of the United States, in order to form a more perfect Union, establish Justice, insure domestic Tranquillity, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

## Article I

Section 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

Section 2. The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and the Electors in each State shall have the Qualifications requisite for Electors in that State.

Section 3. The Senate shall be composed of two Senators from each State, chosen by the Electors in each State for six Years, and two thirds of them shall be chosen in each Year, and one third shall be chosen in each Year. The Electors in each State shall have the Qualifications requisite for Electors in that State.

Section 4. The House of Representatives shall choose their Speaker and other Officers, and shall have the sole Power of Impeachment.

Section 5. The Senate shall choose their President and other Officers, and shall have the sole Power of Impeachment.

Section 6. The Senators and Representatives shall receive for their Services a Compensation, which shall be ascertained by Law.

Section 7. The Congress shall assemble at least once in every Year, and such Meeting shall be held on the first Monday in December, unless they shall by Law provide otherwise.

Section 8. The Congress shall have the Power to lay and collect Taxes, Duties, Imposts and Excises, to pay the Debts and provide for the common Defence and general Welfare of the United States; but all Duties, Imposts and Excises shall be uniform throughout the United States.

Section 9. The Congress shall have the Power to borrow Money on the Credit of the United States, to regulate Commerce with foreign Nations, to regulate Commerce among the several States, and to regulate Commerce with the Indian Tribes.

Section 10. No State shall enter into any Treaty, Alliance, or Confederation with any foreign Nation, or State, or enter into any Agreement or Compact with any foreign Nation, or State, or enter into any Agreement or Compact with any foreign Nation, or State, or enter into any Agreement or Compact with any foreign Nation, or State.

Section 11. The President shall have the Power to grant Reprieves and Pardons for all Crimes and Offences, except in Cases of Impeachment.

Section 12. The President shall have the Power to nominate and to appoint, and shall have the Power to remove, Judges, Officers, and Ministers of the United States.

Section 13. The President shall have the Power to grant Reprieves and Pardons for all Crimes and Offences, except in Cases of Impeachment.

Section 14. The President shall have the Power to nominate and to appoint, and shall have the Power to remove, Judges, Officers, and Ministers of the United States.

Section 15. The President shall have the Power to grant Reprieves and Pardons for all Crimes and Offences, except in Cases of Impeachment.

Section 16. The President shall have the Power to nominate and to appoint, and shall have the Power to remove, Judges, Officers, and Ministers of the United States.

## INTRODUCTION TO THE 1987 VOTERS' PAMPHLET

---

Fellow Washingtonians:

It is my pleasure to take part in introducing you to the King County edition of the 1987 Voters' Pamphlet which for the first time contains information on both state and local issues and races.

Washington has always been at the forefront of efforts to better inform the electorate about issues and candidates. In 1914, the state became one of the first in the nation to publish a voters' pamphlet for its citizens. In recent years, this information service has been expanded to include tape cassette, Braille, and Spanish-language versions of the pamphlet.

Another recent development has been the passage of legislation authorizing cities and counties to produce voters' pamphlets on local issues and candidates. With the publication of this edition, King County and Seattle are among the first local municipalities to take advantage of these new opportunities for increased voter information.

I want to thank and congratulate King County and the City of Seattle for their participation in this combined pamphlet. There are more local jurisdictions in King County than almost any other county in the nation, making the production of this pamphlet a monumental undertaking. The people who developed this publication deserve our thanks for a job well done.

This pamphlet will assist you in making decisions on the critical issues and important races which face us this year. I urge you to make full use of its contents, and to exercise your constitutional right by voting on November 3.

  
Ralph Munro  
Secretary of State

Dear King County Resident:

This Voters' Pamphlet commemorates the 200th anniversary of our United States Constitution. In those 200 years, our nation has strived to be a government "of the people, by the people and for the people." Every citizen 18 years and older now has the opportunity to elect our leaders, vote on issues, and shape our future.

This inaugural issue of the King County Local Voters' Pamphlet brings to all King County residents for the first time the opportunity to study local candidate statements and issues on their ballot. Voter registration information, a sample ballot, absentee ballot requests and other election information are included for your benefit. Special editions in Spanish, Chinese, Braille, and tape cassettes are available so that more of our citizens can make informed decisions.

The voters' pamphlet represents regional cooperation at its finest—public agencies sponsoring a forum in which candidates for public office can share their platforms and backgrounds with the voters who elect them. I extend special thanks to all who joined King County in this first edition.

I urge you to read this pamphlet and study the issues. Then join with me on Tuesday, November 3, to vote and continue our heritage of "We the people . . ."

  
Tim Hill  
King County Executive

# REFERENDUM BILL 41

Chapter 246, Laws of 1987

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Referendum Bill 41 begins on page 16.

Vote cast by the 1987 Legislature on final passage:  
HOUSE: Yeas, 77; Nays, 17; Absent or not voting, 4.  
SENATE: Yeas, 36; Nays, 9; Absent or not voting, 4.

## Official Ballot Title:

Shall the State challenge in the United States Supreme Court the constitutionality of authority delegated to the federal reserve system?

## The law as it now exists:

The Federal Reserve System, created by Congress in 1913, authorizes the Federal Reserve Board to exercise some controls over Federal Reserve banks and the nation's monetary policy. The following are some of the Board's powers: general supervisory powers over federal reserve banks, controlling discount rates, providing exceptions from bank

reserve requirements, requiring write offs of worthless bank assets, and controlling the issuance of Federal Reserve notes. Some of the purposes of the Federal Reserve System are: providing a nearly uniform discount rate, control of the money supply, requiring reserves for protection of banks, permitting elasticity in the creation of currency, supervision of the banking business and creation of a market for commercial paper.

## The effect of Referendum Bill 41, if approved into law:

The State Legislature is to seek, through an attorney it selects, to have the United States Supreme Court accept a lawsuit commenced by the state. The lawsuit would challenge (1) the constitutionality of the delegation to the Federal Reserve System of the power to create money and exercise control over economic activity, and (2) the delegation of authority under which banks have made unrestricted foreign loans.

## Statement against

### SAVE MONEY - VOTE "NO" ON REFERENDUM BILL 41

The lawsuit proposed by this referendum would be frivolous and costly. In 1982 the Attorney General of the state of Washington declined to file a lawsuit challenging the constitutionality of the Federal Reserve System because there was "no real possibility that the United States Supreme Court would strike down that law (if challenged) as an unconstitutional delegation of the power of Congress." In fact, the claim is so weak that the United States Supreme Court would probably not even consider it.

### LAWSUITS ARE EXPENSIVE

Your tax dollars and the human resources that would be spent conducting such a lawsuit would be wasted. These resources should be put to better use meeting the needs of the people.

### FEDERAL RESERVE SYSTEM IS CONSTITUTIONAL

Congress created the Federal Reserve System in 1913 to meet the country's need for a safer and more stable monetary system. It has properly fulfilled that role for almost 75 years. Congress oversees the operations of the Federal Reserve System through regular hearings and its review of semiannual reports. Also, the expenses of the Federal Reserve System are audited each year by the General Accounting Office, the auditing arm of Congress.

The United States Constitution gives Congress the power to regulate money and banking. The delegation by Congress to the Federal Reserve System of that power has been consistently upheld by the courts. A court challenge of

that delegation cannot win. It is wasteful to raise the issue again. Lawsuits are expensive. Save your tax dollars.

### VOTE "NO" ON REFERENDUM BILL 41

## Rebuttal of Statement for

Don't be misled by false claims and don't waste the taxpayers' money!

- The "Fed" is not "a private interest" group. Board members are appointed by the President and confirmed by the Senate.

- It is simple-minded to blame all our complex economic problems on this public agency.

- The Federal Reserve System's constitutionality has been consistently upheld by the courts.

Do not vote for a costly and frivolous lawsuit: Vote **NO** on 41.

Advisory Committee: R. TED BOTTIGER, State Senator; KATHERINE ALLEN, State Representative; MIKE VESETH, Professor of Economics, Tacoma; RONALD GOULD, Attorney, Seattle.

## Statement for

In the 1890's, large special interests gained immense power. By 1913, what Lincoln had called "the money power" pushed the Federal Reserve Act through Congress, allowing the Fed control of the money system.

Money supply is the most important factor affecting our economy. The U.S. Constitution delegates monetary power to Congress. Congress gave this authority to the Fed, a private interest: a group of bankers overseeing a network of banks. The Fed behaves as an independent agency, essentially free from checks and balances restraining the power of other government branches.

The Fed is not only unconstitutional, it isn't working. Bank failures, business bankruptcies, farm foreclosures, unstable rates of inflation, interest and employment, trade deficits and national deficits are classic symptoms of a failing money system. Congress established the Fed to prevent such problems.

The Washington Legislature, long noted as a trendsetter, again leads the nation. Referendum 41 passed by 80% in both the House and Senate. They could have gone directly into Supreme Court, by-passing the voters. But because the people have never been heard regarding their money system, a statewide vote on constitutionality makes this a truly historic measure.

Washington is not alone in its concern. 21 state legislatures have taken action criticizing the Fed. Many states will join us in Supreme Court when Referendum 41 passes.

Referendum 41 is not a complete solution, but a necessary first step toward a solution. Your vote for Referendum 41 will convince Washington D.C. that we are serious about protecting our future.

## Rebuttal of Statement against

Referendum 41 will save you money. Cost will be about 5¢ per person, but could save \$7.00 per person the Fed now collects each year in interest on paper money they issue.

Suit is based on delegation and separation of powers doctrine, never before brought against Fed. Supreme Court will hear case brought by statewide ballot vote, especially with other states joining Washington.

No case directly challenging Fed's constitutionality has ever before reached Supreme Court.

# INITIATIVE MEASURE 92

## TO THE LEGISLATURE

NOTE: The ballot title and explanatory statement were written by the Attorney General as required by state law. The complete text of Initiative Measure 92 begins on page 16.

### Official Ballot Title:

Shall it be a consumer protection violation for doctors treating Medicare eligible patients to charge more than Medicare's reasonable charges?

### The law as it now exists:

Medicare is a federal health insurance program under the Medicare law (Title XVIII of the Social Security Act). The administration of the Medicare program establishes what are entitled "allowable charges" (labeled by law as "reasonable charges") to determine the base for computing the payment by Medicare for medical services to

Medicare patients. At the present time, Medicare most frequently pays 80 percent of Medicare's established charges.

No state law limits the charges that can be made by physicians and other health care providers to Medicare patients. Physicians and other health care providers can charge Medicare patients more than the federally designated "allowable/reasonable charge." However, physicians who choose to contract as a "participating physician" in the federal Medicare assignment repayment program cannot charge any Medicare eligible patient more than the Medicare established charge. Physicians who do not contract but do directly submit billings to Medicare for individual patients cannot charge those individual patients more than the Medicare established charge.

Physicians are not required to enroll as providers in the Medicare program, nor to participate in the Medicare assignment repayment program. If the physician does not so participate, the patient, or the entity paying for the service, directly seeks partial reimbursement from Medicare for the medical services.

### The effect of Initiative Measure 92, if approved into law:

The State Consumer Protection Act would be amended to declare it to be an "unfair and deceptive practice" for a physician which includes medical doctors, osteopaths, chiropractors, podiatrists, dentists or optometrists to charge or try to collect for medical services to a Medicare eligible patient more than Medicare's established "allowable/reasonable charge". It would also be an "unfair and deceptive practice" for a physician to treat Medicare eligible patients other than solely in an emergency situation without enrolling as a "participating physician" in Medicare and being subject to the maximum charges established by Medicare.

Physicians would be required to post a summary of the initiative in their offices and failure to comply with its requirements could result in civil penalties, money damages or court injunctions. The State Attorney General or a Medicare patient could file a civil suit to enforce the law seeking treble damages not exceeding \$10,000, the costs of suit and attorneys fees. Additional penalties of up to \$25,000 can be imposed for violation of a court ordered injunction.

### Statement for

In 1965 Congress created Medicare because health care for America's elder citizens was in critical condition. Bad as things were then, the crisis is even worse today.

Seniors now spend more of their incomes on health care than they did before Medicare existed. The elderly spent 12 percent of their income on health care in 1980. By 1990 they will pay 19 percent, unless we do something quickly.

Initiative 92 cannot cure all of Medicare's ills, but it will take much of the uncertainty out of health care. It will make it illegal for a doctor to charge more than Medicare determines to be a "reasonable and customary charge." Seniors will know that Medicare will always pay 80 percent of their doctor's bills and that they are responsible for 20 percent. Doctors won't get away with overcharging their patients.

And once Initiative 92 passes, the complicated Medicare forms that intimidate so many elderly patients will become the responsibility of the doctor's office.

Initiative 92 will help families. Seniors on limited incomes cannot afford ever-increasing medical bills. By making medical care more affordable, Initiative 92 will make it less likely that the elderly will become a financial burden to their families.

Under the current Medicare reimbursement system, our state's sick and elderly people are forced to either subsidize their doctor's healthy incomes or go without medical care, causing minor illnesses to become major emergencies. That's bad medicine.

Vote YES on Initiative 92.

### Rebuttal of Statement against

Too bad organized medicine uses threats and misinformation.

Doctors claim Initiative 92 could limit access to health care. . .

Fact: Overcharges already keep many seniors away.

Doctors say Medicare doesn't pay them enough. . .

Fact: According to the AMA, the average doctor's take home pay is \$110,000. The average senior citizen receives a monthly Social Security payment of \$488.

Fact: I-92 will cost taxpayers nothing and stop doctors from overcharging.

Protect our health and dignity. Vote yes.

GEORGE FLEMING, State Senator; EUGENE V. LUX, State Representative; JIM LEWIS, State Representative.

CLAUDE PEPPER, U.S. Representative, Florida; KEN ANDERSON, President, Washington State Council of Senior Citizens; THOMAS HELLER, M.D., Seattle; SISTER VIRGINIA PAUL, Sisters of Providence, Walla Walla.

### Statement against

#### I-92 IS MISLEADING AND UNFAIR

If I-92 passes, all seniors, regardless of income, retired or working, will be charged less than others for medical care. These discounts will be "shifted" to non-senior patients; costs will increase for families and employers.

Don't believe that Medicare's "reasonable fees" are reasonable. The rates, frozen by Congress in 1984, have little to do with the actual cost of providing service.

#### SOME SENIORS WILL HAVE TO FIND NEW DOCTORS

If I-92 passes, some doctors will be forced to drop seniors and will be *prohibited by law from treating anyone over 65*. To quote the Washington Chapter of the American Association of Retired Persons: ". . . of Washington's 39 counties, 25 have areas that do not have enough primary care physicians. Nineteen of these counties have severe shortages. . . (I-92) . . . could cause some physicians to drop out of Medicare, thus limiting the availability of physician services to the elderly. Thus, AARP must oppose I-92." Our state's Senior Lobby does not support Initiative 92.

#### I-92 DENIES HEALTH CARE TO THE TRULY NEEDY

Despite Medicare's unreasonable rates, 27% of all doctors always accept them, over 90% accept Medicare's rates on a case-by-case basis. Many do not require *needy* seniors to pay anything. Under I-92, doctors *must* charge all seniors, regardless of income, the same unreasonable rates or be in violation of the law; true charity care will suffer.

#### I-92 WILL COST WASHINGTON TAXPAYERS MILLIONS

Washington taxpayers should not be charged to bail out, enforce, or endlessly litigate the federal Medicare pro-

gram. Real Medicare reform is needed in Congress. Join the thousands of seniors, employers, union members, health care professionals, and others in *VOTING NO ON I-92*.

### Rebuttal of Statement for

After investigating claims made by I-92 proponents, this committee, appointed by the Legislature to explain the arguments against I-92, has determined that:

- Congress has set Medicare's payment to doctors at approximately half the cost of actually providing medical services.
- Doctors charging medicare patients the same rate as other patients are not "overcharging;" Medicare is "underpaying."
- Current law provides adequate protections against true "overcharging."
- "Limited income" families will suffer if "unlimited income" seniors receive discounted care.

# SENATE JOINT RESOLUTION 8207

## PROPOSED CONSTITUTIONAL AMENDMENT

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of Senate Joint Resolution 8207 begins on page 16.

Vote cast by the 1987 Legislature on final passage:  
HOUSE: Yeas, 92; Nays, 3; Absent or not voting, 3.  
SENATE: Yeas, 45; Nays, 2; Absent or not voting, 2.

### Official Ballot Title:

Shall the constitution empower superior court judges, after retirement, to complete pending cases in which they had made discretionary rulings?

### The law as it now exists:

When a superior court judge leaves office for retirement or any other reason, the former judge is no longer authorized or empowered to function as a superior court judge. If the parties to a case agree, and the court approves, such a former

judge or any member of the bar can preside as a judge pro tem for the case.

By statute a party to litigation has one opportunity, as a matter of right, prior to a discretionary ruling being made by a superior court judge to have that judge removed from handling a specific case.

### The effect of SJR 8207, if approved into law:

The constitution would be amended to specifically empower previously elected superior court judges upon retirement to continue to handle those pending cases in which the judge had made discretionary rulings prior to retirement. No agreement would be required by the parties for a retired judge to so function.

### Statement for

This change would be of great benefit to the entire judiciary and most particularly those judicial districts with few judges serving the district. There is often a great problem of transition between an outgoing judge and an incoming judge on pending cases. This particularly applies in instances where there are complicated and complex matters. This resolution would allow judges to clear up the caseload of those complicated cases which the judge had been hearing prior to retirement. Many of these cases have been before the court for many years. This would help the incoming judge to assume the regular caseload without pending cases to consume the limited time available.

Superior Court Judges often retire leaving unfinished cases. SJR 8207 would allow such a judge to complete a pending case without written agreement of the litigants. This is an efficient and economical means of continuing a case when a judge retires. A judge's ability after retirement to continue to sit on that case without obtaining consent of the litigants would result in considerable savings to the county, the state and to the parties.

These retiring judges were elected by the people and the parties have already agreed to this judge. In long and complex cases, it would be very difficult and time consuming for the succeeding judge to catch up with the case. The parties would experience delay, and the parties may try to change prior rulings.

### Rebuttal of Statement against

SJR 8207 would authorize assigning a retiring elected judge to continue hearing an unfinished complicated case which would be difficult and costly for a new judge to assume. Although this would seldom be done, when needed, it would save time and money for the county and litigants.

Article V, Sec. 2 of our Constitution, prohibits an impeached judge from continuing on any case. Active and retired judges continue to be subject to the supervision of the courts and impeachment laws.

#### Voters' Pamphlet Statement Prepared by:

IRV NEWHOUSE, State Senator; DENNIS DELLWO, State Representative.

Advisory Committee: PHIL TALMADGE, State Senator; RON MEYERS, State Representative; JACK DEAN, President, Washington State Bar Association; WALTER A. STAUFFACHER, Superior Court Judge, Superior Court Judges Association.

### Statement against

#### SJR 8207 DESTROYS THE ELECTED JUDICIARY

Every citizen who appears in court should be entitled to have his or her case heard by an elected judge—one subject to voter approval every four years. This constitutional amendment destroys that principle.

#### SJR 8207 CREATES A SPECIAL JUDICIAL "ELITE"

If approved by the voters, this measure would create a special category of "elite" unelected judges on the Superior Court bench in any county. Judges under this constitutional amendment could retire from the bench and still sit on cases of their own choosing. There would be no recourse by voters to examine their performance or express their objections through the election process.

#### SJR 8207 WOULD PROTECT IMPEACHED JUDGES

No definition of a retired judge is included in this special amendment for privileged judges. A "retired" judge could have reached such status by impeachment for malfeasance or misfeasance in office, but this measure makes no distinction and would not bar an impeached jurist from continuing to serve on the bench.

#### SJR 8207 BREAKS JUDICIAL AGE PROVISION

Superior Court judges now reach retirement age at 75 and must step down from active duty on the bench, a provision designed to keep our courts from becoming a haven for older jurists. If this constitutional amendment is adopted, a judge could keep serving on a case for life.

SJR 8207 would raise judicial costs. Keeping a Superior Court judge on the bench costs each county and the state up to \$250,000 a year. This additional cost for an "elite" class of judges, who are retired and non-elected, would have to be borne by all of the taxpayers.

### Rebuttal of Statement for

As established in our legal history, judges are required to rule on the "law," not on their own personal opinion. A judge who succeeds to another's case has this same duty.

A matter of "convenience" shouldn't override a bench where judge's decisions are subject to voter review at the ballot box. Nor should we breach the judicial retirement age of 75, or create additional costs to maintain an "elite" corps of jurists at taxpayer expense.

SENATE: Yeas, 45; Nays, 2; Absent or not voting, 2.

### Official Ballot Title:

Shall state constitutional restrictions, which prevent investment of some permanent public land funds in stocks and private lending, be removed?

### The law as it now exists:

The Washington State Constitution and state and federal law have created permanent funds which receive revenue from certain public lands. Those funds include as beneficiaries common schools, universities, normal schools, agricultural, and scientific purposes. Each fund makes investments to generate

income, however, these permanent funds have been constitutionally restricted from investing in stock or making any investments which could be construed as a lending of credit to a private party. In 1966 the voters approved the forty-fourth amendment to the state constitution removing that restriction for the permanent common school fund and permitting those funds to be invested as authorized by law. The other permanent funds, however, continue to have the original constitutional restrictions upon investments.

ject those funds to the same limitation as the permanent common school fund i.e., the Legislature would be authorized to determine what will be a proper investment of those funds.

### The effect of SJR 8212, if approved into law:

SJR 8212 would remove the constitutional restrictions on the investment of the public land permanent funds and sub-

## Statement for

### HELPS HIGHER EDUCATION

Our public universities, like the common schools, historically have benefited from trust funds created by the state constitution. These funds help support capital construction for all public education, kindergarten through graduate school.

When the funds were created, their investment was limited to specified, fixed security instruments, such as federal, state, county, municipal or school district bonds. To increase investment flexibility and potentially to improve returns on these funds, Washington voters have amended the Constitution three times: to enhance the Permanent Common School (K-12) Fund, state pension funds, and state industrial insurance funds.

### REDUCES TAXPAYER LIABILITY

SJR 8212 provides this same kind of investment flexibility for our public higher education trust funds which benefit the University of Washington, Washington State University, Central Washington University, Eastern Washington University and Western Washington University. It simply permits the state to invest balances in these funds "in any manner allowed by law," including investing in equity instruments, such as common stocks. This could both *improve the rate of return on these funds* and *reduce the need for more taxes or increased bonded indebtedness*.

### PROTECTS PUBLIC TRUST

SJR 8212 *does not require* investing higher education trust funds in stocks. It merely provides the opportunity to

do so, but within carefully prescribed laws established to safeguard all investments of public funds. This resolution authorizes wiser money management and permits expansion of our investment flexibility.

### VOTE YES ON SJR 8212; IT'S THE PRUDENT VOTE TO CAST

## Rebuttal of Statement against

Don't be misled by alarmist rhetoric. Since 1981, the State Investment Board has earned more than a 17 percent return on state pension and accident insurance funds by exercising -- within statutory safeguards -- investment flexibility identical to that which SJR 8212 allows for higher education trust funds.

SJR 8212 has overwhelming support from both political parties -- 97% of the Legislature voted for it.

Support higher education; reduce the drain on taxpayers.

## Statement against

**VOTE NO** - The state should be prudent and sensible with public trust fund money.

### ENOUGH IS ENOUGH

Currently, other state trust fund money is invested in leveraged buyouts, venture capital, the stock market and real estate. This is gambling with our state money. Do not expose more public funds to these sophisticated and high risk investments. This is happening now - stop it by voting No.

### RISKY BUSINESS

Recently some of our state trust fund money was used to buy a Bellevue office park. The state of Washington should not be involved in commercial real estate. This is not what might happen if constitution limitations are removed, this is what is happening now with other trust fund money.

### FOUNDERS WERE RIGHT

State founders put restrictions on the use of the state's money and use of the state's credit. This change removes these prudent limitations. The opportunity for conflict of interest, corruption, middlemen, and losing great sums of money increase tenfold when restrictions are removed.

### STOP IT NOW

Right now the state invests trust fund money in leveraged buyouts, venture capital, and real estate. Close this "Pandora's Box" approach to investing - **VOTE NO**.

## Rebuttal of Statement for

Increasing the flexibility of trust fund investments will not benefit the taxpayer. In fact it will hurt the taxpayer if the investments turn into losses. This would create pressure to raise taxes to make up for the losses.

Leveraged buyouts and venture capital investments are investing in corporations and are potentially the lending of state credit. Protect school trust funds -- **VOTE NO**.

# HOUSE JOINT RESOLUTION 4212

## PROPOSED CONSTITUTIONAL AMENDMENT

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of House Joint Resolution 4212 begins on page 17.

Vote cast by the 1987 Legislature on final passage:  
HOUSE: Yeas, 78; Nays, 20; Absent or not voting, 0.  
SENATE: Yeas, 33; Nays, 16; Absent or not voting, 0.

### Official Ballot Title:

Shall the State Constitution be amended so legislative representatives will be elected for four years and senators for six years?

### The law as it now exists:

All the members of the House of Representatives of the Washington State Legislature are now elected for two-year terms in elections occurring in even numbered years. The members of the Senate of the Washington State Legislature

are elected for four-year terms with approximately one-half of the senatorial seats up for election at each even year election.

### The effect of HJR 4212, if approved into law:

The members of the House of Representatives of the State Legislature would be elected for four-year terms. Approximately one-half of the membership of the House would be elected in each even year election. There are two representatives in each legislative district, so as a transitional measure in the 1988 election, the representative receiving the largest vote in the district would be elected for a four-year term and the other representative would have a two-year term. The legislative position with the initial two-year term would in the 1990 election become a four-year term.

The members of the Washington State Senate of the Legislature would be elected for six-year terms with approximately one-third elected at each election. The 1988 and 1990 elections would result in some senators being elected for four years and others for six years to establish a pattern which by 1992 would result in all senators being elected to six-year terms.

### Statement for

#### ARE LEGISLATORS DOING THE WORK THEY ARE ELECTED TO DO?

Immediately after each election state legislators begin fund-raising and planning for their next election. The current two-year terms for members of the House and four-year terms for state Senators give strong momentum to short-term popular positions which push real problems and their solutions to the future.

#### NEED FOR A CHANGE

Our state Constitution is a dynamic document that, with its many changes, reflects the changing views and needs of our state. One hundred years ago it made good sense to the drafters of our Constitution to set two- and four-year terms for our legislators. After all, they met once every two years for sixty days, probably approved about fifty new laws and then went home by horseback, steamboat and railroad for two years before they met again. Communication was slow and the demands created by public necessity were minimal.

Today, the Legislature meets every year, 105 days in odd years, 60 days in even years, and in numerous overtime sessions. Over 4,000 proposals for new laws are introduced every two years, and 400 to 500 new laws enacted. Our world has grown more complex and longer terms for legislators is the logical result of the more complex issues that must be addressed. This constitutional amendment would prohibit a member of the House of Representatives from running for the state Senate without first giving up their House seat, but would allow a representative to run for other offices without first giving up the House seat.

### Rebuttal of Statement against

Longer terms *will* actually make your legislator more effective. Your legislator can better consider the many problems faced; give them careful scrutiny and not be ramrodded into a hasty decision because of momentary political or lobbyist pressure.

A six-year term for your senator will match that of your U.S. Senator. A four-year term for your representative means more attention to your problems, less to fund-raising and campaigning.

Your vote *FOR* HJR 4212 will give you a more responsible and responsive legislator.

#### Voters' Pamphlet Statement Prepared by:

LARRY L. VOGNILD, State Senator; SIMEON R. "SIM" WILSON; State Representative; RUTH FISHER, State Representative.

Advisory Committee: ALAN BLUECHEL, State Senator; GEORGE L. SELLAR, State Senator; PAT SCOTT, State Representative; GEORGE W. WALK, State Representative.

### Statement against

The changes proposed in HJR 4212 are unnecessary and unwise. Lengthening the term of office for our legislators only would make state government more unyielding and less responsive to the will and needs of the people.

The length of our legislators' terms -- closely patterned on the length of congressional terms in office -- has been in effect for 100 years, and there is no valid reason to change it. Extending the duration of office by two years simply would make our elected representatives less accountable to the people of Washington State.

*Why?* Our citizen Legislature must maintain close ties with the electorate. The current system -- with two-year terms for the House of Representatives and four-year terms for the Senate -- requires constant communication between legislators and the public. The election process gives each voter the opportunity to hear regularly from his lawmakers and grade their performances. Limiting voters' opportunity to cast judgment on their lawmakers flies in the face of a democratic government.

Lengthening the span between elections would measurably weaken the voters' voice in government. It's true that election campaigns often are long, expensive and tiring -- but campaigns also are often the only chance many people have to see and visit with their legislators. Reducing the frequency of elections would curtail the communications that are so vital to a democratic, representative form of government.

Your vote against HJR 4212 will prevent a dilution of your voice in our state government.

### Rebuttal of Statement for

Long-term solutions to problems result from hard work by quality lawmakers -- not longer terms of office.

Yes, our world is growing more complex, but our ability to understand and deal with problems is growing too. The media help keep us well informed on governmental issues and actions. Extending lawmakers' terms won't make the legislative process more effective or easier.

If legislators are spending too much time electioneering, the solution is campaign reform, not longer terms.

# HOUSE JOINT RESOLUTION 4220

## PROPOSED CONSTITUTIONAL AMENDMENT

Note: The ballot title and explanatory statement were written by the Attorney General as required by law. The complete text of House Joint Resolution 4220 begins on page 17.

Vote cast by the 1987 Legislature on final passage:  
HOUSE: Yeas, 86; Nays, 11; Absent or not voting, 1.  
SENATE: Yeas, 33; Nays, 16; Absent or not voting, 0.

### Statement for

HJR 4220 is needed to assure adequate schools for our state. Public school construction is funded by a combination of local and state monies. On the average, the state supports about one-half of the cost of each construction project. The local school district voters provide the balance through property taxes or bond issues.

### SCHOOL CONSTRUCTION FUNDS ARE INADEQUATE

For the past twenty years state support for school construction has been met through the sale of timber from trust lands. Three major factors make this level of construction support inadequate:

1. Statewide enrollment growth necessitates new classrooms.
2. The value of trust timber has declined 50 percent in the past four years.
3. Our existing school buildings are wearing out.

### SCHOOL PROJECTS AWAIT STATE FUNDING

Projects representing \$300 million have secured the local share and are awaiting state funds. Some of these projects have been waiting since 1984 and without the passage of HJR 4220 they may still be waiting through the 1990's.

### HJR 4220 WILL PROVIDE FOR OUR CHILDREN'S FUTURE

This constitutional amendment allows for a state property tax levy that will not exceed 35 cents per \$1000 of assessed value and will not be collected for longer than 15 years. The money would be used solely for school construction purposes. Projected revenue from the proposition

### Official Ballot Title:

Shall the constitution be amended to permit a 15 year state-wide special property tax levy exclusively for school construction purposes?

### The law as it now exists:

The state constitution limits tax levies upon real and personal property by the state and all taxing districts, except port districts and utility districts, in any one year to in the aggregate not more than one percent of true and fair value of such property. This constitutional limit on property taxation

would fund approved projects on the waiting list within seven years. In addition, monies deposited into a permanent endowment will provide an ongoing source of funding for future school construction needs.

There are currently over 750,000 children in kindergarten through grade twelve. By 1999, enrollment will grow to over 900,000 students.

Our children deserve safe, healthful, and uncrowded schools.

### Rebuttal of Statement against

YES, HJR 4220! The opposition's argument is misleading. In politics, it is called "smoke and mirrors."

- HJR 4220 does not tamper with the Constitution.
  - HJR 4220 will be directed by the voters to exist for 15 years. Period.
  - Nobody likes increases in property taxes. But the longer it takes to fix schools, the more it will cost -- pure and simple.
  - HJR 4220 does not interfere with local levies. The opposition mixes apples and oranges. *Vote YES!*

can be exceeded by taxing districts only by securing voter approval as delineated in the state constitution.

### The effect of HJR 4220, if approved into law:

The state would be authorized to impose a property tax in excess of to the current constitutional limit, at a rate not to exceed 35 cents per thousand dollars of assessed valuation adjusted to the state equalized value for a period of 15 years. The proceeds of that tax are to be used exclusively for school construction purposes.

Related provisions of the constitution would be altered to harmonize with the added language concerning a state property tax levy for school construction purposes, including

the repeal of authorization to retire bonds from the interest on the permanent common school fund. This also eliminates certain language in the constitution which expired by its own terms at some past period and is now obsolete.

### Statement Against

#### GOOD INTENTIONS, BUT A BAD IDEA

Yes, we have a problem in funding school construction projects. *But while the problem is clear, the solution is not.*

Increasing property taxes is the wrong way to solve this problem.

*Should we tamper with the Constitution? No.* Amending the state Constitution for 15 years is inappropriate. The Constitution should be a permanent document protecting Washington citizens. Short-term changes are unwise.

*Do you really believe this tax will be "temporary"?* No. Proponents of this property tax plan say it will last 15 years. . . they claim it will be "temporary." But just think about all the times supposedly "temporary" taxes ended up being made permanent.

*Should we again use property taxes as the easy way to get more money for government?* No. Already this year the Legislature raised the levy lid for school districts, allowing higher property tax rates. The Legislature also allowed libraries to seek local levies that would increase taxes further. Another significant increase in our property tax burden is the last thing we need.

*Should the state pre-empt local use of property taxes?* No. Property taxes are intended to fund local government activities . . . such as road maintenance, law enforcement, fire protection, emergency medical assistance, and so on. For the state to increase our property tax burden will make it harder for local governments to win approval of the levies they must have to operate effectively.

*We should reject this proposal and keep property taxes as a local option and preserve local control.*

### Rebuttal of Statement for

The problem of school construction funding is not new; it has been on the horizon for several years. *And a temporary constitutional amendment is not the answer.*

*This property tax increase would require property taxpayers to pay for school construction projects throughout the state. . . in addition to projects they are already paying for in their own district.*

*We need a better way to pay for necessary school construction. . . not just higher property tax rates.*

## COMPLETE TEXT OF Referendum Bill 41

AN ACT Relating to the federal reserve system; creating new sections; and providing for submission of this act to a vote of the people.  
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

**NEW SECTION.** Sec.1. (1) A sound money system is absolutely vital to a free people. Symptoms of an unsound money system abound: Budget deficits, recurring recession cycles, farm foreclosures, business bankruptcies, bank, savings and loan, and insurance company failures, trade deficits, and dramatic fluctuations in interest rates, inflation levels, and unemployment statistics. These represent a clear and present danger to the people and to the government of the state of Washington and the United States of America.

(2) The Federal Reserve Act of 1913, and other acts of Congress, purport to delegate the nation's monetary authority to the Federal Reserve System, with no oversight or control by any elected body or official. The Federal Reserve Board is assumed to have the power to create money and thus exercise absolute control over the economic activity of this nation, whereas the United States Constitution nowhere authorizes Congress to delegate such power.

(3) The Federal Reserve Act of 1913, and other acts of Congress, purport to delegate authority, without oversight or control, under which large, private United States multinational banks have made unrestricted loans all over the world which, now in danger of default, threaten the United States of America with a collapse of its whole banking structure.

**NEW SECTION.** Sec 2. It is hereby the declared intent of the state of Washington, and the counsel appointed by the legislature is hereby directed, to cause to be filed in the original jurisdiction of the supreme court of the United States: (1) An action challenging the constitutionality of the delegation to the federal reserve system of the power to create money, and thus the power to exercise absolute control over the economic activity of this nation, and (2) An action challenging the delegation of authority without oversight, under which large, private multinational banks have made unrestricted foreign loans which, if they default, threaten the United States of America with a collapse of its whole banking structure.

**NEW SECTION.** Sec. 3. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof.

## COMPLETE TEXT OF Initiative Measure 92

AN ACT Relating to the consumer protection act; and adding a new section to chapter 19.86 RCW.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

**NEW SECTION.** Sec. 1. A new section is added to chapter 19.86 RCW to read as follows:

(1) It shall be an unfair or deceptive act or practice or unfair method of competition in the conduct of trade or commerce under RCW 19.86.020 for any physician to:

(a) Charge, collect, or attempt to collect for medical services provided to any patient eligible for medical insurance benefits for the aged and disabled under the federal medicare program, part B of Title XVIII of the federal social security act, any amount in excess of the reasonable charge for such services as determined under part B of Title XVIII of the federal social security act;

(b) Fail to enroll at the earliest possible time, or fail to continue, as a participating physician under the supplementary medical insurance benefits for the aged and disabled part of the federal medicare program, part B of Title XVIII of the federal social security act; and

(c) Fail to post in a conspicuous place in his or her place of business a summary of the provisions of this section in accordance with such rules adopted by the attorney general to assure that patients are given reasonable notice of their rights under this section.

(2) This section does not apply to a physician who certifies in writing to the attorney general of the state of Washington that he or she does not and will not provide medical services covered under the supplementary medical insurance benefits for the aged and disabled part B of the federal medicare program to persons eligible for such benefits except in emergency situations or when such treatment would otherwise be required by the standards of the profession.

(3) For the purposes of this section the terms used in this section shall be defined consistently with the definitions for such terms contained in Title XVIII of the federal social security act.

**NEW SECTION.** Sec.2. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

## COMPLETE TEXT OF Senate Joint Resolution 8207

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IV, section 7 of the Constitution of the state of Washington to read as follows:

Article IV, section 7. The judge of any superior court may hold a superior court in any county at the request of the judge of the superior court thereof, and upon the request of the governor it shall be his duty to do so. A case in the superior court may be tried by a judge, pro tempore, who must be a member of the bar, agreed upon in writing by the parties litigant, or their attorneys of record, approved by the court and sworn to try the case. However, if a previously elected judge of the superior court retires leaving a pending case in which the judge has made discretionary rulings, the judge is entitled to hear the pending case as a judge pro tempore without any written agreement.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

## COMPLETE TEXT OF House Joint Resolution 4212

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article II of the Constitution of the state of Washington by repealing section 4 thereof and amending Article II, section 5 and Article II, section 6 of the state Constitution to read as follows:

Article II, section 4. Section 4, Article II of the Constitution of the state of Washington is repealed.

Article II, section 5. ~~((The next election of the members of the house of representatives after the adoption of this Constitution shall be on the first Tuesday after the first Monday of November, eighteen hundred and ninety, and thereafter, members of the house of representatives shall be elected biennially and their term of office shall be two years; and each election shall be on the first Tuesday after the first Monday in November, unless otherwise changed by law:))~~ Members of the house of representatives shall be elected for terms of four years with as near to one-half of their number as is mathematically possible retiring every two years. At the general election to be held on the first Tuesday next succeeding the first Monday in November 1988, the candidate in each representative district who receives the greatest number of votes shall be elected for a term of four years and thereafter for a term of four years, and at the same election the winning candidate in each representative district who receives the second highest number of votes shall be elected for a term of two years and thereafter for a term of four years.

Elections of the members of the house of representatives shall be on the first Tuesday after the first Monday of November in each even-numbered year unless otherwise changed by law. Persons elected to the house of representatives shall serve four-year terms unless they resign or seek other legislative office.

Article II, section 6. ~~((After the first election))~~ The senators shall be elected by single districts of convenient and contiguous territory, ~~((at the same time and))~~ in the same manner as members of the house of representatives are required to be elected; and no representative district ~~((shall))~~ may be divided in the formation of a senatorial district. They shall be elected for ~~((the))~~ terms of ~~((four))~~ six years, ~~((one-half))~~ with as near to one-third of their number retiring every two years. The senatorial districts shall be numbered consecutively, and ~~((the senators chosen at the first election had by virtue of this Constitution, in odd numbered districts, shall go out of office at the end of the first year; and the senators, elected in the even numbered districts, shall go out of office at the end of the third year))~~ shall be divided into three groups: The first group to consist of every first district, the second to consist of every second district, and the third to consist of every third district. For those districts in which senators are to be elected in 1988 the term of office shall be four years for each district in the first and second groups and six years for each district in the third group; and thereafter in each district the term of office shall be six years. For those districts in which senators are to be elected in 1990, the term of office shall be four years for each district in the first group and six years for each district in the second and third groups; and thereafter in each district the term of office shall be six years.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

## COMPLETE TEXT OF House Joint Resolution 4220

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IX, section 3 and an amendment to Article VII, section 2 of the Constitution of the state of Washington to read as follows:

Article IX, section 3. (1) The principal of the permanent common school fund as the same existed on June 30, 1965, and including any revenue dedicated to the fund from a state property tax shall remain permanent and irreducible.

(2) The ~~((said))~~ permanent common school fund shall consist of the principal amount ~~((thereof existing on June 30, 1965))~~ under subsection (1) of this section, and such additions thereto as may be derived after June 30, 1965, from the following named sources, to wit: Appropriations and donations by the state to this fund; donations and bequests by individuals to the state or public for common schools; the proceeds of lands and other property which revert to the state by escheat and forfeiture; the proceeds of all property granted to the state when the purpose of the grant is not specified, or is uncertain; funds accumulated in the treasury of the state for the disbursement of which provision has not been made by law; the proceeds of the sale of stone, minerals, or property other than timber

and other crops from school and state lands, other than those granted for specific purposes; all moneys received from persons appropriating stone, minerals or property other than timber and other crops from school and state lands other than those granted for specific purposes, and all moneys other than rental recovered from persons trespassing on said lands; five per centum of the proceeds of the sale of public lands lying within the state, which shall be sold by the United States subsequent to the admission of the state into the Union as approved by section 13 of the act of congress enabling the admission of the state into the Union; the principal of all funds arising from the sale of lands and other property which have been, and hereafter may be granted to the state for the support of common schools. The legislature may make further provisions for enlarging said fund.

(3) There is hereby established the common school construction fund to be used exclusively for the purpose of financing the construction of facilities for the common schools. The sources of said fund shall be: ~~((1))~~ (a) Those proceeds derived from the sale or appropriation of timber and other crops from school and state lands subsequent to June 30, 1965, other than those granted for specific purposes; ~~((2))~~ (b) the interest accruing on said permanent common school fund from and after July 1, 1967, together with all rentals and other revenues derived therefrom and from lands and other property devoted to the permanent common school fund from and after July 1, 1967; and ~~((3))~~ (c) such other sources as the legislature may direct. That portion of the common school construction fund derived from interest on the permanent common school fund may be used to retire ~~((such))~~ bonds ~~((as may be))~~ authorized by law prior to January 1, 1987, for the purpose of financing the construction of facilities for the common schools.

~~((The interest accruing on the permanent common school fund together with all rentals and other revenues accruing thereto pursuant to subsection (2) of this section during the period after the effective date of this amendment and prior to July 1, 1967, shall be exclusively applied to the current use of the common schools.))~~

(4) To the extent that the moneys in the common school construction fund are in excess of the amount necessary to allow fulfillment of the purpose of said fund, the excess shall be available for deposit to the credit of the permanent common school fund or available for the current use of the common schools, as the legislature may direct.

Article VII, section 2. Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed one per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either

at a special election or at the regular election of such taxing district, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty per centum of the total votes cast in such taxing district at the last preceding general election when the number of electors voting on the proposition does not exceed forty per centum of the total votes cast in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the electors thereof voting on the proposition to levy when the number of electors voting on the proposition exceeds forty per centum of the total votes cast in such taxing district in the last preceding general election: PROVIDED, That notwithstanding any other provision of this Constitution, any proposition pursuant to this subsection to levy additional tax for the support of the common schools may provide such support for a two year period and any proposition to levy an additional tax to support the construction, modernization, or remodelling of school facilities may provide such support for a period not exceeding six years;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein, AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort;

(d) By the state for a property tax at a rate not to exceed thirty-five cents per thousand dollars assessed valuation adjusted to the state equalized value, levied for a maximum of fifteen years and used exclusively for school construction purposes.

BE IT FURTHER RESOLVED, That the foregoing amendment shall be construed as a single amendment within the meaning of Article XXIII, section 1 of this Constitution.

The legislature finds that the changes contained in the foregoing amendment constitute a single integrated plan for funding common school capital projects. If the foregoing amendment is held to be separate amendments, this joint resolution shall be void in its entirety and shall be of no further force and effect; and

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

## BALLOT TITLE

### PROPOSITION NO. 1 REGIONAL HEALTH CARE CAPITAL IMPROVEMENTS BONDS-\$99,800,000

Shall King County, to finance Harborview Medical Center's trauma center and certain capital improvements at Harborview and Pacific Medical Centers, and the Health Department's Columbia, East, South, Southwest and Renton Clinics, as provided in King County Ordinance 8196, issue up to \$99,800,000 of unlimited tax general obligation bonds with a maximum term of 20 years, on which principal and interest shall be payable from annual property tax levies in excess of regular property tax levies?

## Explanatory Statement:

If approved by the voters, Proposition No. 1 would authorize King County to issue up to \$99,800,000 of unlimited tax general obligation bonds, maturing within 20 years, to finance all or part of the following regional health care capital improvement projects within King County:

(1) At Harborview Medical Center, expansion and consolidation of the emergency trauma center and other key diagnostic departments; expansion, improvement and relocation of patient and visitor services; and modernization, expansion and consolidation of in-patient and out-patient facilities.

(2) At Pacific Medical Center, structural repairs and/or additions to bring its Beacon Hill "Tower Building" into compliance with Seattle's seismic and other building codes.

(3) Construction of three new public health centers in Seattle, east King County and south King County, and expansion, remodeling and repairs to existing public health centers in Renton and southwest King County.

The maximum amounts of bond principal proceeds to be available to these projects shall be: Harborview - \$75,465,000; Pacific Medical Center - \$9,315,000; and public health centers - \$15,020,000.

Unless paid from other sources, both principal of and interest on the bonds would be paid from annual excess property tax levies upon all taxable property within King County, without limitation as to rate or amount.

To be approved, this proposition must receive "yes" votes from at least 60% of those voting on it, and the total number of persons voting on this proposition must equal at least 40% of those in King County who voted at the last general state election.

## Statement for

**SAVING LIVES:** Life-threatening injuries can strike anyone at anytime. For the more than 3,000 accident victims treated at Harborview each year, the difference between full recovery and a lifetime of impairment or death can be a matter of seconds. Harborview's trauma team, while nationally recognized, is forced to lose precious seconds because essential facilities — the emergency room, surgery, radiology, laboratories and the air ambulance heliport — are spread throughout the hospital. Blood test labs, for example, are a block and a half and two floors from the emergency room.

Proposition 1 would provide a modern, efficient Trauma Center at Harborview. Essential emergency services would be consolidated and readily available—making the difference for many accident victims whose lives hang in the balance.

**MEETING HEALTH CARE NEEDS IN OUR COMMUNITY:** Demands on our Health Department clinics to provide basic and preventative care cannot be met without Proposition 1. These clinics, located in communities with rapid population growth, are already straining to provide services to those most in need—especially children and seniors.

When low-income patients around the county need specialty medical care, they are referred by the community clinics to Pacific Medical Center. PMC must make structural improvements to keep these vital services available.

**A SMALL PRICE TO PAY:** Proposition 1 asks voters to commit only 11 cents per \$1,000 of assessed property value a year to these public health care facilities over the next 20 years.

**Vote yes on 1 — a small price to pay when it's about saving lives.**

## Rebuttal of statement against

Harborview is THE treatment facility for people from all over King County with the most serious, life-threatening injuries. **It must be modernized.**

Harborview is one of the few county hospitals that requires no operating subsidies. These improvements will keep Harborview self supporting. The Seattle Area Hospital Council endorses Proposition 1 because **it's cost effective.**

SOS is also wrong about Pacific Medical Center. If the funds aren't committed to PMC, the bonds won't be issued.

STATEMENT PREPARED BY: WARREN G. MAGNUSON, JOEL PRITCHARD, JAMES WICKWIRE

## Statement against

"...the United States often has worse health than Britain despite spending three times as much per head on health care." (*London Economist* 8/22/87, page 47)

The Shareholders of Seattle (SOS) urge you to vote NO on Proposition 1, the Regional Health Care Capital Improvements Project.

The crisis of medical care here is a crisis of costs.

Why? Because we in the United States are spending progressively more for medical **buildings** than we are for medical **services**. That is precisely the situation here. We're being asked to allocate \$100 million for capital projects financed by a bond issue, with not a single penny going for operating or maintaining the subsequent improvements. With interest, this bond issue will cost the taxpayer a minimum of \$200 million. **The effect is higher medical costs for all whether one pays the bill directly or through insurance.**

Problems that SOS is asking you to consider are:

1. The Harborview Long Range Capital Improvement Plan gives no non-capital alternatives. There is no documented data to show that the proposed capital expenditures will attain the efficiencies claimed.

2. The Pacific Medical Center (PMC) is managed by a Public Development Authority. As such, the funding for PMC is conditional (see Ordinance Sec. 4). Passage of this measure does not necessarily mean that PMC will get the funds. If it doesn't, the ordinance does not say what will happen to the money. **Once again, we're being asked to sign a blank check.**

## Rebuttal of statement for

**Vote NO on Proposition 1.**

**Harborview:** Alleged "inefficiency" is a management problem certainly not requiring a bond issue.

**Pacific Medical Center:** PMC has been cutting back on health care. Why??

Medical costs have increased because facilities have expanded beyond the ability to staff, equip and maintain them. Developmental costs will be passed on to patients. How can more lives be saved and health care provided if people can't afford the services?

Vote NO on 1.

# King County Assessor

**Jeanette  
BERLEEN  
Republican**

Jeanette Berleen has been a real estate appraiser for three and one half years, an accountant and lead budget analyst, and has served laudably in our Washington State House of Representatives. She has been a member of the Burien, White Center, and West Seattle Chambers of Commerce, Highline United Methodist Church, and Citizens to Save Puget Sound.

Jeanette Berleen was born on November 2, 1952. She attended Highline Community College and the University of Washington, where she received a Bachelors degree in Business Administration in 1976. Jeanette Berleen has experience in management, budgeting, appraisal, and working with people.

I plan to make the Assessor's Office more accessible, informative, and efficient. The office can be made more efficient by making property tax appeals' decisions good for more than just one year. Also, by assigning appraisal crews to specific areas, they will become more familiar with the neighborhoods they appraise.

The office can be more informative by letting people know about exemptions they are eligible for in a timely fashion. Then, people will not be taken advantage of by paying more than their fair share of property taxes. For example, taxpayers can get an exemption for added value of remodeling on single family residences, up to a limit, by filing a form with the Assessor's office. I will work with the building department of King County and all city building departments to have the proper forms automatically issued with all residential remodeling building permits.

Renters, you have a stake in property taxes. Your rent will probably increase by as much as any new taxes paid by the owner. The Assessor's office can be more informative by letting people know how much bonds and levies are going to increase property taxes, before they vote on them. Then the decision on whether or not to pass these issues is up to an even more informed electorate, both owners and renters.

The office of Assessor can be made more accessible by opening a public information counter at the existing Eastside Assessor's Office, and by working with libraries to have property tax information stations located in them.

You have a right to know about tax exemptions and why your property is appraised the way it is. As Assessor, I will make sure property is appraised fairly, and I will accommodate the needs of all citizens.

Thank you for your interest, concern, and your vote.

**Ruthe  
RIDDER  
Democrat**

Ruthe Ridder is seeking reelection as King County Assessor. In 1983 she defeated three-term incumbent Harley Hoppe. Ruthe has received high marks during her first term. Headlines such as, *HERE'S AN ASSESSOR WHO HELPS THE TAXPAYER* (Seattle P.I. 2/23/86) have been typical.

Ruthe was born June 13, 1929; Bachelor's, Psychology, University of Washington; served 9 years State Senate, Chair Labor Committee, member Ways/Means, Rules and Legislative Budget Committees; Vice President Washington State Association of County Assessors, member Rainier Chamber of Commerce and League of Women Voters.

*Ruthe has won each election she's campaigned in.*

King County Assessor Ruthe Ridder keeps her word.

Four years ago, she promised to run an open, professional and non-political Department of Assessments. Ruthe Ridder has kept these promises and more.

Ruthe has quietly and efficiently brought fairness to the assessment process. Under Ruthe Ridder, the valuation process is handled by a professional staff without politics getting in the way. There are no more scandals. No private detectives following Department employees. Every property is treated equally.

In keeping her word to open the office, Ruthe has: *Initiated taxpayer assistance meetings throughout King County which have been very well attended. Over 3,000 taxpayers have received personal help in understanding their property tax system.*

*Distributed over 10,000 copies of "Tax Facts", a free booklet on Department programs, including information on how to obtain property tax exemptions and appeal property values.*

*Made it easy for the public to get information from the Assessor's Office on any property.*

*Made comparable sales data available on computer terminals.*

Ruthe has accomplished all of this while holding to a no growth budget. She looks to the next 4 years to sustain the role of your independent Assessor to protect and enhance property tax fairness.

Ruthe has reached out to property owners who need assistance and are eligible for property tax relief.

*She initiated a program of immediately informing taxpayers whose property has been damaged of their right to property tax relief.*

*She successfully sought legislation to increase interest paid to taxpayers who receive refunds.*

*She developed an aggressive outreach program to inform seniors, the disabled and home remodelers of tax-exemption programs.*

Ruthe's honesty and integrity have earned her enormous respect. On November 3rd, your continued support of Ruthe Ridder will keep the office open, accessible and fair.

**Greg  
NICKELS  
Democrat**

Born in Chicago, Illinois on August 7, 1955, Greg Nickels has served for the last eight years as a Legislative Assistant for the Seattle City Council. In that position, Mr. Nickels has extensive background in local government finance, budget, public safety and complex utility issues. Greg attended Holy Rosary and Our Lady of Guadalupe grade schools. He graduated in 1973 from Seattle Prep (where he was a National Merit Scholar) and attended the University of Washington. Greg and Sharon Nickels have been married since 1978. They have two children—Jacob (6) and Carey (4).

"I am running for King County Council because it is time for a change in King County. During this campaign I have talked with thousands of people in the Eighth District about their concerns. First and foremost they are worried about the future of our King County region. They see our terrible traffic mess and wonder what is being done to fix the problem, they see their garbage bills skyrocketing and wonder if we have the leadership to deal with the solid waste crisis, they see their sewer bills going up and up and up and wonder where it is going to stop.

In the Eighth District we share these problems. Kent has the highest traffic death rate in Washington State, the congested First Avenue South Bridge has claimed 15 lives over the last eleven years. The Kent-Highlands landfill is in the Eighth District. Fortunately the Midway landfill is not in the Eighth District. But the gas from Midway migrates under I-5 and bubbles to the surface in the Eighth District!

The Challenges facing King County and the Eighth District—creating a true regional transportation system, solving the solid waste crisis, cleaning up Puget Sound while working to keep sewer rates affordable are challenges which require new ideas, new energy and new leadership."

Greg Nickels has the experience, skill and vision to be an outstanding King County Councilmember. He is part of the change we need—today!

# Port Of Seattle Commissioner District No. 3

**Paige  
MILLER**

Paige Miller practiced business law in Seattle for several years before joining the Seattle City Council staff as a legislative assistant and policy analyst. As President of the Queen Anne Community Council, Paige led in negotiating a cooperative agreement between the Port and nearby neighborhoods which permitted moderate expansion of Terminal 91 while protecting the neighborhoods from harmful impacts. Paige also served on the committee which developed the Port's long-range harbor plan.

Born January 5, 1949, Paige is a graduate of Brown University and Yale Law School. She and her husband Bruce Johnson, have two children, Marta and Winslow.

The Port of Seattle brings 80,000 jobs to King County. That is the Port's mission. Some of those jobs are on the waterfront, some are at SeaTac. Many more are related to Port activity. If the Port fails, we all suffer.

The Port needs effective new leadership. It needs someone who can listen, someone who can work with people, and someone who can get the job done. I began working on Port issues six years ago as a community leader, helping the Port and my neighborhood to resolve a bitter dispute over a proposed development project at Terminal 91. Later, I served on the committee that developed the Port's long-range strategy for the harbor's cargo-handling facilities. Through those experiences I learned the Port's business and worked with the people, inside and outside the Port, who are involved in its daily activities.

I want to use my knowledge of the Port and my experience in working with people in the community to help the Port work on some important problems.

The Port needs to be more open and accountable to the public. It needs to improve its customer service and customer relations or we will lose important customers to our competitors. The Port must be open and fair in hiring and contracting. And it must move forward with three important economic development projects - a cruiseship terminal, an international trade center and expanded moorage for the fishing fleet.

Also, the Port must take steps immediately to reduce the level of airplane noise in our neighborhoods. Noise can be reduced through enforcement of existing regulations, and through new incentives and regulations which push for the use of quieter, new-generation airplanes at SeaTac. The Port needs working, caring leadership. I ask for your vote on November 3rd.

George Kargianis, a successful businessperson and attorney (practicing 34 years), is a senior partner in his downtown Seattle law firm, and resides with his family in Bellevue where he served as Bellevue School Board President. Kargianis, former Washington Utilities and Transportation Commission Chief Examiner, is an expert on maritime, transportation, and international trade issues, an appointed mediator, and experienced negotiator.

A native Washingtonian and University of Washington Law School graduate, Kargianis is a former Washington State Bar Association Governor, a fellow of the prestigious American College of Trial Lawyers, and sits on numerous arts and community boards and commissions.

I bring to the Port experience, knowledge and commitment to public service. Shortly, the Port will make a number of critical policy decisions which will affect our economy, neighborhoods, and quality of life for decades to come.

*FIRST* and foremost, the Port Commission must be a body capable of projecting a positive image. As a mediator, negotiator and consensus builder, I have the background to be the catalyst for harmony and consensus between the commission and staff.

*SECOND*, the Port must be a better neighbor, that means it has to be a better listener. *THIRD*, many of our neighborhoods, and rightfully so, are concerned about the noise from air traffic and Port facilities. The Port needs to ensure noise abatement policies are developed and utilized.

*FOURTH*, Fisherman's terminal is the home Port for our two billion dollar per year fishing industry. We must meet the needs of this industry with facilities, goods, and services. *FIFTH*, Northwest ports need to develop more interport cooperation on a regional basis to compete successfully against out of state ports.

*SIXTH*, we need to better market the Port. *SEVENTH*, the Port must continue to play a key role in the economic development of King County.

I am running because I believe I offer what the Port and our citizens need from a Commissioner: an experienced steady hand, a proven mediator and negotiator, an authority on issues of major concern to the Port, a successful business-person and a respected community leader. I have worked with and represented both business and labor.

If I can answer any questions please contact me at 4700 Columbia Center, Seattle 98104 or 624-5370. As your new Port Commissioner, I will work hard to accomplish the goals I've set out above. I would appreciate your vote. Thank you.

Born in upstate New York in 1930, I came to Washington State in 1962, courtesy of the U.S. Air Force. After discharge in 1969, liking what I had seen of the state, I decided to stay and took employment with the engineering department of Weyerhaeuser Company. After 16 years, attaining the level of design engineer, I took early retirement and one year later opened my own engineering consulting business working out of my home.

Since shortly after moving to Algona in 1973, I have been involved in community affairs. As a member of the first Park Board, I designed what is now the John M. Matchett Memorial Park. I am currently chairman of the Algona Civil Service Commission, a post I have held for the past 8 years.

The majority of my work over the years has been in management, leadership, organization, short-term and long-term planning, and in people skills. I will bring this expertise to the Mayor's position where it can be utilized for the good of all.

I plan to hold the line on spending and oppose any increase in taxes, unless such an increase will measurably improve conditions within the City and be mutually beneficial to all.

I am going into this campaign with an open mind and no preconceived ideas of making a clean sweep of personnel and/or operating policies. I make no promises other than to do the best job I am capable of.

Born 12/23/15 in Millicon, Colorado. My formal education was limited by the Depression and having to go to work in the 8th grade in order to help my Father feed 9 children. I worked many jobs, over 30 years as a long haul driver and then going to work for Paccar retiring as a specialist in the Machine Shop. My wife, Lucille, and I have been married 48 years, have six children and 13 grandchildren.

In my first four years as Mayor of the City of Algona, I am proud to have brought continuity and stability back to our town after some very difficult and divisive times. In a community, such as ours, local input from the citizens is not only a very important factor but an essential element to effective government. The lines of communication have been re-opened during my tenure, after the period of mis-trust and confusion which preceded my administration. The City of Algona has grown during the past four years, with new businesses coming in and thriving in our community. One of my goals is to continue this type of growth, without hampering the close-knit residential environment that is our duty to preserve. Growth is a key to the economic well-being of our little town, but we shall not be consumed by the same, at the expense of the unique lifestyle that we as a City have to offer. In the past four years our "Algona Day" summer festival has grown bigger and better.

I am an attorney practicing in Auburn. I received my Bachelor Degree from the University of Washington and my Juris Doctor from the University of Puget Sound School of Law. My wife, Mary Jo, is a dentist, also practicing in Auburn. We have two children, Kate and Jack. We attend the Holy Family Catholic Church. I am a member of the 31st Legislative District Democratic Party, the Auburn Chamber of Commerce and the Auburn Eagles.

As a member of the Auburn City Council I am pleased about what has been accomplished over the last four years. Two new fire stations have been built while City fire and emergency services have been expanded. More personnel have been added to our police department and a unit specifically designed to crack down on drugs has been created. While much remains to be done to improve traffic problems in our City, significant strides have been made.

As chairperson of the Council's Planning and Community Development Committee, I've been heavily involved in the creation of a new Comprehensive Plan and Zoning Code which is designed to protect the family character of our community while encouraging quality businesses to locate in Auburn. At the same time, we've streamlined the City's administrative procedures to cut needless red-tape. Recently we broke ground on the development of the Game Farm Park.

I am seeking re-election because of the improvements yet to be accomplished in the areas of traffic, our library, the downtown area and senior citizen services.

Born August 13, 1951 on a military base in Georgia. After losing my father, at age twelve, through an airplane accident; the family settled in Oklahoma until moving to Auburn in 1967. Graduating from Auburn High in 1969, then attended W.S.U. receiving a degree in natural sciences and education. Married Auburn home town girl and we have three wonderful boys. I have worked in the construction field for twelve years and am a specialty contractor.

Being a resident of Auburn twenty years, I have observed a variety of needs. I would like to see a positive growth towards a interacting community where the retired and young are inspired to reach their full potentials. Steps in establishing this can be achieved by the building of a civic center, the expansion of the senior citizens center and library. Also the slowing of the growth of low income housing until we are able to be a positive help to the many we currently have.

I would like to see some of the adjacent communities annexed into the city. This would give them added benefits and larger tax base for the city.

I believe I will be a positive influence on the council and a needed voice of the public. It is time for the "good buddy" system to be stopped. In closing, quoting a friend: "I am not ashamed of the gospel of Christ, for it is the power of God unto salvation to everyone that believes; to the Jew and Gentile."

Pete and his wife, Lucille, married 30 years, have seven children and nine grandchildren.

As I near the completion of my first four year term I feel confident I have fairly represented the views of Auburn's citizens. I believe in and encourage active citizen participation at every level of the policy making process including Council hearings, city commissions and advisory boards. I take time to hear, understand and act on your concerns.

If re-elected, I will continue to work for responsive City government. Specifically, I will pay attention to neighborhood concerns weighing the costs of growth and development against the need for residential integrity. Issues such as improved streets, traffic flow, quality of life, basic public services, and critical social and human services will dominate my agenda in the next four years. As a small businessman, I am mindful of fiscal responsibility and restraint. We face growing challenges as an expanding suburban community with a limited budget. I will urge an open public forum to discuss these issues.

I graduated from Aquinas Academy and since have furthered my education with night courses in both business and accounting. I have thirty years experience in the bookkeeping and accounting area. I have held the position of Milton treasurer for the past four years.

The position of an elected Treasurer is very unique in the State of Washington; there are very few of us. I feel this position is not a political one but one of following guide lines as set forth by the State and RCW (Revised Codes of Washington). The treasurer must have good communication and rapport with the officials of financial institutions you deal with. The treasurer is a safe guard to the Town's citizens by providing checks & balances between the Town Clerks records and those of the Treasurer. Investment of Public funds is a great responsibility that should not be taken lightly. I intend to carry out the duties of treasurer in the next four year term with these principles in mind.

I have worked to make Milton a better place to live since moving here in 1979. I have served on the Park Board for 6 years, am a volunteer with the Milton Fire Department and initiated a petition drive to get home mail delivery for Milton which is now being implemented.

As a Professional Civil Engineer, I feel that I am the most qualified candidate to help solve the town's water problem and the land use issues that will occupy so much of the next council's time. I hope also to see the Park Board's 5 year Master Plan carried out (especially for the West Milton Park.) I believe the town should pursue an additional freeway access between Fife and Federal Way.

With better utilities, better parks and recreation, and better roads, I believe that Milton will be a significantly better place to live. I also believe that these improvements can come without an increase in taxes.

These are my reasons for being a candidate for Milton Town Council Position #1.

## BALLOT TITLE

PROPOSITION NO. 1  
GENERAL OBLIGATION BONDS - \$250,000

Shall the City of Pacific, Washington, borrow \$250,000 to acquire one or more new fire engines and other miscellaneous fire-fighting and life-saving equipment by selling general obligation bonds therefor maturing within five years and levy annual excess property taxes necessary to redeem the bonds, all as provided in Ordinance No. 1016?

## Explanatory Statement:

The City seeks voter approval to issue \$250,000.00 worth of general obligation bonds. The proceeds will be used to purchase one or more new fire engines and accessory fire fighting and life saving equipment.

The bonds shall mature within five (5) years and shall be paid by annual property tax levies in excess of regular tax levies.

## Statement for

Safety is defined as "the state or condition of freedom from danger or risk". In a fire, the safety of your family and property depends largely upon how fast your local fire department can reach your location and begin putting out the fire.

Crucial to a quick arrival and operations at the fire scene is having fire engines which are fully operational and totally dependable. At the present time, Pacific's fire engines need to be replaced. These engines are NOT fully operational nor totally dependable.

Firefighting is a hazardous occupation even when the utmost of precautions are employed. Should we subject families, property, and volunteer firefighters of Pacific to even greater danger because of out-dated, worn-out fire engines?

## Statement against

There were no volunteers to prepare a statement against the fire truck bond issue even though there were two announcements at public meetings.

MAYOR

**Ronald  
JORGENSEN**

Age 37, married, raising three boys with my wife Linda. Lived in Pacific 13 years. 10 years working in politics on State, County, and Federal levels of government. Vice-chairman 31st Legislative District Democrats. Surface Water Management Committee member, King County Citizen Advisory Committee member, Auburn School District, Former City Council member, former Legislative Representative, United Transportation Union. Owner, Jorgensen Express Transport/Real Estate Investor.

Today, Pacific needs responsible, knowledgeable leadership. Someone who can motivate people, have new ideas and a positive attitude toward every aspect of government. To treat everyone and every department equally fair. To work positive toward improving the quality of life for everybody. To insure public safety both in fire and police protection. I'm very sincere in the position of Mayor; that's why I didn't wait until the last day to file. My intention is to take a positive approach in every problem Pacific will face in the next four years and find a positive answer so we can all prosper. By working together for one common goal - "Pacific" - so we can continue to make it a town we all can be proud of.

One thing we can be sure of — there will continue to be changes. They will become a significant factor in our personal, family and city functions. We can be sure this will happen. We can be sure that we cannot stop it. Instead we will need to forecast the nature of the coming changes and be prepared to deal with it. I will address these changes within our community in the most efficient, orderly, and honest ways. I want to meet challenges, not make corrections after they are upon us. I am looking forward to working with a council which will be composed of many new members with many fresh ideas and an open mind toward the search for solutions to any problems involved with these changes. I believe the men and women who lead the city departments will continue to provide their high level of support to the city and the people for a more desirable place to live and raise families. These changes will be made with you in mind.

**Margaret J.  
(BRADLEY)  
PULLAR**

I was born in Missoula, Montana on April 27, 1945 and moved to Auburn in 1954. I graduated from Auburn High School in 1963 and have lived in Pacific since 1969. I have been serving as City Clerk (formerly Margaret Bradley) in Pacific for 14 years since my appointment in April, 1973.

In 1975 I earned the title of "Certified Municipal Clerk" from the International Institute of Municipal Clerks in conjunction with the Central Washington State College. In 1976 I completed a course at GRCC in governmental accounting so that I would be proficient with the new accounting system required by the State.

In my 14 years as City Clerk there have been many changes in office procedures and equipment and I have attempted to continually improve and update the systems used in the office in order to keep pace with these changes.

I am proud of the fact that the audits performed by the State of Washington have always indicated that our "checks and balances" system is efficient and effective. The knowledge and experience in city government that I have gained in 14 years as City Clerk, I believe, is a valuable tool in my ability to effectively serve the citizens of the City of Pacific in a position that requires experience, education, and skills.

Your continued support and vote would be very much appreciated.

Born 4/8/44 in Ohio. My husband Jim and I moved to Pacific in 1982. Renton Vocational Technical Institute, General Education Diploma, 1983, Medical Secretary Certificate, 1985. Office Assistant, City of Seattle Fire Department, Personnel Section, 1985-1987. Promoted to Administrative Assistant in the youth Employment Education Program, Department of Human Resources Division of Family and Youth Services in March. Children and grandchildren are residents of Pacific.

The City of Pacific needs someone who knows how a city office functions. My experience with the City of Seattle Department of Human Resources and the Fire Department will be a great asset to the City of Pacific as the City Clerk. As Administrative Assistant for these large departments, I have maintained personnel and safety records for over 1,000 employees. I have monitored City contracts with local businesses. I assisted with the program design of a computer tracking system. I am responsible for ordering supplies and equipment for the office. I have experience with invoicing and billing systems and I am sensitive to children, youth and family issues and concerns. I am convinced that we can improve the quality of life in our community if we become involved. Most of us have some talent and ability, and by becoming involved those talents and abilities can be utilized for the peace, safety, and smooth operation of the City of Pacific.

I would like to see the city remain a community with its own unique identity. We need to make good use of our easy highway access. Good roads, well marked, are a must for economic opportunities. We need to keep control of our business growth short term as well as future development.

Resident input into land use, i.e. single family housing, modular homes, apartments and business is a must.

We need to work on a better system of letting the residents know of activities and programs available through our local parks department for all age groups.

My personal goal is to have the city government be a responsive entity to all portions of its growing population.

This election will provide us with a new Mayor and possibly a new person in every council position. This is an interesting and exciting condition - first time in about twenty-five years.

I believe in and will work toward: a. improving management and use of the city resources: 1. Money, 2. Manpower, 3. Equipment. b. making sure that there be consistency in applying the laws of the city to its citizens - one citizen should not be favored over another. c. harmony within city government and its agencies. d. A city, especially one of a smaller size, cannot lay dormant and expect to give its residents those services that it must provide at a reasonable cost. Without attracting business and trying to incorporate areas that have businesses and homes that are willing to incorporate into the city, the city will become stagnant and will eventually be unable to perform its basic services.

A nine year resident of Federal Way, married and parent of a junior high student. Past President, Vice President and Legislative Chairman, Federal Way Board of Education; President, School Directors of King County; and Legislative Committee, Washington State School Directors.

My four years as your representative on the Board of Education has been very educational. I am older, tougher and better informed and more able to work effectively for our schools. Today, four years after my first exposure to board demands, I see the important needs this way.

Federal Way's educational program will run more smoothly if we build a financial reserve to adequately deal with unexpected problems.

Our school system is and will continue to be tested by the influx of new residents and the increase of children already born who will soon be entering our schools.

We need to look for new programs and methods to meet the needs of today's student.

If our schools are to improve, we must work with the legislature to fund programs, facilities and qualified staff. My strategy involves the formation of coalitions among agencies and districts to persuade the legislature to act.

I hope you will support me as I strive to meet these challenges. I have the time, experience and commitment to work effectively for you.

As most school patrons know the school board governs as a body which means no one member can take official action on his own. A board member's principal power is to vote on board questions. If elected I will try at all times to be certain that my vote represents the desires of the district patrons. I am particularly concerned about the following.

*Parent - school staff relations:* Some district policies seem to have encouraged the staff to deal occasionally with parents in a rather arrogant fashion. I am dedicated to ending such policies.

*A paid school board:* Serving on the school board is a privilege and it should remain an unpaid position.

*Quality schools:* Everyone is for this but are the schools delivering? I think not. Nice buildings and good teachers are necessary but the academic content and skill ordering of the classroom books and materials are the little understood crucial keys. This is especially true for the elementary reading and arithmetic books. I will make it my personal mission to acquire the very best.

Boldt owns and operates a business in Federal Way. Jim Boldt was born in Richland, Washington on March 3, 1950.

There is not one thing on earth as precious as a young person's mind. It is our national resource. There is not one job on earth more important than providing a rich learning environment for these young minds.

Our school district spends over 50 million of our dollars without any long term planning or even fiscal or capital projections. Inquiries to the administrator about strategic planning are answered "we have none". It's true.

For years a good job has been done on an annual basis to meet schedules and gain public support for levy passage. We are out of good will. Problems like the Decatur/Illahee and Panther Lake fiasco will increase unless planning, budgeting and comprehensive operational programs are demanded of our school board.

Federal Way's growing and diverse ethnic and cultural population will require a new approach to school policy and management.

Our state is out of money for education and parents need a voice on the board. Jim Boldt has the skills, time and desire to serve on our school board.

I am married to Sherry and have three children attending Federal Way Schools. I have lived in the community for over ten years. Employed at the Port of Seattle as the Chief Systems Engineer.

The Federal Way School System is an integral part of this community. It is vital that we provide our children with the best possible education. I believe in our children and am committed to providing them the best possible education in preparing them for the future. The District's resources must be maximized to provide a comprehensive educational program. Sound and practical management, that is fiscally and socially responsible, is essential in accomplishing District goals and objectives.

I have demonstrated my commitment to the community by serving on the School Board, working as a volunteer at the Boys' and Girls' Club, soccer clubs and my church. I have made a positive contribution to the District with my financial and managerial expertise. However, there is much more to be done. The District is at a critical point that is going to shape our children's futures. Continuity and experience is important to maintain our many accomplishments and to expand upon that base to achieve excellence.

Born March 8, 1945 in Fort Wayne, Indiana. Since April of 1986 I have served as Pastor of Light of Christ Lutheran Church in Federal Way. Prior to that I served congregations in Alaska and in Minnesota and while living in Deer River served on the School Board from 1972 to 1975. I hold A.A., B.A. and Master Divinity degrees. My children attend Federal Way High School and Illahee Junior High.

Federal Way is a rapidly growing community, and this is reflected in the growth of our schools. The District is faced with a dual challenge of providing the needed educational programs, while physically housing the increased enrollment.

The challenge programatically is to emphasize the basics, while including the growing fields of science and computer technology, as the schools must also assist the student to fit into a knowledge oriented society.

Housing a growing population is constantly before us. New schools are needed, as well as the continuation of the thirty million dollar (plus twenty million in state matching funds) modernization project of its facilities.

In both of these areas, as well as the financial area, it is important for us to look forward and to do some long range planning. To do this committees are formed and community input is encouraged. The future is exciting for the Federal Way School District as we seize these challenges to bring about the education of our children.

Our goals for the 87-88 school year focus on a continuation of our basic philosophy of doing what's best for our kids. Realizing their responsibility of maintaining a safe and comfortable environment for our children and staff, the Board of Directors will submit a 7 million dollar bond issue to the voters in February 1988 for their consideration. Upon successful passage of this measure, the Enumclaw School District will undertake renovation and upgrading of its facilities. Enumclaw is noted for its strong academic program and leadership. I hold three beliefs which compel me to remain involved with our educational system: that we each owe a debt to our community, that people are our primary national resource, and that low self-esteem can be found at the root of most juvenile delinquency problems.

My involvement in community affairs, along with my wife's involvement with her private preschool provides a very qualified background to make decisions on various school matters.

The Enumclaw School District is known as being one of the best in the state. Parent and family involvement in our schools is a way of continuing that high standard. I feel I have the opportunity to have a direct effect on the decision making process.

At various times parents may have questions about some school program or school decision. It is not my intent to disagree with the program or decision because of the questions, but to follow up on those questions.

Being a school board member gives me the opportunity to obtain answers to various questions and also provide my thoughts on various issues.

The process of educating one's child is one of the most important jobs that a society performs. Because of this, the public education process in each community must always be under careful review to make sure the local community is receiving the best quality education for the dollars spent. This is accomplished by having a strong team concept among the teachers, other district employees, administrators, the school board, and the community. The state government, although not a part of this team, continues to affect these relationships by reducing the authority of the local board while continuing to require the board to tax its citizens heavier through its legislative changes. I feel that if the local citizens must pay a bigger portion of the cost, then we must also have more control. It is my belief and understanding that the Auburn community wants its students to be well motivated, with a positive attitude toward themselves and with the ability to resolve problems through a logical thinking process.

As Adam Smith recently wrote, American industry is receiving job applicants who have little skill in reading and writing. The common goals of social success and athletic prominence in school must be balanced with disciplined academic work and study if we as a nation wish to compete successfully in the world. Stock must be taken of the impact of demographic changes in our community and appropriate action determined. As an Auburn School Director, I will work to bring about necessary changes to serve this community. Our teachers must be rewarded with adequate pay, and class size must be controlled if we are to maintain a teaching faculty able to prepare our children to reach excellence in a new century. The school district benefits from having more informed directors. I, as a librarian and an active member of my community, am in touch with information valuable to the school board decision-making process. We must continue to search for ways our school system can better serve community needs and the needs of its parents and students.

By fostering our children's education, we are fostering our future. The educational system of today is being asked to respond to many areas of community interest and concern during this time of societal change and population growth of our school district. It is important to thoughtfully respond to these changes in a way that is fiscally responsible. The Auburn school district is blessed with good schools and personnel. Many dedicated staff, parents and community members have devoted years to building the district's strengths. In addition, many new families and businesses are joining the Auburn area community. Their new ideas and enthusiasm enhance diversity and make the district stronger. I want to be a part of the ongoing developments and to contribute to the work of the school board. I will strive to enhance and recognize that which is good, while paying attention to ways we can improve our children's education.

LOCAL FOCUS: Kent is the fifth largest school district in Washington with 18,271 students. In an area of rapid growth, Kent SD opened three new elementaries this year for a total of 29 schools. A winner of many national awards, it is governed by a five-person board who hires a superintendent.

The Kent School District has a large and diverse population. Unfortunately, the makeup of its board of directors does not adequately reflect that diversity. I come from a different age group and a different socio-economic group than the other members of the board. I also have a more traditionalist philosophy than the others. I believe these characteristics give the board a more balanced perspective than it might otherwise have. I also believe that my experience as a teacher and administrator in both military and public schools gives me a better understanding of the problems involved.

Ken, 46, was born in North Dakota and moved to the Northwest in 1963 to join The Boeing Company. He holds a Bachelor of Science Degree from North Dakota State University, and earned a Masters Degree in Business Administration from Seattle University in 1975. Ken is a regional director in the marketing department of the Boeing Commercial Airplane Company, responsible for developing marketing strategies related to the sale of airplane products.

Having lived in the Kent School District for almost 20 years, Ken has experienced first hand the district's growth to over 18,000 students, fifth largest in the state. He and his wife, Lisa, have two children attending Meeker Junior High and Kentridge Senior High School.

Ken is serving his fifth year on the Board of Directors, having been President, Vice-President, and Legislative Representative. He has been instrumental in establishing policies that are responsive to the community's educational needs and goals. During this period the board has reviewed and increased the district's graduation requirements, tightened the homework and discipline policies, expanded the staff training programs, strengthened the management team form of administration, successfully opened three new schools and numerous facility additions and improvements, refined the district's goal setting process, changed to a collaborative bargaining process with the teachers' association, and began implementing computer technology into classrooms and offices.

Ken will provide the experience and continuity necessary to maintain the educational excellence of the Kent School District. *RE-ELECT KEN GEISEN!*

The Kent School District is one of the finest districts in the state of Washington. This is one of the major reasons I have chosen to work and live in Kent. My children are receiving a quality education in the Kent School District.

The reasons I became involved in the district board are primarily five-fold.

1. I wanted to insure that we continued to develop and improve the quality staff in the district.
2. To provide a meaningful, challenging, curriculum to the students of the district.
3. To help address the drug-alcohol problems of students.
4. To continue to develop partnerships with businesses in the Kent Valley so that our students are exposed to the resources in our business community.
5. Maintain our district's buildings and other physical assets in good condition so that we provide a positive environment for our students and staff.

With 2 (soon to be 3) children in Kent Schools, I have a strong personal interest in the success of the district.

My goals will be to insure the people of Water District #75 — (1) Adequate water supply for today and for our future citizens by investigating alternative water supplies such as new wells, inter-tied with the city of Tacoma new pipe line through Federal Way and to eliminate the water shortage we have today. (2) To keep a handle on rates while insuring quality water service. To monitor the population forecast and high density commercial use. (3) To update the existing water system and to reduce the unaccountable water that is lost through old leaky mains, etc. costing the rate payers thousands of dollars.

I would like to be a member of a team that will work toward these goals and meet them. I know I can be effective and serve you, the people of Water District #75, with the best effort that's in me.

Water District 75 is a substantial business whose goals should be to provide clean, abundant and inexpensive water to its customers. It is essential that the commissioners work with mutual respect to make important decisions. My background has provided me with the experience needed for such teamwork. With present contracts and by containing costs, I believe it is possible to provide service without a rate increase for the next two to four years. This would be my goal. Also, a reduction in the base rate for low income senior and handicapped citizens is called for if supported by the ratepayers. Present penalties for late payments, meant to discourage late payment by large customers, are too severe for residential customers. I will work to solve this problems even if changes to state laws are required. Enforcement of the guaranteed supply clause of our contracts with Seattle is also an important objective. Above all, we must elect water commissioners who understand decision making and can work together to provide this essential service.

Resident of King County for 75 years (DOB 2/2/1912). Currently serving as Commissioner and Chairman of Board for K.C.F.P.D.#37. Held Commission position for eight years during time of significant growth and demand for emergency services. Attended high school in Seattle. Fourteen years as Seattle Firefighter. Twenty-eight years inspecting buildings (residential and commercial), served as King County Fire Marshal, Building Official - City of Mercer Island, presently Building Inspector-City of Normandy Park.

I have dedicated my life to the protection of life and property. My family has its roots and future in this community. My years of experience and involvement place me in an ideal position to continue to work for excellence in Fire/Medical protection for our community. I submit the following background as proof of my qualifications and commit myself to continued work on providing excellence in Fire/Medical protection for our community.

**FIRE SERVICE RELATED EXPERIENCE:** 14 years - Seattle Fire Department; 3 years - King County Fire Department; 13 years - Inspector, King County Building Department; 5 years - King County Fire Marshal; 10 years - Building Official, Mercer Island. Currently Building Inspector for Normandy Park - 7 years.

Served in key role on the Kent Fire Department Master Plan and Public Safety Bond Issue Citizens' Committee. Currently serving as an advisor/commission representative on construction of new Covington fire station. Served 8 years as Fire Commissioner during times of extensive and rapid growth in Fire District #37. Successfully met the challenges to provide adequate services within our fire district.

I am a Fire Protection Engineer employed by King County and a former Fire Commissioner of Fire District 37. Born on 4-29-32, I am married with four children.

My professional background includes serving as Kent Fire Marshal, Fire Chief of a Fire District, and Fire Protection Engineer. My high school education has been augmented by hundreds of hours of specialized training through North Seattle Community College, fire service training classes, seminars and conferences.

Just as you expect and deserve highly trained professionals to come to your aid in a fire or medical emergency so should you expect and deserve highly trained professionals to operate your fire district. My background makes me **AN OUTSTANDING CANDIDATE** to represent you and address the fire and life safety needs of this district.

As your elected representative I pledge to: 1) seek construction of a fire station in the **COVINGTON AREA**; 2) replace the old outdated fire station in the **PANTHER LAKE AREA**; 3) relocate district business meetings from downtown Kent back to the fire district and change meeting times to evening hours to allow you a voice in district business.

The tax dollars you pay for fire protection should be returned to you in service. Only through wise expenditures of funds for personnel, equipment and facilities can such service be given to you. I have the knowledge, background and experience to see that your tax dollars are spent wisely.

Having been involved with the Fire Department since 1978, I feel I'm qualified to represent the citizens of the Fire District as Commissioner.

I was the first Fire Commissioner to attend Department Association Meetings, Fire Drills with the Firefighters, and respond on Fire/Emergency calls. By doing this, I was better able to serve the citizens and the department, resulting in obtaining more firefighters, new and better equipment, and fire stations, for our fast growing district.

I also was successful in seeing that the district monies were invested earning interest until needed, thus enabling the saving of taxpayers' dollars.

I served on the Provider Group for Medic-One, campaigned to keep the Medic Services and for the Emergency Phone System 911. I feel the Commissioners must be held accountable in the spending of the citizens' tax dollars and when acting on their concerns of the district. Thank you citizens for supporting your Fire Department & Emergency Services.

CRAWFORD**

Mick Crawford is 38 years old and has lived in Federal Way for eight years. He has worked for the City of Auburn Fire Department for the past fourteen years and has held the position of Lieutenant for the past eight years. His duties there include Training Coordinator and Data Systems Administrator. He has a Liberal Arts Degree from Tacoma Community College and a Diploma in Fire Service Training from Bates Vocational-Technical Institute.

Because of the rapid growth and development throughout our fire district, it has been necessary to increase the number of fire fighters in our department. Additionally, purchase of additional equipment and building of additional fire stations is necessary. Because of the large growth in our area and our fire department and that expected in the near future, it will not only be desirable, but possibly a necessity that our fire commissioners have as much knowledge and experience as possible about fire department operations in order to effectively perform the duties required of the position. Our fire department operates on a substantial budget and fire commissioners must assure that those funds are spent properly and in the best interests of the citizens of our district and in a manner which is appropriate for the needs of the fire department. Because I have a solid background in such areas as training, budget, personnel matters, and computer systems, I have the backing of the Federal Way Fire Fighters. Thank you for your consideration.

Retired in 1985. Served in United States Army during World War II. Member of Veterans of Foreign Wars, American Legion, Knights of Columbus, Kiwanis of Puget Sound and Treasurer of Federal Way Community Center. Fire Commissioner for 15 years.

I have been a fire commissioner in Federal Way since 1972. During that time, we have merged four fire districts into one. The fire district has also advanced from a Class 8 to a better Class 3 rating, saving the property owners thousands of dollars in their fire insurance premiums.

Through prudent spending of funds, we have managed to staff five of our six stations with full time personnel to work along with the volunteer firefighters providing the district faster response to fires and emergency medical aid calls.

I have always strived to see that the district has modern, state of the art equipment to serve the community in its best interests. To be effective, the district must operate on a sound financial basis, which I have always had foremost in my mind.

Hello, I am 28 years old and have lived in the Kent area my entire life. I have an electronics technician certificate from Phoenix Institute of Technology and have attended Green River Community College. I am currently working as a computer repair technician. I have been a volunteer firefighter for the last six years in King County Fire Protection District 44. By using my knowledge of the fire service, as a Fire Commissioner, I will use the tax dollars for the best interest of King County Fire Protection District 44.

I was born October 12, 1930 in Whittier California. We moved into the area 20 years ago, where we raised our family. I have been employed by Chevron U.S.A. for 25 years as a truck mechanic, maintaining a fleet of trucks and as a flammable liquids school instructor, which are both beneficial to me in the fire service. I have attended numerous schools and seminars in my position of Commissioner.

I have served the Fire District for seventeen years, as a firefighter, Lieutenant, Captain, Assistant Chief and presently as Commissioner. During my 7 1/2 years as Commissioner, and with the support of the voters in the fire district, many of our long-range plans have become a reality. A very important one was the hiring of full time firefighters for our day time response when our volunteer manpower resources are low. The construction of a fire station gives equal coverage to all the citizens in this fast growing community.

With my background and training in the fire service I have an overall view of the changing needs of the District and I support an active program in fire prevention and fire suppression, Aid car and Medic 1 coverage. A progressive educational program for the firefighters and citizens in the community is a top priority.

Your Fire Department provides one of the most important services in the Community. With the support of the voters I will continue to stay informed to meet the demands of this changing community.

## Des Moines Sewer District

Retired in 1982 after 37 years most of which was spent in a supervisory capacity.

Have you ever had the urge to merge? I think it could save us a bundle!

Washington State Local Governance Study Commission was created in 1985 to study the 1700 local Governments in the state. One belief of the Commission is that Special Districts should consolidate and small Special Districts should not be allowed to form. I suggest, keep Metro out, keep our Local Government in our Community.

As a Commissioner in a very efficiently run Water District, it occurred to me that this would be the time to merge Des Moines Sewer District with King County Water District 75. The districts go well together and both would profit. Savings would occur through joint use of office staff, computer, equipment and joint billing. Engineering, attorney and insurance costs would be greatly reduced. There is sufficient value in the Water District and Sewer District properties to construct new joint facilities to gain much more efficiency.

It is up to you, the people in the Community that use the services to decide.

Bev Tweddle was born on August 28, 1937, in Spokane, and has lived in Federal Way over 12 years. She has served more than 25 years as an administrator in local and state government, with an emphasis on utility management. She spent 10 years as Pierce County Assistant Utilities Director and is currently a Special Assistant to Governor Booth Gardner. She attended Whitworth College, with additional studies at Central Washington University and Seattle University.

Federal Way is the fastest growing area in King County and will soon become home for 100,000 people. Bev Tweddle knows that Federal Way's quality of life and precious supply of clean water could be endangered by rapid growth without careful stewardship.

As an experienced water and wastewater professional, Bev has helped to plan and coordinate some of the most sophisticated wastewater treatment facilities on Puget Sound, including a \$200 million project in Pierce County. She will bring to the Federal Way Water and Sewer District a genuine concern for its rate payers and a devotion to service with integrity.

Bev has strong bi-partisan support. She is endorsed by Governor Booth Gardner, State Senator Peter von Reichbauer, and State Representative Jean Marie Brough, among many other prominent community individuals and groups. Bev's involvement in several organizations, such as the American Society for Public Administration, the Federal Way Women's Network, and the American Water Resources Association reflects her concern for the community, her commitment to good government, and her dedication to water quality.

B.S. Degree in Forestry from the University of Washington.

In my past 25 years of community service, I have dedicated myself to the betterment and progress of the Federal Way community, my home. The job is ongoing.

Federal Way is changing rapidly and so is the District of which I've been proud to be a commissioner. We have worked hard to make the District an outstanding example of how a local agency should be run. It's a team effort, but achievements I have contributed to are: rates are among the lowest in the State, merging water and sewer service into one agency to eliminate duplication and reduce costs, obtaining grants for our treatment facilities which will return over \$24,000,000 of Federal and State taxes to our community, and assuring an abundance of high quality water for generations to come are but few of the accomplishments.

I believe in Federal Way. I have worked hard for the District and its people and will continue to work for betterment, progress and to keep our water and sewer rates as low as possible.

## COMPLETE TEXT OF King County Proposition No. 1

AN ORDINANCE providing for the submission to the qualified electors of King County, at a special election to be held in conjunction with the general election on November 3, 1987, of a proposition seeking approval of the issuance by King County of not more than \$99,800,000 of unlimited tax general obligation bonds, the principal of and interest on which shall be payable from annual property tax levies in excess of regular property tax levies, maturing within a maximum term of 20 years, to finance certain capital improvement projects at Harborview and Pacific Medical Centers, and the Seattle-King County Health Department's Columbia, East, South, Southwest and Renton Clinics.

### PREAMBLE:

Harborview Medical Center ("Harborview") includes the only trauma center in a four-state region providing level one emergency patient care. It serves as the major regional facility for referrals of

critical injuries including burn cases and spinal cord and head injuries. Annual emergency room patient visits have increased from 31,000 in 1982 to over 40,000 in the 12 months ended June 1987. Harborview plans an expansion and remodeling of its emergency trauma center to accommodate the increasing patient volume and to more efficiently locate emergency and other support services.

Currently nursing units with 92 beds for patients requiring acute nursing care are housed in a portion of the Harborview facility built in 1931. Harborview plans to relocate the nursing units to a modern facility to meet state regulations and to provide an efficient physical configuration for patient care.

All of Harborview's medical and surgical out-patient facilities are housed in aging facilities which lack adequate heating, ventilation and air conditioning

and which contain inadequate clinic space which is inefficiently designed. Harborview intends to renovate its out-patient facilities to promote efficiency, increase capacity and meet contemporary standards.

Pacific Medical Center ("PMC") is public development authority which operates clinics in Seattle, Totem Lake, Renton and soon in Bellevue. Pursuant to written agreements, PMC is the provider of specialty and diagnostic medical services for low-income and uninsured patients referred from King County and Seattle community health clinics. It is also the Regional Uniformed Services Treatment Facility for active duty and retired military personnel in King County under contract with the Department of Defense. Structural improvements to the PMC's Beacon Hill facility are necessary to meet the Seattle seismic and other building codes to allow the institution to continue fulfilling its major role in the King County public health care delivery system. The continuation of PMC's ability to contribute to the public health care system is important to King

County's purposes to provide for the health and welfare of its citizens.

The non-profit community clinic known as the "Community Clinic System" has become the family doctor for more than 70,000 low income residents of King County. The Health Department plays a major role in planning, development and support of the community clinic system, as well as operating a network of health service centers throughout the county providing specific public health services focused on children, seniors and pregnant women. In order to meet the needs of the growing population, new facilities are needed immediately in the East side, South King County and in Southeast Seattle health department service areas. Furthermore, co-locating non-profit community clinics with these health department clinics provides the public both cost efficiencies and better access to comprehensive family services. The Renton and Southwest health department service centers require improvements to correct building deficiencies to promote their efficient operation.

It is the intent of King County to issue unlimited tax general obligation bonds to finance the capital improvements and to submit this proposal for approval by the electorate.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

**SECTION 1.** "Regional Health Care Capital Improvements Project," as used herein, shall mean:

A. Capital improvements to Harborview for the purposes of expanding and consolidating its emergency trauma center and other key diagnostic and treatment departments, expanding, improving and relocating patient and visitor services, and modernizing, expanding and consolidating in-patient and out-patient facilities; and

B. Capital improvements to PMC for the purpose of making structural repairs and or additions which will bring its "Tower Building" on Beacon Hill into compliance with the City of Seattle's seismic and other building codes (the "PMC Project"); and

C. The following capital improvements to facilities operated or to be operated in

whole or in part (as more specifically noted below) by the Health Department (collectively, the "Health Department Clinic Project"):

1. A new Southeast Seattle Community Health Center in Columbia City area intended to house the services of the Health Department's existing Columbia Health Center and which may also house (but shall not be required to do so) a co-located nonprofit community health clinic; and

2. A new East District Public Health Center in east King County intended to house the services of the Health Department's existing East District Public Health Center and which may also house (but shall not be required to do so) a co-located nonprofit community health clinic, and may also include a satellite clinic in north King County to be operated, in whole or in part, by the Health Department; and

3. A new health center in south King County intended to house the services of either the Health Department's existing Auburn Health Center or an additional Health Depart-

5. Roof repairs at the Health Department's existing Southwest Public Health Center.

**SECTION 2.** Subject to the approval of the qualified electors of King County, the county council hereby authorizes the issuance of unlimited tax general obligation bonds (the "Bonds") in an aggregate principal amount not to exceed \$99,800,000 for the purpose of providing all or part of the money necessary to pay the capital costs of the Regional Health Care Capital Improvements Project. The term "capital costs," as used in the foregoing sentence, shall be construed consistently with the term "capital purposes" in Article VII, Section 2(b) of the Washington Constitution and R.C.W. 84.52.056, but, subject thereto, may include the costs of (i) property acquisition, site preparation and demolition; (ii) development, design, engineering, architecture, planning, financial, legal, relocation and other services lawfully incurred incident to the development of the components of the Regional Health Care Capital Improvements Project and their financing; and (iii) construction, renovation, remodeling, equipping and furnishing of the components of the Regional Health Care Capital Improvements Project and their financing, including its incidental costs and costs related to the sale and issuance of the Bonds; however, the term "capital costs" shall not include maintenance, operations or costs for replacement of equipment.

The maximum amount of principal proceeds of the Bonds to be made available to each component shall be as follows:

A. \$75,465,000 for the Harborview Project;

B. \$9,315,000 for the PMC Project; and

C. \$15,020,000 in the aggregate for the Health Department Clinic Projects.

The Bonds shall bear such date or dates; shall mature at such time or times not to exceed 20 years from the date of issuance thereof; shall be issued in such denominations; shall bear such terms, conditions and cove-

nants; shall be in such form; shall bear interest at such fixed or variable rate or rates; shall bear such redemption and registration privileges; and shall be sold in such manner, at such time or times, in such amounts and at such price or prices as the county council shall hereafter determine by ordinance. The Bonds may be issued in one or more series, either separately or in combination with other authorized general obligation bonds of King County.

The Bonds shall be general obligations of King County and, unless paid from other sources, both the principal thereof and the interest thereon shall be payable from annual property tax levies, if authorized by the qualified electors as provided in section 5 of this ordinance, upon all taxable property within King County in excess of the regular property tax levies without limitation as to rate or amount.

**SECTION 3.** Subject to the approval by the qualified electors of King County of the issuance of the Bonds for the purposes described in section 2 of this ordinance, the county council may, by ordinance, provide for the issuance of short-term obligations in anticipation of the issuance of the Bonds in accordance with the provisions of R.C.W. 39.50. The aggregate principal amount of all such short-term obligations and Bonds outstanding at any time shall not exceed \$99,800,000.

**SECTION 4.** No part of the Bonds or any short-term obligations in anticipation thereof, the proceeds of which are intended to finance the PMC Project, shall be issued or sold unless and until the county council shall have approved and authorized the execution of, and King County and the City of Seattle's Pacific Hospital Preservation and Development Authority have entered into, an appropriate interlocal cooperation agreement defining the rights and duties of the respective parties with respect to the accomplishment of the PMC Project and the use of the proceeds of Bonds or short-term obligations in anticipation thereof.

**SECTION 5.** The county council finds that an urgent need exists for the Regional Health Care Capital Improvements Project and declares that an emergency exists requiring submission to the qualified electors of King County of a proposition authorizing the

issuance of the Bonds for the purposes described in section 2 of this ordinance at a special election to be held in conjunction with the general municipal election to be held on November 3, 1987.

The King County manager of records and elections as *ex officio* supervisor of elections is hereby requested to find the existence of such emergency pursuant to R.C.W. 29.13, and is requested to assume jurisdiction of and to call and conduct a special election and to submit to the qualified electors of King County the proposition set forth below. The clerk of the council is hereby authorized and directed to certify said proposition to the King County manager of records and elections in substantially the following form, with such additions, deletions or modifications as may be required by the King County prosecutor:

### KING COUNTY REGIONAL HEALTH CARE CAPITAL IMPROVEMENTS PROPOSITION NO. 1

Shall King County, to finance Harborview Medical Center's trauma center and certain capital improvements at Harborview and Pacific Medical Centers, and the Health Department's Columbia, East, South, Southwest and Renton Clinics, as provided in King County Ordinance 1896, issue up to \$99,800,000 of unlimited tax general obligation bonds with a maximum term of 20 years, on which principal and interest shall be payable from annual property tax levies in excess of regular property tax levies?

BONDS, YES  
BONDS, NO

Certification of such proposition by the clerk of the council to the King County manager of records and elections, in accordance with law prior to the date of such election on November 3, 1987, and any other act consistent with the authority of and prior to the effective date of this ordinance, are hereby ratified and confirmed.

**SECTION 6.** If any one or more of the provisions of this ordinance shall be declared unconstitutional or invalid for any reason, such decision shall not affect the validity of the remaining provisions of this ordinance, the Bonds or any short-term obligations issued in anticipation thereof, and this ordinance, the Bonds and any short-term obligations issued in anticipation thereof shall be construed and enforced as if such unconstitutional or invalid provision had not been contained herein.

INTRODUCED AND READ for the first time this 10th day of August, 1987.

cellaneous fire fighting and life saving equipment and the City does not have available sufficient funds to meet the estimated cost of such improvements; NOW, THEREFORE,

THE CITY COUNCIL OF THE CITY OF PACIFIC, WASHINGTON, DOES ORDAIN AS FOLLOWS:

**Section 1.** The City shall acquire one or more new fire engines and other fire fighting and life saving equipment, the estimated cost of which, including the cost of issuing and selling the bonds provided for in this ordinance, is declared to be as nearly as may be the sum of \$250,000.

**Section 2.** The City shall borrow not to exceed \$250,000 on the credit of the City and issue and sell its general obligation bonds therefor for strictly municipal capital purposes, other than the replacement of equipment, to provide the funds in the amount and for the purposes specified in Section 1 of this ordinance. Costs of engineering, planning, financial, legal and other services lawfully incurred incident to the purposes specified in Section 1 of this ordinance shall be appropriate capital costs to be paid from the proceeds of the bonds provided for by this ordinance.

**Section 3.** The general obligation bonds authorized by this ordinance shall bear interest, shall mature within five years from date of issue, but may mature within a lesser time (the life of the improvements to be acquired by the issuance of bonds is found to be at least five years) in such amounts, and shall be sold in such manner as the City Council of the City shall determine. The bonds shall be paid by annual property tax levies made in excess of regular property tax levies without limitation as to rate or amount sufficient in amount to pay the principal of and interest on the bonds when due, and the bonds shall so provide. The date, interest rate or rates, maturities, option of prior redemption, form and covenants of the bonds shall be fixed hereafter by ordinance of the City Council and the bonds shall be issued and sold when required in one or more series, and may be combined with any other series of general obligation bonds concurrently or hereafter authorized. Pending the issuance of the bonds and receipt of proceeds thereof, the City Council may authorize interim interest-bearing warrants or other short-term obligations to pay for carrying out the purposes of the bonds, and the costs of such

warrants or short-term obligations shall be included in the costs of those purposes.

**Section 4.** The City Council finds that an emergency exists requiring the making of the improvements herein described, and the Director of Records and Elections of King County, Washington, is requested to concur in the finding of the existence of an emergency and to call and conduct a special election to be held in the City on November 3, 1987, in conjunction with the State general election to be held on the same date, for the purpose of submitting to the qualified electors of the City for their approval the questions of whether or not the City shall borrow not to exceed \$250,000, issue its general obligation bonds therefor for capital purposes only, other than replacement of equipment, and levy excess taxes necessary to redeem the bonds as herein set forth.

**Section 5.** The City Clerk is directed to certify to the Director of Records and Elections of King County, Washington, at least 45 days prior to the November 3, 1987 special election date, a copy of this ordinance and the proposition to be submitted at that special election in the form of a ballot title as follows:

PROPOSITION  
GENERAL OBLIGATION  
BONDS - \$250,000

Shall the City of Pacific, Washington, borrow \$250,000 to acquire one or more new fire engines and other miscellaneous fire-fighting and life-saving equipment by selling general obligation bonds therefor maturing within five years and levy annual excess property taxes necessary to redeem the bonds, all as provided in Ordinance No. 1016?

## MAJOR POLITICAL PARTY CAUCUS AND CONVENTION PROCEDURES

---

In Washington State, the candidates for most offices which appear on the state general election ballot are nominated at a primary election. The most important exception to this procedure is the nomination of candidates for the positions of President and Vice President. This information is presented to familiarize Washington voters with the process by which the nominees for President and Vice President are determined and how Washington residents can participate in that selection process. This section is detachable so that you may keep it after the election for reference.

Delegates to the national nominating conventions of the major political parties from Washington are selected through a system of precinct caucuses, county or legislative district conventions, and finally, the state convention. The first step in this process is the precinct caucus, a neighborhood-level meeting open to all of the members of a particular political party. Precinct caucuses are held in each precinct of the state in the early spring of each presidential year. Individuals are elected from each precinct to attend the legislative district or county convention where the delegates to the state convention are chosen. The delegates to the state convention select the delegates to the national convention at which the presidential and vice-presidential nominees are selected. In addition to the selection of delegates, those persons attending party caucuses and conventions have the opportunity to determine the party platform, vote on resolutions, and meet party candidates for a variety of local, state and national offices.

### DATES OF PRECINCT CAUCUSES AND CONVENTIONS

	<b>Republicans</b>	<b>Democrats</b>
Precinct caucuses	March 8, 1988	March 8, 1988
County conventions	April-June 1988*	April 23, 1988
District conventions	April-June 1988*	April 30, 1988
State convention	July 15-16, 1988	June 11-12, 1988
Location of state convention	Tacoma	Olympia-Tumwater-Lacey

\*Information on the time of all of the caucuses and conventions was not complete at the time this publication was prepared.

### RULES AND PROCEDURES

Each political party has the authority under state law to adopt rules to govern the delegate selection process and other party activities which occur in conjunction with the caucuses and conventions. These party rules specify the number of delegates from each precinct to the county or legislative district convention, the number of delegates from each legislative district or county convention to the state convention, and the procedural rules for conducting the caucuses and conventions. The delegate allocation formulas are usually based on population or a combination of population and the number of votes certain candidates for that party received in the precinct, district or county. A copy of the rules of either party should be available from the state committee of that party in advance of the time precinct caucuses are held.

### ADDITIONAL INFORMATION

The dates and locations of all party caucuses and conventions receive advance press coverage and are generally advertised by the parties. Specific questions you have about any aspect of the nominating procedure may be directed to the state committee of the respective party. They may be able to respond to your inquiry directly or they may refer you to either your precinct committeeperson or your county or district chairperson. The addresses and telephone numbers of the state committees are as follows:

## INDEPENDENT CANDIDATE AND MINOR PARTY NOMINATING PROCEDURES

---

This summary of the procedures governing the nomination of independent and minor party candidates is not meant to be inclusive. Persons interested in being nominated in this manner should consult Chapter 29.24 of the Revised Code of Washington or obtain more detailed information from the office of the Secretary of State, P.O. Box 9000 (AS-22), Legislative Building, Olympia, WA 98504.

### NOMINATING CONVENTION

Any nomination of a candidate for partisan political office other than by major political party must be made by a convention held on the last Saturday preceding the filing period. In 1988, this will be July 23. Notice of the intention to hold a nominating convention must be published in a newspaper of general circulation within the county in which the convention is to be held at least ten days before the date of the convention. A number of registered voters equal to one for each 10,000 voters who voted in the jurisdiction for which each nomination is made or twenty-five such voters, whichever number is greater, must attend the nominating convention and sign the nominating petition for the candidates who are nominated.

### CERTIFICATE OF NOMINATION

The signatures and addresses of the registered voters who attended the convention and a record of the proceedings of the convention must be submitted to the office of the Secretary of State no later than the last day allowed for candidates to file for office. In 1988 this deadline is July 29. Any candidate who is nominated at an independent or minor party convention must file a declaration of candidacy with the Secretary of State and pay the filing fee required for the office sought. (A nominating petition containing signatures of registered voters equal to the dollar amount of the filing fee is permitted for those candidates without sufficient assets or income to pay the filing fee.) The names of all of the candidates who have been nominated by convention will be printed on the primary election ballot together with the major party candidates for their respective offices. With the exception of candidates for the offices of President and Vice President, no candidate may have his or her name printed on the general election ballot unless he or she receives at least one percent of the total votes cast for that office in the partisan primary.

## WASHINGTON STATE VOTER INFORMATION

---

### VOTER REGISTRATION

#### Qualifications for registering:

1. You are a U.S. citizen by birth or naturalization.
2. You will be 18 or older on the day of the primary or general election.
3. You are a legal resident of the state of Washington.

#### When to register:

Anytime, but you must register 30 days before the election to be qualified to vote. The voter registration deadline for the 1987 state general election is October 3, 1987.

#### Where to register:

You must register in person at the **King County Division of Records and Elections** or before a city or town clerk or deputy voter registrar. Deputy registrars are located in most public schools, some fire stations and state offices. Contact **Records and Elections at 344-5265** for the location of the registration facility nearest to you.

#### When it is necessary to re-register:

You must re-register only if:

1. You did not vote in the previous 24-month period, or
2. You did not vote in the 1984 presidential election, or
3. You have moved from one county to another, or
4. You have legally changed your name.

To be eligible to vote, you must re-register 30 days before the election. Keep your registration current. Your registration remains valid as long as you exercise your right to vote!

#### If you move, you must transfer your registration:

If you move within a county, you should also change your voter registration. This can be done before a deputy voter registrar or by mail. If you mail the information, include both your old and new addresses and your signature and forward to **Records and Elections Division, 553 King County Administration Building, Seattle, WA 98104**. To be eligible to vote in your new precinct, you must transfer your registration 30 days before the election.
