We Can't Believe It! One Left – MAX!

MAX: at 2 years old and almost 11lbs, this Pomeranian/Chi Mix is quite the happy boy! Max gets along with other dogs, whether large or small - and as an added plus, cats! He is also best with teenage and older children. Pom's and Chi's have a long life expectancy – up to 15yrs –and are good for apartment living (they still need daily walks and some time to romp around). Don't

forget, with that beautiful coat, Max will need to get brushed quite often. If you work from the head, parting the coat and brushing it forward, it will fall neatly back in place.

Sadly, Max's people came on to hard times, and had to give him up. He is a master of the commands he's learned, and has opened up after coming in a bit on the sad and grieving side. But here's the happy news...you now have the opportunity to give Max his new forever, loving home! He's waiting just for you! (NB PAWS)

The top 5 most popular dogs in America, according to the AKC, are the Labrador Retriever, German Shepherd, Golden Retriever, Beagle, and Bull Dog. Except for a beagle who took Best in Show in 2008, none of the breeds has won Westminster Best in Show within the last 20 years. According to ABC News, this is in part because these breeds are considered "honest dogs," that don't require the fancy grooming the show is tailored to reward.

~Painted Paws and Olympians for Sochi Dogs~

New Apparel to Fund Rescue Efforts: Needham, MA, February 6, 2014: The top dogs just released a new "Painted Paws" graphic to help benefit those trying to rescue Sochi's stray dog population. Says *Teddy the Dog* owner, Ted Pidcock, "We initially created the graphic just for fun. But when we heard of the issues surrounding the treatment of stray dogs in Sochi, we realized we couldn't just stand by idly. Our fans and customers love dogs. We love dogs." The company decided to switch into fundraising mode once the story of the Sochi dogs broke. Now, profits from the sales of the Painted Paws items will go towards efforts to rescue these animals and raise awareness. www.teddythedog.com

"Congratulations from Teddy to all the Dogs and Volunteers involved with the Freedom Tails Program. You guys should be proud...that is an incredible number of saved dogs."

Thanks
