800,000.

SECTION 4. No part of the Bonds or any short-term obligations in anticipation thereof, the proceeds of which are intended to finance the PMC Project, shall be issued or sold unless and until the county council shall have approved and authorized the execution of, and King County and the City of Seattle's Pacific Hospital Preservation and Development Authority have entered into, an appropriate interlocal cooperation agreement defining the rights and duties of the respective parties with respect to the accomplishment of the PMC Project and the use of the proceeds of Bonds or short-term obligations in anticipation thereof.

SECTION 5. The county council finds that an urgent need exists for the Regional Health Care Capital Improvements Project and declares that an emergency exists requiring submission to the qualified electors of King County of a proposition authorizing the issuance of the Bonds for the purposes described in section 2 of this ordinance at a special election to be held in conjunction with the general municipal election to be held on November 3, 1987.

The King County manager of records and elections as *ex officio* supervisor of elections is hereby requested to find the existence of such emergency pursuant to R.C.W. 29.13, and is requested to assume jurisdiction of and to call and conduct a special election and to submit to the qualified electors of King County the proposition set forth below. The clerk of the council is hereby authorized and directed to certify said proposition to the King County manager of records and elections in substantially the following form, with such additions, deletions or modifications as may be required by the King County prosecutor:

PROPOSITION NO. 1

Shall King County, to finance Harborview Medical Center's trauma center and certain capital improvements at Harborview and Pacific Medical Centers, and the Health Department's Columbia, East, South, Southwest and Renton Clinics, as provided in King County Ordinance 8196, issue up to \$99,800,000 of unlimited tax general obligation bonds with a maximum term of 20 years, on which principal and interest shall be payable from annual property tax levies in excess of regular property tax levies?

BONDS, YES
BONDS, NO

Certification of such proposition by the clerk of the council to the King County manager of records and elections, in accordance with law prior to the date of such election on November 3, 1987, and any other act consistent with the authority of and prior to the effective date of this ordinance, are hereby ratified and confirmed.

SECTION 6. If any one or more of the provisions of this ordinance shall be declared unconstitutional or invalid for any reason, such decision shall not affect the validity of the remaining provisions of this ordinance, the Bonds or any short-term obligations issued in anticipation thereof, and this ordinance, the Bonds and any short-term obligations issued in anticipation thereof shall be construed and enforced as if such unconstitutional or invalid provision had not been contained herein.

For Your Information...

Washington territory became a state in 1889. For nearly 100 years our state has been a leader in supporting citizen rights, populism and education for all. In 1914 Washington State produced its first voters' pamphlet presenting state issues. In 1985 the Washington State Legislature granted the same opportunity to local governments.

This pamphlet represents the first co-production between the state of Washington and a county, allowing residents of King County to receive in one publication issues and candidates ranging from the state level to the smallest taxing district.

State law requires that local legislation be adopted to allow publication of a pamphlet. In June 1987 the King County Council and the County Executive signed into law the enabling legislation and funding. Records and Elections Division was given the responsibility of implementing the pamphlet. Rules for participating were adopted with the help of the cities and towns, the Municipal League, the League of Women Voters, Common Cause, and the Republican and Democratic Parties.

Each city, town, or district must pay the cost of participation for its candidates and issues to be included in the pamphlet. That cost amounts to less than one cent for each person in King County.

This issue of the Voters' Pamphlet has been published in 16 editions, three of which have been jointly produced with the City of Seattle. The pamphlet includes 90% of cities and towns, 85% of the school districts, 50% of the fire districts and 25% of the remaining taxing authorities. Over 75% of all contested races in King County are included. Special editions are also available in Spanish, Chinese, Braille and tape cassettes.

King County government is proud to bring this pamphlet to you. Please read the statements and study the issues. A sample ballot is included for your convenience, as is an absentee ballot application.

Let us know what you think of this issue and how we can make future editions a better voting tool for you.

MAJOR POLITICAL PARTY CAUCUS AND CONVENTION PROCEDURES

In Washington State, the candidates for most offices which appear on the state general election ballot are nominated at a primary election. The most important exception to this procedure is the nomination of candidates for the positions of President and Vice President. This information is presented to familiarize Washington voters with the process by which the nominees for President and Vice President are determined and how Washington residents can participate in that selection process. This section is detachable so that you may keep it after the election for reference.

Delegates to the national nominating conventions of the major political parties from Washington are selected through a system of precinct caucuses, county or legislative district conventions, and finally, the state convention. The first step in this process is the precinct caucus, a neighborhood-level meeting open to all of the members of a particular political party. Precinct caucuses are held in each precinct of the state in the early spring of each presidential year. Individuals are elected from each precinct to attend the legislative district or county convention where the delegates to the state convention are chosen. The delegates to the state convention select the delegates to the national convention at which the presidential and vice-presidential nominees are selected. In addition to the selection of delegates, those persons attending party caucuses and conventions have the opportunity to determine the party platform, vote on resolutions, and meet party candidates for a variety of local, state and national offices.

*Information on the time of all of the caucuses and conventions was not complete at the time this publication was prepared.

RULES AND PROCEDURES

Each political party has the authority under state law to adopt rules to govern the delegate selection process and other party activities which occur in conjunction with the caucuses and conventions. These party rules specify the number of delegates from each precinct to the county or legislative district convention, the number of delegates from each legislative district or county convention to the state convention, and the procedural rules for conducting the caucuses and conventions. The delegate allocation formulas are usually based on population or a combination of population and the number of votes certain candidates for that party received in the precinct, district or county. A copy of the rules of either party should be available from the state committee of that party in advance of the time precinct caucuses are held.

ADDITIONAL INFORMATION

The dates and locations of all party caucuses and conventions receive advance press coverage and are generally advertised by the parties. Specific questions you have about any aspect of the nominating procedure may be directed to the state committee of the respective party. They may be able to respond to your inquiry directly or they may refer you to either your precinct committeeperson or your county or district chairperson. The addresses and telephone numbers of the state committees are as follows:

Washington State Republican Party

INDEPENDENT CANDIDATE AND MINOR PARTY NOMINATING PROCEDURES

This summary of the procedures governing the nomination of independent and minor party candidates is not meant to be inclusive. Persons interested in being nominated in this manner should consult Chapter 29.24 of the Revised Code of Washington or obtain more detailed information from the office of the Secretary of State, P.O. Box 9000 (AS-22), Legislative Building, Olympia, WA 98504.

NOMINATING CONVENTION

Any nomination of a candidate for partisan political office other than by major political party must be made by a convention held on the last Saturday preceding the filing period. In 1988, this will be July 23. Notice of the intention to hold a nominating convention must be published in a newspaper of general circulation within the county in which the convention is to be held at least ten days before the date of the convention. A number of registered voters equal to one for each 10,000 voters who voted in the jurisdiction for which each nomination is made or twenty-five such voters, whichever number is greater, must attend the nominating convention and sign the nominating petition for the candidates who are nominated.

CERTIFICATE OF NOMINATION

The signatures and addresses of the registered voters who attended the convention and a record of the proceedings of the convention must be submitted to the office of the Secretary of State no later than the last day allowed for candidates to file for office. In 1988 this deadline is July 29. Any candidate who is nominated at an independent or minor party convention must file a declaration of candidacy with the Secretary of State and pay the filing fee required for the office sought. (A nominating petition containing signatures of registered voters equal to the dollar amount of the filing fee is permitted for those candidates without sufficient assets or income to pay the filing fee.) The names of all of the candidates who have been nominated by convention will be printed on the primary election ballot together with the major party candidates for their respective offices. With the exception of candidates for the offices of President and Vice President, no candidate may have his or her name printed on the general election ballot unless he or she receives at least one percent of the total votes cast for that office in the partisan primary.

WASHINGTON STATE VOTER INFORMATION

VOTER REGISTRATION

Qualifications for registering:

1. You are a U.S. citizen by birth or naturalization.
2. You will be 18 or older on the day of the primary or general election.
3. You are a legal resident of the state of Washington.

When to register:

Anytime, but you must register 30 days before the election to be qualified to vote. The voter registration deadline for the 1987 state general election is October 3, 1987.

Where to register:

You must register in person at the **King County Division of Records and Elections** or before a city or town clerk or deputy voter registrar. Deputy registrars are located in most public schools, some fire stations and state offices. Contact **Records and Elections at 344-5265** for the location of the registration facility nearest to you.

When it is necessary to re-register:

You must re-register only if:

1. You did not vote in the previous 24-month period, or
2. You did not vote in the 1984 presidential election, or
3. You have moved from one county to another, or
4. You have legally changed your name.

To be eligible to vote, you must re-register 30 days before the election. Keep your registration current. Your registration remains valid as long as you exercise your right to vote!

If you move, you must transfer your registration:

If you move within a county, you should also change your voter registration. This can be done before a deputy voter registrar or by mail. If you mail the information, include both your old and new addresses and your signature and forward to **Records and Elections Division, 553 King County Administration Building, Seattle, WA 98104**. To be eligible to vote in your new precinct, you must transfer your registration 30 days before the election.

ELECTION DAY AND VOTING

Where to vote:

At your precinct's polling place. The name and number of your precinct and polling place are on your registration card. Page 3 describes the coding of your voter registration card. Polling place locations are also published in the newspaper sometime the week before the election. You may also call **Records and Elections Division at 344-5282 or 344-2565** for information.

When to vote:

Polls are open from 7:00 a.m. to 8:00 p.m.

How to vote:

Three methods of voting are used in Washington State: punchcard, lever machines and paper ballots. King County uses punchcard voting. If you need assistance, you may ask an election worker, before you vote, to explain how to use the voting device. You may also request assistance from two election officials of opposite political parties or a person of your choice in recording your vote. If you make an error on your ballot, you may request a replacement.

Absentee Voting:

1. **Regular Absentee Ballot:** If you cannot vote in person, you may vote by absentee ballot. You may request an absentee ballot, either in person or by mail, as early as 45 days before the election, but no later than the day before the election.

Exception: If you are confined to the hospital and were admitted no earlier than five days before the election, you may apply for an absentee ballot up to and including the day of the election.

2. **Service Absentee Ballot:** Members of the military service may apply for an absentee ballot at any time. Such service voters will be mailed an absentee ballot for the next primary or general election, or special election.

3. **Special Absentee Ballot:** A voter who is working outside the continental United States and will be unable to return a regular absentee ballot by normal mail delivery may apply for a special absentee ballot 90 days before the primary or general election. The special absentee ballot will contain the offices and measures, if known, scheduled to appear on the ballot. The Records and Elections Division will include a list of candidates who have filed and a list of any issues that have been referred to the ballot before the application was filed.

The voter may use the special absentee ballot to write in the name of any eligible candidate for each office and vote on any measure.

4. **Ongoing Absentee Ballot:** If you are a disabled person or a person over the age of 65, you may apply for status as an ongoing absentee voter. This will entitle you to automatically receive an absentee ballot for each subsequent election through January of the next odd-numbered year. At that time, the **Division of Records and Elections** will notify you and permit you to renew your status as an ongoing absentee voter.

very beautiful indeed. The first bird seen above the edge of the water was a blue heron, which came down to the edge of the water & stood there for some time. It was the first of the kind I have ever seen. It remained until about 10 o'clock, when it flew away. The second bird seen was a white egret, which also came down to the edge of the water & stood there for some time. It was the first of the kind I have ever seen. It remained until about 10 o'clock, when it flew away.
