How to Obtain an Absentee Ballot:

Any registered voter who cannot vote in person may apply directly to his or her county auditor or department of elections for an absentee ballot. Any signed request containing the necessary information will be honored. For your convenience, an application is reproduced below. The addresses of the auditors or departments of election are also listed below. In order to be certain that the voters' application is authentic, the election laws require that the signature on the application be verified by comparison with the signature on the voter's permanent registration record. For this reason, if a husband and wife both wish to vote by absentee ballot, **separate**, signed requests should be submitted. An additional copy of this application form is printed in the inside back cover of this pamphlet. In order to be counted, an absentee ballot must be voted and postmarked no later than the day of the election. For this reason, sufficient time must be allowed for an exchange of correspondence with the county auditor or department of elections.

1978 Official Voters and Candidates Pamphlet

On November 7, you will have the opportunity to vote on a statewide initiative measure and on federal, state, and local offices. This voters' and candidates' pamphlet is sent to you and all other residents of Washington State to assist you in making informed decisions on those measures and candidates which will appear on the ballot statewide.

The first section of the pamphlet contains the official ballot title and explanatory statement for the initiative as prepared by the Attorney General. Statements "for" and "against" and rebuttal statements for each argument have been prepared by both the proponents and opponents of this measure, as prescribed by law. The second section of the pamphlet contains the statements and photographs of candidates for federal, state, and legislative office. This section of the pamphlet is divided into seven geographic editions for the convenience of publication.

As Secretary of State of the State of Washington, I certify that the text of each proposed measure, ballot title, explanatory statement, statement for and against, rebuttal statement and candidate's statement which appears in the pamphlet is a true and correct copy of the original document filed in my office. Witness my hand and the seal of the State of Washington.

Initiative Measure 350

TO THE PEOPLE

Official Ballot Title:

Shall public educational authorities be prohibited from assigning students to other than the nearest or next-nearest school with limited exceptions?

The Law as it now exists:

Under existing law, school districts have broad control over matters that affect the assignment of students to schools.

Each school district board of directors has the authority to adopt reasonable regulations which establish attendance areas, the grades to be offered at a given school, and otherwise directly or indirectly determine which schools within the district students shall attend.

Statement for

Over 180,000 citizens from around the state signed Initiative petitions to enable you to decide whether forced school busing is either wise or necessary.

350 PROTECTS LOCAL CONTROL OF SCHOOLS

Initiative 350 returns the most basic decision in education (i.e., where a child is to be educated) to the parent. 350 keeps local parental control of schools from being subverted by federal bureaucrats and promoters of forced busing.

Initiative 350 ensures that smaller school districts and rural school districts will not have their transportation funds reduced to pay for forced busing in Washington cities.

350 PRESERVES LOCAL NEIGHBORHOOD SCHOOLS

Initiative 350 guarantees children the right to attend the school nearest or next nearest their home. It is carefully worded so as to permit exceptions (such as special education of the handicapped student, health or safety hazards, physical barriers, unsafe conditions or overcrowding). Current essential busing in rural areas, for example, would not be affected. 350 permits the voluntary attendance of students in open enrollment or magnet programs, also.

350 SAVES TAX DOLLARS

Voters can prevent millions of tax dollars from being wasted this school year on forced busing. Those dollars could be spent on better classroom education. Children are not being taught the basics while they are unnecessarily riding a bus across town (past the school nearest their home).

350 IS EXERCISING YOUR LEGAL AND CONSTITUTIONAL RIGHT TO CHOOSE

You have the choice between bureaucratic control and common sense. Forced busing in our state has not been ordered by the Courts . . . BUT is another product of pressure by the pro-busing lobby on local administrators. Exercise your freedom of choice and **VOTE "YES" ON INITIATIVE 350.**

Rebuttal of Statement against

Initiative 350 keeps local, neighborhood schools from coming under the control of bureaucratic busing planners. The opponents' argument avoids the real issue, i.e., the value of forced school busing. Busing children away from the school nearest their home does not make common sense. Forced busing nonsense is financed by state taxes. Your tax dollars would pay for cross-city busing. Initiative 350 is carefully written to return local control of schools to parents (where it belongs).

Voters' Pamphlet Statement Prepared by:

HUBERT F. DONOHUE, State Senator; JIM MATSON, State Senator; WILLIAM M. POLK, State Representative.

Advisory Committee: ORVILLE L. BARNES, Member, State Board of Education; J. DORM BRAMAN, former Mayor, City of Seattle; WILLIAM L. WILKINS, retired Judge, King County Superior Court; ROBERT O. DORSE, President, Citizens for Voluntary Integration Committee (CIVIC).

The effect of Initiative 350, if approved into Law:

Initiative Measure 350, if approved, would limit the control of school officials over the assignment of students to particular schools.

This initiative would prohibit school officials from either directly or indirectly requiring a student to attend a school other than the school which is geographically the nearest or next-nearest the student's residence within the school district and which offers the course of study pursued by the student. The types of "indirect" action that would be prohibited if the action would prevent a student from attending his or her nearest or next-nearest school include, but are not limited to, plans involving: (1) The redefining of attendance zones; (2) feeder schools; (3) the reorganization of the grade structure of the schools; (4) the pairing of schools; (5) the merging of schools; (6) the clustering of schools; or (7) any other combination of grade restructuring, pairing, merging or clustering.

This initiative would allow school officials to require a student to attend a school other than the school nearest or next-nearest the student's residence only in the following instances: (1) If a student requires special education, care or guidance; (2) if there are health or safety hazards or physical barriers or obstacles between the student's

residence and the nearest or next-nearest school; or (3) if the nearest or next-nearest school is unfit or inadequate because of overcrowding, unsafe conditions or lack of physical facilities. If a student is assigned to a school other than the school nearest or next-nearest the student's residence because of one or more of these reasons, the assignment must be to the next geographically nearest school within the school district with the necessary courses and facilities.

This initiative does not affect the right of a student voluntarily to attend a school other than the school nearest or next-nearest the student's residence or the right of school districts to close school facilities.

NOTE: The ballot title and explanatory statement were written by the Attorney General as required by state law. The complete text of Initiative Measure 350 begins on page 6.

Statement against

INITIATIVE 350 WOULD INTERFERE WITH EFFICIENT LOCAL CONTROL OF EDUCATION

350 would hamper local management in all of the state's school districts by taking away the authority of locally elected school boards to assign students in an educationally and economically sound manner. It would disrupt schools in the middle of this school year.

350 prohibits assignment of students outside their district; thus, it would restrict interdistrict cooperative programs.

350 would in some cases prohibit changing the grades offered in particular schools, such as converting some three-year to four-year high schools. It would prohibit most disciplinary transfers and the redrawing of school boundary lines to make efficient use of buildings. It would mean costly interference with location of special education programs. Because it is so poorly drafted, 350 would trigger costly court battles, interfere with school operation, and would present many implementation problems.

350 WOULD CAUSE SEGREGATION AND FEDERAL COURT INTERFERENCE JUST TO SOLVE A SEATTLE PROBLEM

350 was specifically written to rescind Seattle's locally developed desegregation plan.

Applying 350 to Seattle, Tacoma, Pasco, and other desegregated school districts would significantly increase racial segregation. This resegregation of schools could easily result in the initiative being found unconstitutional. This would mean that desegregation plans in Seattle and elsewhere would continue but the rest of the state would still be saddled with the initiative.

350 litigation could lead to court ordered busing between Seattle and surrounding districts, as well as to court imposed costs to the State.

The best way to avoid interference with local control of your own school policies and the possibility of court ordered busing is to vote no on 350.

Rebuttal of Statement for

Initiative 350 threatens every school district. 350 restricts all school districts' power of pupil assignment, severely damaging local control. 350 could require *massive school closures*, and *increased*, not decreased, mandatory busing. By restricting local options, 350 would *increase*, not decrease, bureaucratic control. 350 would cause extensive and expensive court battles which would burden Washington taxpayers. To save neighborhood schools, keep costs down, and prevent elaborate court-ordered busing plans, vote NO on 350.

Voters' Pamphlet Statement Prepared by:

JOHN S. MURRAY, State Senator; ALAN THOMPSON, State Representative; EBEN CARLSON, Chairman, State Committee for Local Control.

Advisory Committee: DR. FRANK B. BROUILLET, Superintendent of Public Instruction; CAROL COE, President, Washington Education Association; DR. GEORGE T. DANIEL, President, Washington Association of School Administrators; DAVID J. WHITMORE, President, Washington State School Directors' Association; WALTER H. LEWIS, State Board of Education.

Initiative Measure 350

AN ACT Relating to school attendance; creating new sections; adding new sections to chapter 223, Laws of 1969 ex. sess. and a new chapter to Title 28A RCW; and providing penalties.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. Notwithstanding any other provision of law, after the effective date of this act no school board, school district, educational service district board, educational service district, or county committee, nor the superintendent of public instruction, nor the state board of education, nor any of their respective employees, agents or delegates shall directly or indirectly require any student to attend a school other than the school which is geographically nearest or next nearest the student's place of residence within the school district of his or her residence and which offers the course of study pursued by such student, except in the following instances:

(1) If a student requires special education, care or guidance, he may be assigned and transported to the school offering courses and facilities for such special education, care or guidance;

(2) If there are health or safety hazards, either natural or man made, or physical barriers or obstacles, either natural or man made, between the student's place of residence and the nearest or next nearest school; or

(3) If the school nearest or next nearest to his place of residence is unfit or inadequate because of overcrowding, unsafe conditions or lack of physical facilities.

NEW SECTION. Sec. 2. In every such instance where a student is assigned and transported to a school other than the one nearest his

place of residence, he shall be assigned and transported to the next geographically nearest school with the necessary and applicable courses and facilities within the school district of his or her residence.

NEW SECTION. Sec. 3. For purposes of section 1 of this act, "indirectly require any student to attend a school other than the school which is geographically nearest or next nearest the student's place of residence within the school district of his or her residence and which offers the course of study pursued by such student" includes, but is not limited to, implementing, continuing, pursuing, maintaining or operating any plan involving (1) the redefining of attendance zones; (2) feeder schools; (3) the re-organization of the grade structure of the schools; (4) the pairing of schools; (5) the merging of schools; (6) the clustering of schools; or (7) any other combination of grade restructuring, pairing, merging or clustering: PROVIDED, That nothing in this chapter shall limit the authority of any school district to close school facilities.

NEW SECTION. Sec. 4. For the purposes of section 1 of this act "special education, care or guidance" includes the education, care or guidance of students who are physically, mentally or emotionally handicapped.

NEW SECTION. Sec. 5. The prohibitions of this chapter shall not preclude the establishment of schools offering specialized or enriched educational programs which students may voluntarily choose to attend, or of any other voluntary option offered to students.

NEW SECTION. Sec. 6. This chapter shall not prevent any court of competent jurisdiction from adjudicating constitutional issues relating to the public schools.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act are added to chapter 223, Laws of 1969 ex. sess. and shall constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 8. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

THE OFFICE OF PRECINCT COMMITTEEMAN

In addition to the various state and county offices which will appear upon the general election ballot, most voters will have the opportunity to vote for the office of "precinct committeeman". At the 1977 session of the state legislature, the laws governing the official candidates' pamphlet were amended to provide for the inclusion of this description of the office of precinct committeeman and the duties and responsibilities of persons elected to that office.

WHO IS ELIGIBLE

State law (RCW 29.42.040) provides that any person who is a registered voter and a member of a major political party may become a candidate for the office of precinct committeeman by filing a declaration of candidacy and paying a one dollar filing fee to the county auditor. Since voters do not register by political party in Washington, a candidate declares himself or herself to be a Democrat or a Republican at the time he or she files for the office. The filing period for the office of precinct committeeman begins at the same time as the filing period for other partisan offices (the last Monday in July in even-numbered years), and lasts for three weeks, ending on the third Friday following that date.

ELECTION OF PRECINCT COMMITTEEMEN

Candidates for precinct committeeman do not appear on the primary ballot but rather are placed directly on the general election ballot, and the candidate receiving the most votes in his or her precinct for each political party is declared elected. State law (RCW 29.42.050) does provide, however, that to be declared elected, a candidate must receive at least ten percent (10%) of the number of votes cast for the candidate of his or her party receiving the greatest number of votes in that precinct.

TERM OF OFFICE AND VACANCIES

The term of office for anyone elected to the office of precinct committeeman is two years, and commences upon the official canvass of election returns by the county canvassing board. Should a vacancy occur in the office (caused by death, disqualification, resignation, or failure to elect), the usual process is for the chairman of the party central committee to fill the vacancy by appointment. Appointments to fill vacancies cannot be made between the state general election and the organization meeting of the county central committee, which must be held prior to the second Saturday in January following the election of precinct committeemen.

DUTIES OF PRECINCT COMMITTEEMEN AS MEMBERS OF THE COUNTY AND STATE CENTRAL COMMITTEES

1. Each precinct committeeman is a member of the county central committee. The county central committee has the authority to fill vacancies on the party ticket for partisan county offices and for

legislative offices in districts entirely within that county when no candidate files for such a position or when a candidate or nominee dies or is disqualified leaving no candidate of that party for such an office; they may also nominate persons for appointment to these offices if an incumbent of that party resigns.

2. The state central committee has the authority under state law (RCW 29.42.020) to:
 - Call caucuses and conventions.
 - Provide for the election of delegates to national nominating conventions.
 - Fill vacancies on the party ticket for any federal, state or legislative office which encompasses more than one county.
 - Nominate persons to fill vacancies in state or legislative offices caused by resignation or death of an incumbent of that party.
 - Provide for the nomination of presidential electors.
 - Perform other functions inherent in such an organization.

NON-STATUTORY DUTIES AND RESPONSIBILITIES OF PRECINCT COMMITTEEMEN

Specific duties and responsibilities of a precinct committeeman are usually determined by either the county or state central committees. The following duties are commonly assigned to precinct committeemen by their party organization:

- Keep informed on current issues and candidates, study the party platform.
- Attend meetings of county committees and actively participate in fund-raising activities.
- Obtain lists of registered voters from the County Auditor's office.
- Canvass the precinct and become acquainted with the voters residing therein.
- Establish a record of eligible voters and party members within the precinct.
- Encourage voter registration within the precinct.
- Distribute party election materials during election campaigns.
- Recommend party members to work as precinct election officers.
- Encourage voters to get out and vote on election day.
- Encourage the use of absentee ballots, when the need arises.
- Hold precinct caucuses at certain selected times for the purpose of adopting resolutions and selecting delegates to the county conventions.

Individuals who are interested in serving as precinct committeemen should contact the chairman of the county central committee of their party or the state committee office of that party. Their addresses are as follows:

The voting record of incumbent liberal congressman Bonker is a disgrace. He voted for foreign aid to Cuba and Vietnam; supports the giveaway of the Panama Canal; supported amnesty for draft dodgers but voted against the B-1 Bomber; believes "we must see that the Boldt decision is carried out"; is a compulsive spender; has voted against meaningful tax cuts; and according to fellow Democrat Bert Cole, "He certainly is not representing the district. He is more interested in his own beliefs and in Africa than he is in his own district." This irresponsible man should not be returned to Congress.

Rick Bennett is a successful small businessman who has sparked the imagination of people all over the country with innovative energy proposals. A popular television talk-show guest, Bennett has appeared on the *Mike Douglas Show*, the *MacNeil-Lehrer Report*, ABC's *Good Morning America*, NBC's *Today Show*, and NBC's *Tomorrow Show*. Rick Bennett will be just as articulate in selling Congress his vision of what America can become as he has been in creating a brand new electronics industry.

Bennett supports the Kemp-Roth 33% tax cut (which Bonker opposes), supports Jack Cunningham's bill to make the Steelhead a national game fish (which Bonker opposes), supports a strong national defense (which Bonker has voted to weaken), and would vote to impeach Andrew Young.

Rick Bennett's energy and welfare reform proposals won't cost the taxpayer a cent, yet will make us totally independent of Arab oil in 3 to 5 years, and will finally end the welfare cycle that has kept minorities in poverty and the government's hand in your pocket.

California's Proposition 13 proves the little guy can win! Send those liberals in Washington a similar message. Send Rick Bennett to Congress.

**Don
BONKER**
Democrat

A proven record of integrity, independent-minded voting and effective hard work have marked Don Bonker's first four years in Congress. Part of the post-Watergate "new breed" of Congressmen, Don Bonker listens to his constituents and to his conscience and turns a deaf ear to the loud voices of special interests in the nation's capitol.

Since you voted to return Don Bonker to Congress in 1976, he has worked to reduce taxes, cut unemployment, eliminate government red tape, and reduce the federal budget deficit. But Don Bonker will not rest until something is done about inflation.

Don Bonker feels Proposition 13 was predictable, in view of the intolerably high property tax assessments in California, but what began as a legitimate movement has become an excuse to create more loopholes and inequities in our tax system. He remains committed to fair and honest tax relief, including a reduction in the social security payroll tax, the most regressive and fastest-growing tax of all.

Don Bonker also believes that government red tape should not inhibit our economic growth. While certain regulations are necessary, he will demand an end to government paperwork and rules which serve no real purpose.

Don Bonker will continue to listen to your concerns and to seek sensible, workable solutions. He maintains three district offices, conducts regular constituent meetings and town hall sessions, and returns to the Third District monthly. His record of helping individual citizens and small businessmen is impressive. His commitment to keeping the timber and wood products industry and our fishery resource the economic base of the Northwest is unmatched.

Don Bonker works hard for the Third District because he cares. His perseverance, integrity and dedication to the public interest make him a Representative you can be proud to have serving you.

My candidacy for Congress was born from a concern over the radical, special interest group pressures within the women's movement. With 16 years experience in the political processes of our country, I was shocked last year to see \$5 million of our tax dollars spent to help promote lesbianism, abortion, and wage-for-housework via the state and national womens' conferences. Our tax dollars are still being used to lobby our Congressman for the passage of the radical, feminist goals promoted at the IWY conference.

It has been said, "that which you subsidize you get more of." On the national level, we are subsidizing: (1) Abortions, by providing funds for abortion referral clinics; (2) Homosexual life style, through CETA grants for lectures and government printing of homosexual literature and; (3) Promiscuity with contraceptives and birth control devices freely dispensed to minors without moral guidance. In addition, the promotion of nationally-funded child care, health care, and education programs would reduce the input from the people in areas of vital importance to families.

As a Congressional representative, I will promote legislation to strengthen the family unit, the ultimate answer to the social problems of our day. In addition, my farming background will help me represent the concerns of the agriculture communities. Better marketing of our agriculture products will help reduce our trade deficits.

I will work diligently to balance the budget, to help reduce inflation, and cut taxes by 30% by supporting the Kemp-Roth Tax Reduction. I also support zero based budgeting to help reduce wasteful spending and indexing tax rates to prevent the government profit from inflation.

It is time to change the emphasis from more government to more personal responsibility. Our family is dedicated to representing your family in the Congress, to help preserve our precious freedoms for the families of the future.

United States Representative

Fourth Congressional District

Congressman Mike McCormack served as a parachute infantry officer in WW II, earned his B.S. and M.S. in chemistry at WSU, and was a research scientist at Hanford from 1950 until 1970.

He served in the Washington State Legislature (House and Senate) from 1956 to 1970. There, he co-authored the Community College Act, a progressive port district law, legislation creating the voters' pamphlet, and Washington's thermal power plant siting law, which is a model for other states. He sponsored several tax reforms which have since been adopted (1% property tax limitation, no sales tax on food).

He was elected to Congress in 1970. He is a member of the Committee on Public Works and Transportation and the Committee on Science and Technology. He is Chairman of the Subcommittee on Advanced Energy Technologies.

McCormack is the author of most of the nation's solar energy programs, the geothermal energy program and the Electric Vehicle Act, co-author of the Energy Extension Service Law, and author of a major new solar photovoltaic energy program. He is the House leader for nuclear power development, waste management, the breeder program and fusion research.

McCormack has been designated "Solar Energy Man of the Year", elected to the national board of the American Association for the Advancement of Science, and has received the "Triple E" Award from the National Environmental Development Association.

As a member of the Public Works and Transportation Committee, McCormack has been involved in enacting responsible legislation for multi-purpose dam construction, river navigation, and irrigation development. He has been a leader in support of highway programs and economic development legislation.

McCormack's moderate, common-sense approach to issues has earned him support from every segment of the large and diverse fourth congressional district — organized labor, small business, industry, agriculture, education, veterans, senior citizens, and many others.

**William H.
WILLIAMS**
Nonpartisan

Each year, the responsibilities of the state's highest Court increase. Therefore, 'experience . . . where it counts' is the issue that is most important when you make your selection of Supreme Court Justice. Judge Williams, a man of 56, has served 20 years as Superior Court Judge. In addition, he has twice been Justice Pro Tem of the Supreme Court, served as Deputy Prosecuting Attorney for Spokane County, as Juvenile Court Judge, and in private practice of law.

Judge Williams enjoys the endorsement of many attorneys on both sides of the state, as well as that of Frank Hale and Robert Hunter, both retired Supreme Court Justices and co-chairmen of his committee. He was elected by his fellow judges and served as president of the Washington State Judges Association, and he now is chairman of the Judicial Ethics and Grievance Committee.

During WW II, Williams piloted a B24 bomber on 28 combat missions over Europe. A Spokane native, he is a graduate of the University of Idaho and received his law degree from Gonzaga University. Married and the father of five children, Williams has been active in the law since 1951.

**Francis E.
HOLMAN**
Nonpartisan

Judge Francis E. Holman, recognized among the state's leading lawyers and jurists, is 63 years old, married, with three children; educated in the Seattle Public Schools; graduated from Stanford, Oxford and Harvard Law School; served overseas in World War II with the state's 41st Infantry Division, and had active duty in the Korean War.

Judge Holman's experience has not been narrowly confined to the law. He has served in all three branches of government at both state and local levels, including: state representative and senator; mayor; member, Seattle's Metro Council; school director; hospital trustee; chairman, Carman Scholarship Committee. His accomplishments for public and private education are known statewide.

As first Chairman of the Public Disclosure Commission, Holman provided the essential leadership for implementing Initiative 276.

Judge Holman's 37 years in the legal profession include: membership on the Senate Judiciary Committee; American, Washington State and King County Bar Associations; and the American Judicature Society. Currently, he serves on the State Judicial Council and represents our state on the national Uniform Law Commission. Appointed Superior Court Judge for King County in 1973, he was twice re-elected without opposition, and is a graduate of the National College for the State Judiciary.

State Senator Eighth Legislative District

**Max E.
BENITZ**
Republican

Max Benitz has represented the voters of Benton and Yakima Counties for ten consecutive years in the legislature. He served three terms in the House of Representatives and is completing his first Senate term.

Working with Senate colleagues, Benitz was able to pass vital drought relief legislation when farmers were threatened by an abnormal dry season. He also played an effective role in revising the unemployment compensation law and passing a biennial budget without a General Fund tax increase. Benitz believes that the "no tax increase" budget paves the way for continued streamlining of state government based on fiscal restraint.

Starting with sage brush land in 1946, Benitz successfully owns and operates the family farm on the Roza Project in Benton County. He has been recognized nationally for his work in efficient means of food production, water rights and other related matters.

Benitz is well qualified to return to Olympia to finish what he has started, and is asking your support for re-election. The achievements he has realized during these past four years are the result of a combined effort of your vote and subsequent citizen participation. He represents your needs and ideas in Olympia.

**Doris J.
JOHNSON**
Democrat

Doris Johnson was born in Washington State and received her degrees from Western Washington State University. She has served four terms in the House of Representatives.

During those terms, she has been a member of the Education Committee, and served as Vice-chairman one term. In addition, she served on the Appropriations, Revenue and Taxation Committees, the Transportation Committee, the Constitutions Committee, State and Local Government Committees, the Social and Health Services Committee, the Labor Committee, the Water Resources and Pollution Control Committee and was Chairperson of the Committee on Special Districts.

She received the first Professional Award presented by the Washington Education Association and is the sole recipient of the ATAGIRL award presented for enactment of nuclear energy legislation.

Doris Johnson successfully sponsored legislation that brought sixteen million dollars to the city of Kennewick for Water Pollution Control facilities and successfully sponsored legislation for irrigation water right-of-way to each new residence within our irrigation districts. She was the prime sponsor of legislation creating for Benton County our only State Park, Crow Butte, and the prime sponsor of legislation promoting this state's quarterhorse industry.

"I pledge to continue to work to develop programs for this district to insure our economic well-being."

ISAACSON**
Republican

With a highly impressive academic and scientific background and 27 years experience as a chemical and nuclear engineer, Ray Isaacson is considered a leading world authority on nuclear energy, atomic waste and environmental sciences. He is currently Principal Scientist with Rockwell Hanford Operations. This background and experience is needed to effectively represent the 8th District when development of new energy sources is such a pressing issue.

Ray and his wife, Evelyn, have four children and have lived in Richland for 24 years. He is sensitive to community need, and is committed to making it a healthy, secure place to live.

**Linda
WYNNE**
Democrat

Rep. Linda Wynne, born in Pasco, is a long-time resident of the 8th District. Presently, Rep. Wynne serves on the House Energy & Utilities, Local Government, and Agriculture Committees.

Rep. Wynne has been active in various local groups, among them: Council on Aging; Utility Coordinating Committee, Chairman; and League of Women Voter's. She is also the first woman elected to the Washington City Management Executive Board.

Wynne's legislative goals include: making the state more aware of transportation problems in the 8th District; state-mandated programs that financially impact local governments; and fiscal responsibility at the state level.

Republican

The ranking minority member of the House Constitution Committee, Claude Oliver has displayed commendable legislative leadership qualities along with seasoned political assessment.

Analyzing very early in the 1977 legislative session that a "no tax increase budget" coalition would be formed and succeed, he stumped veteran legislators known for their spending habits who predicted otherwise.

Blending his solid family background with proven financial business experience, Claude has worked to realize legislative priorities. A strong advocate of more jobs through free enterprise, this citizen legislator has worked to represent working families without adding to their tax load.

**Robert C.
DOYLE**
Democrat

The Eighth District is one of the fastest growing areas of Washington. The problems of the district need the full-time attention of its elected officials. I am willing to make that commitment.

I look forward to working with citizens, groups and our communities to solve our problems. It's important we work together to solve our traffic problems, bring about tax reform, continue to develop our energy technologies and to return our education systems to local control.

State Senator

Thirteenth Legislative District

**Jerry C.
MERRICK**
Republican

Jerry Merrick's idea of being an effective Senator is getting out and talking with and listening to people, then vigorously representing their views. He believes we can make government work harder and better for us — without higher taxes.

Jerry wants to maintain local control of our schools while phasing out the burden of special levies on property taxpayers. He'll make sure the legislature fully funds basic education. He'll push for new and expanded markets for agricultural products.

Whether he's team roping or promoting a community project, Jerry goes at it with youthful energy, dedication and enthusiasm. A self-made man, he's earned his success.

Owner of apartment complex; operator of quarterhorse and cattle ranch. Before choosing Central Washington as his home, Merrick was a savings and loan consultant, staff member of state and federal regulatory agencies, president of a savings and loan association. He also helped organize a local improvement corporation to attract new business and industry.

Board member, Ellensburg Chamber of Commerce. Former chairman, Ellensburg Chamber Cowboys. Supporter, Business Week program at C.W.U. Past director, Elmview Living and Learning Center for mentally handicapped. Member, Ellensburg Rotary Club, Kittitas County Field and Stream, and Episcopal Church. Married, two children.

**Frank "Tub"
HANSEN**
Democrat

"Tub" Hansen has served three House terms. Now running for Senate seat vacated by Nat Washington.

"Tub" is a lifelong resident of Central Washington as rancher and farmer with business interests. Now retired, Hansen has devoted full time to his legislative duties and has good working knowledge of the 13th District and the people who live there. As your new Senator, he will continue to play an important role in protecting and developing the future of the district.

During Hansen's six years in the House, he has served on many standing committees vital to this area. Presently, Chairman of powerful House Transportation Committee, Chairman Special Budget Study Group monitoring Department of Transportation Budgets, House member of Water Quality Committee to make recommendations to the Governor on Environmental Protection Agency regulations. "Tub's" record proves he has fought tirelessly for taxation reform, holding down growth and cost of government but still allowing necessary services to meet the needs of people.

Representative Hansen is qualified to be your State Senator. Representative Hansen feels it is important that the new Senator have a good understanding of the legislative process and knowledge of the district that comes with experience. He believes he has that.

In recent years, the legislature has enacted vast numbers of new laws. Rather than continue this practice, the legislature must redirect its energy toward evaluating the affect of these laws on the people. Equating growth with progress is no longer an acceptable purpose. Evaluation of present rules and laws cannot only release the people from the confusion caused by the myriad of directives under which they live but, in the process, should reveal where tax dollars are being spend unwisely.

I would like to return to Olympia to be a part of this evaluation process.

**Sid W.
MORRISON**
Republican

Recent surveys taken in the Yakima Valley indicate that citizens are pleased with the job Sid Morrison has done during his first term in the Senate.

Born and raised in the Yakima Valley, Sid Morrison is a third generation orchardist, farming in the Zillah area. Educated at Toppenish, Yakima Valley College and Washington State University. He served with the military overseas, is married, has four children. His community, business and church activities are numerous.

Sid Morrison served in the House of Representatives from 1967 through 1974, specializing in the areas of budgeting, labor, agriculture, pension reform and tax limitations. His first four years in the Senate capitalized on this past experience and resulted in major accomplishments.

Morrison lists the completion of a workable school funding plan, no tax increases, and industrial insurance reform as major goals for the 1979 session of the legislature.

Morrison is proud of his efforts to improve two-way communication with his constituents. Newsletters, surveys and "In Touch" weekly commentaries have brought government closer to the people and good ideas back to Olympia.

A proven record, an understanding of the issues and a willingness to work qualify Sid Morrison for your support and re-election to the Senate.

How to Obtain an Absentee Ballot:

Any registered voter who cannot vote in person may apply directly to his or her county auditor or department of elections for an absentee ballot. Any signed request containing the necessary information will be honored. For your convenience, an application is reproduced below. The addresses of the auditors or departments of election are also listed below. In order to be certain that the voters' application is authentic, the election laws require that the signature on the application be verified by comparison with the signature on the voter's permanent registration record. For this reason, if a husband and wife both wish to vote by absentee ballot, **separate**, signed requests should be submitted. An additional copy of this application form is printed in the inside front cover of this pamphlet. In order to be counted, an absentee ballot must be voted and postmarked no later than the day of the election. For this reason, sufficient time must be allowed for an exchange of correspondence with the county auditor or department of elections.
